Introduction

Who this book is for

Complete IELTS Bands 5–6.5 is a short preparation course of 50–60 classroom hours for students who wish to take the Academic module of the International English Language Testing System (IELTS). It teaches you the reading, writing, listening and speaking skills that you need for the exam. It covers all the exam question types, as well as key grammar and vocabulary which, from research into the Cambridge Learner Corpus, are known to be useful to candidates doing the test. If you are not planning to take the exam in the near future, the book teaches you the skills and language you need to reach an upper-intermediate level of English (Common European Framework (CEF) level B2).

What the book contains

In the Student’s Book there are:

- eight units for classroom study, each containing:
  - one section on each of the four papers in the IELTS exam. The units provide language input and skills practice to help you to deal successfully with the tasks in each section.
  - a range of enjoyable and stimulating speaking activities designed to enable you to perform to the best of your ability in each part of the Speaking test and to increase your fluency and your ability to express yourself.
  - a step-by-step approach to doing IELTS Writing tasks.
  - key grammar activities and exercises relevant to the exam. When you are doing grammar exercises, you will sometimes see this symbol: 📚. These exercises are based on research from the Cambridge Learner Corpus and they deal with the areas which cause problems for students in the exam.
  - vocabulary related to IELTS topics. When you see this symbol by a vocabulary exercise, the exercise focuses on words which IELTS candidates confuse or use wrongly in the exam.
  - a unit review. These contain exercises which revise the vocabulary and grammar that you have studied in each unit.
  - Speaking and Writing reference sections which explain the tasks you will have to do in the Speaking and Writing papers. They give you examples, together with additional exercises and advice on how best to approach these two IELTS papers.

- a Language reference section which clearly explains all the areas of grammar and vocabulary covered in the book and which will help you in the IELTS exam.

- a complete IELTS practice test.

- eight photocopiable word lists (one for each unit) containing topic-based vocabulary found in the units, accompanied by a definition supplied by a corpus-informed Cambridge dictionary.

- complete recording scripts for all the listening material.

- complete answer keys.

- a CD-ROM which provides you with many interactive exercises, including further listening practice exclusive to the CD-ROM. All these extra exercises are linked to the topics in the Student’s Book.

Also available are:

- two audio CDs containing listening material for the eight units of the Student’s Book plus the Listening Test in the IELTS practice test. The listening material is indicated by different coloured icons in the Student’s Book as follows: 🎧 CD1, 🎧 CD2.

- a Teacher’s Book containing:
  - step-by-step guidance for handling all the activities in the Student’s Book.
  - a large number of suggestions for alternative treatments of activities in the Student’s Book and suggestions for extension activities.
  - advice on the test and task types for teachers to pass on to students.
  - extra photocopiable materials for each unit of the Student’s Book, to practise and extend language.
  - complete answer keys, including sample answers to writing tasks.
  - four photocopiable progress tests, one for every two units of the book.
  - eight photocopiable word lists (one for each unit) taken from the International Corpus which extend the vocabulary taught in the units. Each item in the word list is accompanied by a definition supplied by a corpus-informed Cambridge dictionary.

- a Workbook containing:
  - eight units for homework and self-study. Each unit contains full exam practice in one part of the IELTS Reading and Listening papers.
  - further practice in analysing the tasks from the Writing paper and writing answers.
  - further practice in the grammar and vocabulary taught in the Student’s Book.
  - an audio CD containing all the listening material for the Workbook.
