Activity patterns, 135
Adaptation, 37, 40–41, 52, 58, 104–106, 122, 127, 199, 275
Adaptive
  landscape, 48, 52–53
  management, 18, 29, 30, 214, 235, 247
African wild dog, 105, 114, 257
Age structure, 52, 255
Aggressive behavior, 17, 127, 138, 194, 291, 294, 364
Agriculture, 149
Alarm call, 69, 280, 282, 294
Alien species, 15, 369, *See also* Invasive species
Allee effect, 12, 15, 27, 103, 104–106, 113, 220, 226, 230, 235, 254, 259, 337–338, 344
Allele, 10, 36, 37
Anchoring, 232, 233, 236
Anthropocentric, 7, 185
Anti-predator behavior, 15, 77, 96, 98–99, 104, 107, 114, 220, 223, 236, 277, 279–290, 355
Apprehension, 218, 229, 326–330
Arabian oryx, 84, 228, 232, 312
Arctic, 354
Artificial feeding tray, 319, 321–324
Associative learning, 66, 68–73, 75, 79, 81, 124, 125, 136, 279

Baltic tellin, 308, 309
Barridor, 196
Barrier, 43, 176, 190, 196, 353
Behavioral
  diversity, 15, 30, 121–127
  flexibility, 3, 16–18, 47, 48–59, 75, 93, 96, 121–141, 197, 198–200, 215–217, 224, 275, 276, 293
  indicator, 27, 28, 29, 84–85, 219, 307–371
  modification, 53, 66, 215, 223, 236, 275–296
  naïveté, 99, 128, 217, 278
  plasticity, 15, 47–59, 75, 102, 121–141, 185, 227, 268
  rigidity, 48, 57, 95–115, 123
  syndrome, 140, 193, 194
  variation, 47, 49, 53–54, 56, 84, 122, 126, 130–134, 193
Behaviorally Mediated Trophic Cascade (BMTC), 367, 368
Belongingness, 71, 74
Biodisparity, 10
Biodiversity, 4, 7–11, 26, 30, 179, 338, 340, 343, 353, 357
  threats to, 11–14, 15, 294
Biogeography, 8, 176, 178
Black-tailed prairie dog, 234, 277, 280, 286, 288, 294
Boldness, 17–18, 74, 126, 132, 193, 195, 198, 213, 294
Brain size, 75, 131–132, 215
Brown tree snake, 13
Brown-headed cowbird, 156, 162
Bush encroachment, 365, 369
By-catch, 12

California condor, 110–111, 214, 229, 295
Camera trap, 181, 197, 326
Captive breeding, 98, 147, 219, 223, 225, 248, 275–278, 280, 295
Carrying capacity, 133, 307, 324–326, 333, 343
Catastroph, 42, 130, 326
Climate change, 4, 13–14, 96, 135, 250, 253, 305, 320, 353–361
Coexistence
  between humans and wildlife, 18, 177, 180, 183, 196, 200
  between species, 338–341
Cognition, 74, 96, 101, 132, 218, 278, 279, 293
Communication, 83, 99–100, 187, 291, 353, 363
Community shift, 366–369
