Anthony, xvi
Anum, dental and alveolar stops, 21
— labial velar approximants, 25
— labial velar stops, 9
— phonological contrasts, 53
Armstrong, 59
Arnott, 38, 45, 61, 64
Aspiration, 14
Avatime, bilabial fricative, 25
— phonological contrasts, 54
Bafut, phonological contrasts, 63
— velar fricatives, 28
— vowels, 33 ff.
Bambara, phonological contrasts, 49
Batonu, phonological contrasts, 50
Bazin, 49
Bell, 40
Berry, 19, 37, 38, 48, 50, 51, 53
Bilabial stops, 19
Bini, 4
— l and r, 29 ff.
— labial approximant, 26, Plate 33
— labial velar stops, 9, Plate 33
— nasals, 23
— phonological contrasts, 57
— velar fricatives, 28
Birom, labialized and palatalized consonants, 1, 31
Bloch and Trager, xv
Breath voice, 14
Bruens, 33, 63
Bura, labial alveolar stops, 11
— labial velar fricatives, 26 ff., Plate 14
— laryngealized consonants, 6, 16
— laterals, 29
— palatal fricatives and approximants, 28
— phonological contrasts, 64
Cama, aspiration, 14
Carnochan, 14, 31, 59, 64
Catford, 5, 14
Central vowels, 33
Chomsky, xv
Christaller, 52
Cine-radiology, xvi, xvii
Clicks, 7
Cockshott, xvi
Consonant clusters, 32
Consonant symbols, 1
Crosby and Ward, 49
Dagban, labial velar stops, 11
— nasals, 23
— phonological contrasts, 50
— uvular fricatives, 28
Delaosse, 56
Dental and alveolar stops, 18 ff.
Dental fricatives, 27
Dunstan, 33
Dyola, bilabial approximant, 25
— phonological contrasts, 46
Ehrie, see Cama
Edo, labial fricatives and approximants, 25 ff.
— nasals, 23
Effat, dental and alveolar stops, 21
— phonological contrasts, 51
Effik, glottal stop, 22
— phonological contrasts, 61
— velar fricatives, 28
— vowel harmony, 38
Ejectives, 5
English, glottal stop, 22
— laryngealized consonants, 17
Ewe, bilabial fricative, 25, Plate 11
— consonant clusters, 1
— dental and alveolar stops, 19 ff., Plate 8A
— dental and alveolar stops, 21
— l and r, 29
— phonological contrasts, 53
— tones, 42
Fant, xvi, xvii
Fante, labialized consonants, 20
— labial palatal approximant, 27
— prepalatal fricatives, 28
— phonological contrasts, 51
— vowel harmony, 37
Ferguson, 44
Fischer-Jergensen, xvi
F5, phonological contrasts, 56
Fortis consonants, 15
Fula, bilabial approximant, 25
— informants, xiii
— laryngealized consonants, 6, 17
— nasal compound stops, 24
— phonological contrasts, 45
— vowel length, 33
Gá, dental and alveolar stops, 21
— labial palatal approximant, 27
— nasals, 23
