An Introduction to Rights

William A. Edmundson

Georgia State University

This is the only accessible and readable introduction to the history, logic, moral implications, and political tendencies of the idea of rights. It is organized chronologically, and discusses important events, such as the French Revolution. As an undergraduate text it is well-suited to introductions to political philosophy, moral philosophy, and ethics. It could also be used in courses on political theory in departments of political science and government, and in courses on legal theory in law schools.

Publication 2005

The Limits of Law

Liam Murphy

New York University

An Introduction to Mill's Utilitarian Ethics

Henry West

MacAlester College, Minnesota

Mill was the leading British philosopher of the nineteenth century and his famous essay *Utilitarianism* is the most influential statement of the philosophy of utilitarianism. Henry West has written the most up-to-date and user-friendly introduction to utilitarianism available. The book serves as a commentary to and interpretation of the text.

Wittgenstein's Philosophical Investigations

An Introduction

David Stern

University of Iowa

In this new introduction to a classic philosophical text, David Stern examines Wittgenstein's *Philosophical Investigations*. His book is accessible to readers with no previous background in philosophy. It is well-suited to university-level courses on Wittgenstein, but can also be read with profit by students in other disciplines.
