Pilgrimage
The English Experience from Becket to Bunyan
Edited by Colin Morris, University of Southampton
and Peter Roberts, University of Kent, Canterbury

Pilgrimage was a central feature of medieval English life which affected history, politics, art and literature. The shrines were destroyed during the Reformation and pilgrimage stopped, yet the idea of pilgrimage continued refashioned – in Protestant theology. By reaching beyond the Reformation to explore the transformation of the idea of the pilgrim, this book confronts the religious experience of the English laity over half a millennium.

- A unique serious study of the meaning and idea of pilgrimage in medieval and early modern English society
- Offers an interdisciplinary approach, exploring elements of medieval art, politics, literature and religion

The Beginnings of English Protestantism
Edited by Peter Marshall, University of Warwick
and Alec Ryrie, University of Birmingham

This collection of essays examines the traumatic religious upheavals of early- and mid-sixteenth century England from the point of view of the early Protestants, a group which has been seriously neglected by recent scholarship. Here, leading British and American scholars re-examine early Protestantism, arguing that it was a complex movement which could have gone in a number of directions. They also examine its approach to issues of gender roles, the place of printing and print culture, and the ways in which Protestantism continued to be influenced by medieval religious culture.

Contributors: Peter Marshall, Alec Ryrie, Richard Rex, Ethan H. Shagan, Susan Wabuda, Thomas Freeman, Andrew Pettegree, John N. King, Patrick Collinson

- All new research pieces, offering both case-studies and broader thematic analyses
- Contributors are some of today's leading scholars working on the Reformation

Popular Politics and the English Reformation

Ethan H. Shagan, Northwestern University, Illinois

This is a study of popular responses to the English Reformation, analysing how ordinary people received, interpreted, debated, and responded to religious change. It argues that the subject cannot be understood simply by asking theological questions about people’s beliefs, but also must be understood by asking political questions about how they negotiated with state power.

Patterns of Piety

Women, Gender and Religion in Late Medieval and Reformation England

Christine Peters, The Queen’s College, Oxford

This book reinterprets the transition from Catholicism to Protestantism in the English Reformation, and explores its implications for an understanding of women and gender. It argues that late medieval Christo-centric piety shaped the nature of the Reformation, reassessing assumptions about the ‘loss’ of the Virgin Mary and the saints.

Preaching during the English Reformation
Susan Wabuda, Fordham University, New York

This is a study of the religious culture of sixteenth-century England, centred around preaching, and is concerned with competing forms of evangelism between humanists of the Roman Catholic Church and emerging forms of Protestantism. It is about ‘God’s Word’ and sixteenth-century spirituality, and explores shifts in political power towards Protestantism.

- A fundamental contribution to the history of the transition from English Catholicism to Protestantism
- Offers new perspectives on subjects such as the ‘Name of Jesus’ and Anne Boleyn

The Politics of Religion in the Age of Mary, Queen of Scots
The Earl of Argyll and the Struggle for Britain and Ireland
Jane E. A. Dawson, University of Edinburgh

This book explains how the political crises of the mid-sixteenth century moulded the future political shape of the British Isles. Its central figure is the fifth earl of Argyll, the brother-in-law of Mary, Queen of Scots, and the major force throughout the Scottish Highlands and Lowlands.
Wesley and the Wesleyans
Religion in Eighteenth-Century Britain
John Kent, University of Bristol

This book will interest anyone concerned with the history of Methodism and the Church of England, the Evangelical tradition, and eighteenth-century religious thought and experience. The book starts from the assumption that there was no large-scale religious revival during the eighteenth century. The Wesleys’ achievements are reassessed; there is fresh, unsentimental description of the role of women in the movement, and an unexpectedly sympathetic picture emerges of Hanoverian Anglicanism.

Politics, Religion and Popularity in Early Stuart Britain
Essays in Honour of Conrad Russell
Edited by Thomas Cogswell, University of California, Riverside
Richard Cust, University of Birmingham
and Peter Lake, Princeton University

Important new contributions to the debate about the causes of the English Civil War.

