Foreword xv

Preface xix

Section 1: Consent and refusal

1. **Informed consent: respecting patient autonomy** 3
Gail A. Van Norman
2. **Informed refusal – DNR orders in the patient undergoing anesthesia and surgery and at the end-of-life** 13
David M. Rothenberg
3. **Informed refusal – the Jehovah’s Witness patient** 19
James M. West
4. **Surrogate decision-making** 27
Elizabeth K. Vig, Allen Gustin, and Kelly Fryer-Edwards
5. **Informed consent and the pediatric patient** 33
David Clendenin and David B. Waisel
6. **Do not resuscitate decisions in pediatric patients** 39
Kelly N. Michelson and Joel E. Frader
7. **Consent in laboring patients** 44
Joanna M. Davies
8. **Maternal–fetal conflicts: cesarean delivery on maternal request** 49
Ruth Landau and Steve Yentis
9. **Consent for anesthesia for procedures with special societal implications: psychosurgery and electroconvulsive therapy** 55
Sadek Beloucif
10. **Ethical use of restraints** 61
Joan G. Quaine and David B. Waisel
11. **The use of ethics consultation regarding consent and refusal** 64
Susan K. Palmer

12. **Consent and cultural conflicts: ethical issues in pediatric anesthesiologists’ participation in female genital cutting** 69
Maliha A. Darugar, Rebecca M. Harris, and Joel E. Frader
13. **Communitarian values in medical decision-making: Native Americans** 74
Susan K. Palmer
14. **Informed consent for preoperative testing: pregnancy testing and other tests involving sensitive patient issues** 79
Gail A. Van Norman

Section 2. End-of-life issues

15. **The principle of double effect in palliative care: euthanasia by another name?** 87
Denise M. Dudzinski
16. **Surgical interventions near the end of life: “therapeutic trials”** 92
Carl C. Hug, Jr.
17. **Withholding and withdrawing life support in the intensive care unit** 97
Mark D. Siegel and Stanley H. Rosenbaum
18. **Discontinuing pacemakers, ventricular assist devices, and implanted cardioverter-defibrillators in end-of-life care** 103
Cynthiane J. Morgenweck
19. **Brain death** 108
Robert B. Schonberger and Stanley H. Rosenbaum
20. **Ethical issues in organ donation after cardiac death** 114
Richard L. Wolman
21. **Revising the Uniform Anatomical Gift Act – the role of physicians in shaping legislation** 123
Gail A. Van Norman and Michael DeVita

Contents

22. **Physician aid-in-dying and euthanasia** 128
 Alex Mauron and Samia Hurst

Section 3. Pain management

23. **Ethical considerations in interventional pain management** 137
 Andrea Trescot
24. **Conjoining interventional pain management and palliative care: considerations for practice, ethics and policy** 143
 James Giordano and Gerhard Höver
25. **Opioid therapy in addicted patients: background and perspective from the UK** 148
 William Notcutt
26. **Opioid therapy in addicted patients: background and perspective from the US** 154
 Jane C. Ballantyne and Joseph Klein

Section 4. Research and publication

27. **Ethics in anaesthesiology research using human subjects** 163
 A.M. Viens
28. **Animal subjects research Part I: Do animals have rights?** 168
 Nancy S. Jecker
29. **Animal subjects research Part II: Ethics of animal experimentation** 174
 Gail A. Van Norman
30. **Ethical function of human subjects review boards: a US perspective** 180
 Jeffrey H. Silverstein
31. **Research with vulnerable persons such as children and prisoners** 185
 Samia Hurst and Bernice Elger
32. **The ethics of research on pain and other symptoms for which effective treatments already exist** 193
 Monica Escher and Samia Hurst
33. **Quality improvement initiatives: when is quality improvement actually a form of human subjects research?** 199
 Michael A. Rie and W. Andrew Kofke

34. **Conflicts of interest in research funding** 204
 Michael Nurok and Carl C. Hug, Jr.

35. **Publication ethics: obligations of authors, peer-reviewers, and editors** 209
 Gail A. Van Norman and Stephen Jackson

Section 5. Practice issues

36. **The impaired anesthesiologist – addiction** 219
 Thomas Specht, Clarence Ward, and Stephen Jackson
37. **The impaired anesthesiologist – sleep deprivation** 224
 Steven K. Howard
38. **Ethical considerations regarding the disabled anesthesiologist** 230
 Jonathan D. Katz
39. **The abusive and disruptive physician** 235
 Stephen Jackson
40. **Sexual harassment, discrimination, and faculty–student intimate relationships in anesthesia practice** 240
 Gail A. Van Norman
41. **Conflicts of interest – industry gifts to physicians** 245
 Murali Sivarajan
42. **Disclosure of medical errors in anesthesiology practice** 250
 Karen Souter

Section 6. Anesthesiologists, the state, and society

43. **Physician conscientious objection in anesthesiology practice** 257
 Cynthia J. Morgenweck and Stephen Jackson
44. **The ethics of expert testimony** 261
 Louise B. Andrew
45. **Ethical principles regarding physician response to disasters: pandemics, natural disasters, and terrorism** 266
 Susan K. Palmer
