SUMMA THEOLOGIÆ

NOW AVAILABLE AS A COMPLETE SET 60 VOLUMES, PLUS ONE INDEX VOLUME

... The set is a masterful study guide ... ??

MARK JORDAN, DEPARTMENT OF RELIGION, EMORY UNIVERSITY

THE COMPLETE PAPERBACK SET OF SUMMA

Summa Theologiæ

60 volumes, plus one index volume

The Summa Theologiæ ranks among the greatest documents of the Christian Church, and is a landmark of medieval western thought. It is regularly consulted by scholars of theology, philosophy and a range of related academic disciplines. This paperback reissue of the classic Latin/English edition first published by the English Dominicans in the 1960s and 1970s has been undertaken in response to regular requests from around the world.

The original text is unchanged, except for the correction of a small number of typographical errors. The parallel English and Latin texts can be used successfully by anybody with a basic knowledge of Latin, while the presence of the Latin text allowed the translators a degree of freedom in adapting their English version for modern readers. Each volume contains a glossary of technical terms and is designed to be complete in itself to be used for private study or as a course text.

- The monumental Latin/English facing-page edition of the entire Summa Theologiæ by the English Dominicans reissued in paperback
- A landmark of medieval western theology and philosophy
- A vital resource for scholars and students from across the humanities, of all faiths and none

The Blackfriars Summa refuses to redumonotone. Its expert translators are always how best to render him into contemporary Enever lose sight of the rich Latin on the faci masterful study guide, but it is also a grand to think with Thomas, respectfully and vividence.

ION,

The news that Cambridge University Press has made available again the incomparable Blackfriars Summa will be greeted with enthusiasm, especially now when Aquinas's theological work is the focus of lively interest among scholars and students. Conceived and edited by the English Dominican friars under Fr. Thomas Gilby, each volume has a readerfriendly format: Latin original and English translation on facing pages with helpful footnotes at the bottom, and splendid appendices and indices at the back. Some of the volumes of this remarkable series have already become

classics in their own right, and each provides an accessible point of entry into one of the greatest classics of Western theology.

AUGUSTINE DI NOIA, O. P. CONGREGATION FOR THE DOCTRINE OF THE FAITH

The reprinting in a paperback edition of the sixty volumes of the Blackfriars' Summa is a timely event. With its copious notes, appendices, indices, and glossary, the reader of these volumes will have valuable tools at his or her disposal. The new paperbacks will be welcomed by both the newcomer to Aquinas as well as the seasoned Thomist.

PETER CASARELLA,
ASSOCIATE PROFESSOR, SCHOOL OF THEOLOGY
& RELIGIOUS STUDIES, CATHOLIC UNIVERSITY OF AMERICA
