A new and exciting textbook from Cambridge

Language and Sexuality

www.cambridge.org/linguistics
This lively and accessible textbook looks at how we talk about sex and why we talk about it the way we do. Drawing on a wide range of examples, from personal ads to phone sex, from sadomasochistic scenes to sexual assault trials, the book provides a clear introduction to the relationship between language and sexuality. Using a broad definition of ‘sexuality’, the book encompasses not only issues surrounding sexual orientation and identity but also questions about the discursive construction of sexuality and the verbal expression of erotic desire.
Gender and Politeness

Sara Mills
Sheffield Hallam University

Gender and Politeness challenges the notion that women are necessarily always more polite than men as much of the language and gender literature claims.

- Challenges assumptions about women’s politeness
- Focuses on the conversational strategies used to avoid giving offence and shows how they relate to questions of gender
- Mills is an experienced and successful author and has written or edited ten books on feminist post-colonial theory and feminist linguistics

Contents
