Introduction 1
Introduction.xls

PART I. THE THEORY OF CONSUMER BEHAVIOR

1.1. Budget Constraint
1.1.1. Budget Constraint 11
BudgetConstraint.xls

1.2. Satisfaction
1.2.1. Preferences 19
Preferences.xls
1.2.2. Utility Functions 28
Utility.xls

1.3. Optimal Choice
1.3.1. Initial Solution for the Consumer Choice Problem 39
OptimalChoice.xls
1.3.2. More Practice and Understanding Solver 52
OptimalChoicePractice.xls
1.3.3. Food Stamps 62
FoodStamp.xls
USGovBudget.xls
1.3.4. Cigarette Taxes 76
CigaretteTaxes.xls
StateExciseTaxData.xls

1.4. Comparative Statics
1.4.1. Engel Curves 91
EngelCurves.xls
1.4.2. More Practice with Engel Curves 104
EngelCurvesPractice.xls
1.4.3. Deriving an Individual Consumer's Demand Curve 110
DemandCurves.xls
1.4.4. More Practice Deriving Demand Curves 118
DemandCurvesPractice.xls
1.4.5. Giffen Goods 124
GiffenGoods.xls
1.4.6. Income and Substitution Effects 131
IncSubEffects.xls
1.4.7. More Practice with Income and Substitution Effects 144
IncSubEffectsPractice.xls
1.4.8. A Tax/Rebate Proposal 149
TaxRebate.xls

1.5. Endowment Model
1.5.1. Introduction to the Endowment Model 157
EndowmentIntro.xls
1.5.2. Intertemporal Consumer Choice 166
IntertemporalChoice.xls
1.5.3. An Economic Analysis of Charitable Giving 176
Charity.xls
1.5.4. An Economic Analysis of Insurance 185
Insurance.xls

1.6. Bads
1.6.1. Risk Versus Return: Optimal Portfolio Theory 197
RiskReturn.xls
1.6.2. Automobile Safety Regulation 207
LaborSupply.xls
SafetyRegulation.xls
1.6.3. Labor Supply 217

1.7. Search Theory
1.7.1. Fixed Sample Search 231
FixedSampleSearch.xls
1.7.2. Sequential Search 241
SequentialSearch.xls

1.8. Behavioral Economics
1.8.1. Behavioral Economics 251
Melioration.xls

PART II. THE THEORY OF THE FIRM

2.1. Production Function
2.1.1. Production Function 267
ProductionFunction.xls

2.2. Input Cost Minimization
2.2.1. Initial Solution for Input Cost Minimization 281
InputCostMin.xls
2.2.2. Enfield Arsenal 290
DerivingCostFunction.xls
2.2.3. Deriving the Cost Function 301
2.2.4. Cost Curves 309
CostCurves.xls

2.3. Output Profit Maximization
2.3.1. PCSR Output Initial Solution 323
OutputProfitMaxPCSR.xls
2.3.2. Deriving the Supply Curve 335
DerivingSupply.xls
2.3.3. Diffusion and Technical Change 341
DiffusionTechChange.xls

2.4. Input Profit Maximization
2.4.1. Initial Solution for Input Profit Maximization 357
InputProfitMax.xls
2.4.2. Deriving Demand for Labor 366
DerivingDemandL.xls

2.5. Consistency in the Theory of the Firm
2.5.1. Consistency in the Theory of the Firm 379
Consistency.xls

2.6. Monopoly
2.6.1. Monopoly 391
Monopoly.xls

2.7. Game Theory
2.7.1. Game Theory 409
GameTheory.xls
RockPaperScissors.xls

PART III. THE MARKET SYSTEM

3.1. Partial Equilibrium
3.1.1. Supply and Demand 427
NFLSalaryData.xls
SupplyDemand.xls