‘A well-argued book.’
John Munsey Turner, Methodist Recorder
‘Professor Kent’s study is incisive.’
Dr James Munson, Contemporary Review
Holy Rulers and Blessed Princesses
Dynastic Cults in Medieval Central Europe
Gábor Klaniczay, Central European University and Eötvös Loránd University, Budapest
Translated by Eva Pálmai

In the central middle ages most royal dynasties included saints in their family. Building upon a series of case studies from Hungary and central Europe, Gábor Klaniczay proposes an original new synthesis of the multiple forms and transformations of royal and dynastic sainthood.

Convent Theatre in Early Modern Italy
Spiritual Fun and Learning for Women
Elissa B. Weaver, University of Chicago

A pioneering study of convent theatre in early modern Italy, an all-female dramatic tradition popular in its time but now virtually forgotten. It reveals much about convent authors, convent education, the high level of the nuns’ literacy, and the surprisingly close relationship between the convent and secular culture.

Law and Protestantism
The Legal Teachings of the Lutheran Reformation
John Witte, Jr, Emory University, Atlanta
Foreword by Martin E. Marty, University of Chicago

- Investigates the relationship between the law and religious ideology in Luther’s Germany
- The first comprehensive analysis in English of its kind
- Includes a comprehensive bibliography of primary and secondary literature, a good deal of which is unknown in the English-speaking world

2002 228 x 152 mm 358pp 7 half-tones

Society and Culture in the Huguenot World, 1559–1685
Edited by Raymond A. Mentzer, University of Iowa and Andrew Spicer, University of Exeter
Contributors: Raymond A. Mentzer, Andrew Spicer, Timothy Watson, Luc Racaut, Philip Benedict, Penny Roberts, Mark Greengrass, S. Amanda Eurich, Karin Maag, Martin Dinges, Bernard Roussel, Alan James

- An interdisciplinary collection of new essays which offers new insights into the life and culture of the Huguenots in early modern France
- An important addition to the literature on a society which retains its influence among present-day Huguenot descendants

Calvinism and Religious Toleration in the Dutch Golden Age
Edited by R. Po-chia Hsia, Pennsylvania State University and Henk van Nierop, Universiteit van Amsterdam
Contributors: R. Po-Chia Hsia, Benjamin J. Kaplan, Willem Frijhoff, Judith Pollmann, Joke Spaans, Christine Kooi, Henk van Nierop, Samme Zijlstra, Peter van Rooden, Jonathan Israel, Maarten Prak

- Brings together an international group of leading to probe the history of the Dutch tradition of religious tolerance.
- A collection of outstanding essays that reconsiders and revises contemporary views of Dutch tolerance.
- Offers unexpected insights into this important topic in religious and cultural history.
Christianity in Revolutionary Europe, 1750–1830
Nigel Aston
University of Leicester

This book offers students an accessible and succinct summary of key developments in the confrontation between the Churches and the Enlightenment. The text is supported by illuminating illustrations, maps, and a helpful glossary, and will be of key interest to students of religious history and the French Revolution.

New Approaches to European History, 25

Prosperity and Plunder
European Catholic Monasteries in the Age of Revolution, 1650–1815
Derek Beales, University of Cambridge

In the Catholic countries of seventeenth- and early eighteenth-century Europe, communities of monks and nuns were growing in number and wealth. They constructed vast buildings, dominated education, and played a large part in the practice and patronage of learning, music, and the arts. This lavishly-illustrated book offers a unique, comparative description of these communities, their wealth, growth, life, and importance – and then explains their catastrophic decline and fall between 1750 and 1815 through reforming rulers, ‘Enlightenment’, and the French Revolution.

- Offers comparative discussion of religious communities across Europe
- Lavishly illustrated, this book will also appeal to the general reader
