## Contents

	<i>Volume editors' preface</i>	page vii
	<i>Series editor's preface</i>	xi
	<i>List of contributors</i>	xiii
<b>I</b>	<b>Survey papers</b>	
1	Survey of continuous time econometrics <i>A. R. Bergstrom</i>	3
2	Dynamic disequilibrium economics: history, conceptual foundations, possible futures <i>Claude Hillinger</i>	27
3	The role of continuous time disequilibrium models in macroeconomics <i>Clifford R. Wymer</i>	67
<b>II</b>	<b>Continuous time models</b>	
4	Nonlinear estimation of a nonlinear continuous time model <i>Giancarlo Gandolfo, Pier Carlo Padoan, Giuseppe De Arcangelis, &amp; Clifford R. Wymer</i>	127
5	Endogenous regime switching in a model of accumulation, credit, and monetary policy <i>D. Delli Gatti, M. Gallegati, &amp; P. C. Padoan</i>	151
6	A note on continuous time dynamic disequilibrium macroeconomic modeling of the United Kingdom <i>K. B. Nowman</i>	185
7	Evaluation of discrete and continuous time dynamic models by spectral methods with an application to automobile demand <i>Michael Reiter</i>	197

Table of Contents

[More information](#)

vi	<b>Contents</b>	
8	A continuous time method for modeling optimal investment subject to adjustment costs and gestation lags <i>Peter A. Zadrozny</i>	231
	<b>III Business cycles and growth</b>	
9	Monopolistic price setting, subjective demand, and the business cycle <i>Alfred Maussner</i>	263
10	The G7 countries: a multivariate description of the business cycle stylized facts <i>Ulrich Woitek</i>	283
	<b>IV Tests for nonlinearity</b>	
11	Comparisons of the available tests for nonlinearity and chaos <i>William A. Barnett, A. Ronald Gallant, Melvin J. Hinich, Mark Jensen, &amp; Jochen Jungeilges</i>	313
12	Testing for nonlinearity in the exchange-rate series: an empirical investigation of the lira/dollar spot rate <i>Laura Sabani</i>	347
	<b>V Rationing and disequilibrium dynamics</b>	
13	Dynamic stochastic choice modeling of disequilibrium in an economy <i>B. Dejon, F. Graef, H.-J. Meier, &amp; J. Novotný</i>	365
14	Nonlinear models of employment adjustment <i>Werner Smolny</i>	395
15	A simulation study of disequilibrium price dynamics <i>Claus Weddepohl</i>	421
	<b>VI Demographic and international applications</b>	
16	Disequilibrium in the Canadian population distribution <i>William P. Anderson &amp; Yorgos Y. Papageorgiou</i>	447
17	Optimality of the target-zone regime <i>Giuseppe De Arcangelis</i>	475
18	Neighborhood feedbacks, endogenous stratification, and income inequality <i>Steven N. Durlauf</i>	505
