## Index

- \* alternative descriptors for power cycle dynamic (changing systems structure)
- accommodation of legitimate interests:  
 adapt and adjust role/status to rising power, 177–80, 182–6; failure, cause of W.W.I, 151–3, 160–5; current system, 242
- Afanasev, Yurii, 211
- Afghanistan, 197, 200, 242
- Africa, 74, 153, 183, 210
- Ajami, Fouad, 210
- Akhromeyev, Marshal, 205
- Albertini, Luigi, 129–31
- Alexandroff, Alan, 179
- Allen, G. C., 76
- alliances, xv, 237; buttress structural weakness, 119, 150–2; coalitional, 53–4; escalation, 122, 138–9; meg-alliance, 254–5; phases, 104–7; redefine, 184–5; shift burdens, 181; shifting, 144
- Allison, Graham, 25
- Alsace-Lorraine, 162
- anarchy, 167
- Anderson, Paul, 28, 42
- Angola, 210, 242
- appeasement: of aggression, xvi, 157–8, 242; of legitimate interests, *see* accommodation
- Aristotle, 146
- arms control, 241
- arms race: inverted expectations, 36–40, 125; in W.W.I, 163; U.S.–Soviet, 240
- Art, Robert J., 220
- Ascher, William, 96
- ASEAN, 240
- Asia: 74, 249; southeast, 156
- Aspaturian, Vernon V., 200
- assimilation of hegemonic state, 7, 256
- Austria-Hungary: 56, 69, 143; delusions at inflection, 129–31, 137–8; power cycle, 71, 74–5, 126; role surplus, 129–30, 152–3, 157; structural incongruities, 120, 127, 135
- Austro-Prussian War of 1866, 184
- Axelrod, Robert, 116
- Azerbaijan, 209
- Baily, M. N., 218
- Bairoch, Paul, 52
- balance, shifting: *see* tides of history
- balance and opposition to illegitimate interests: to declining power's demands for increased role, 177–82; failure, cause of W.W.II, 154–65
- balance of power: assessment, 145–8; critiques, 144; failure in 1914, 138–40; as function and system, 143–4; ignores interests, 150–1; static horizontal chessboard, xvii, 148–50
- Baldwin, David, 45
- Balkans, 129, 135, 152
- Barnett, A. Doak, 78
- Barnett, Harold J., 61
- Baumont, Maurice, 155–6, 158
- Bayne, Nicholas, 183
- Bay of Pigs, 197
- Behrens, William W., 223
- Beitz, Charles, 190
- Bell, Daniel, 223
- Bergson, Abram, 199, 204
- Berman, Larry, 198
- Berman, Maureen R., 179
- Bernardi, Aurelio, 214
- Bestuzhev, I. V., 126, 128
- Betts, Richard K., 29, 198
- bipolarity, xi, 193
- Bismarck: wars of unification, 7; shifting coalitions, 24, 75, 138, 157, 253
- Black Death, 60
- Blainey, Geoffrey, 110

## INDEX

 Britain, 56, 144–5, 230; colonies, 153, 183;  
 dilemma of peaceful change, 131–2;  
 geostrategy, 143–4; grand strategy,  
 161–2; illusions, 137; myth of  
 hegemony, 119–20; power cycle, 71,  
 73–4, 194–5; role surplus, 127, 135–7,  
 151–3, 157  
 Bronshtein, I. N., 260  
 Brown, Harrison, 77  
 Brzezinski, Zbigniew: Soviet geostrategy,  
 210; future strategic policy, 252  
 Buchanan, James M., 229  
 Buchanan, Sir George, 128  
 Bueno de Mesquita, Bruce, 27–8  
 Burckhardt, Carl J., 70  
 Byzantine empire, decline of, 215
- Calleo, David P., 79  
 Cambodia, 197, 210  
 Camp David accords, 145  
 Canada, 46, 145, 181, 183, 206, 228  
 capability, national: actualized and  
 latent, 47–9; indicators, 44–7; yardstick  
 for great power status, 49–53  
 Carnesale, Albert, 25  
 Carr, E. H., 118, 163–4  
 Catalonia, 214–15  
 cause, generative, 20–1  
 Cavour, 75  
 central system of great powers (major  
 power system), xv, 2; basis for power  
 cycle theory, 5, 44; criteria, 55–7;  
 deterioration, 251–2  
 Chamberlain, 157  
 Chan, Steve, 26, 101  
 Charles V (Hapsburg), 94, 219  
 Chervenenko, S. V., 200  
 chessboard (strategic), xiv, 42, 139, 148,  
 257; *see also* balance of power  
 China, xi, 118, 156, 215, 256;  
 accommodation of ascendancy, 182,  
 189, 196, 241; balancer, 78; power  
 cycle, 71, 77–8, 238–40, 248–9; status  
 deficit and Korean War, 195; versus  
 Japan, 249; versus Soviet Union, 238,  
 249–50  
 Choucri, Nazli, 134
- Churchill, Winston, 158, 161, 163  
 Claude, Inis, 168  
 client states, 185–6  
 Cline, William R., 150  
 Clough, Ralph, 78  
 Club of Seven, 121, 183  
 coal production (Europe 1870–1913), 86  
 Codevilla, Angelo, 225  
 Coffey, John W., 210  
 Cohen, Benjamin, 185  
 Cohen, Stephen F., 203  
 Colbert, 71  
 Cold War, xi, 237, 243  
 Collingwood, R. G., xiv, 89  
 Collis, Rick, 102  
 communism, 197, 204, 207–9, 256  
 comparative advantage: economic, 222,  
 226; strategic, 181  
 competition for percent share, 65, 213,  
 217; how level (share) can affect  
 economic strategy, 220–1, 226–7  
 competitiveness and complementarity,  
 principles of, 8, 249, 256  
 Conant, Melvin A., 173  
 containment, xi, 237, 241, 243, 256  
 Copeland, Dale, 52  
 Copenhagen complex, 126  
 Copernican international political  
 perspective, xii, 2, 79–89, 257–9  
 Correlates of War project, 8, 112  
 Cracraft, James, 199  
 crisis, systems, *see* systems  
 transformation  
 crisis behavior, 25–30, 36–43, 107–11  
 critical point, calculated: methods, 9–10  
 critical point: decision-logic at, 95–100;  
 inversion of expectations at, xii, xiv, 5,  
 107–11; irreversible, 64–5; perception  
 of, 62–5, 96–8, 100, 133; perception of  
 in history, 44, 69, 79–89, 106, 196, 220,  
 294–5; as shifting tides of history, xiii,  
 21, 93–100, 124, 236; as due to systemic  
 bounds, 59–69, 124  
 Crimean War, 186  
 Cuba, 197, 199  
 Cutter, Neal E., 149  
 cycle of power and role, xiii, 20, 100–4  
 cycle of relative capability, xiii, 19–20  
 Czechoslovakia, 157, 230, 247
- Dahl, Robert A., 45  
 Darby, M. R., 218  
 Davies, J. C., 34  
 decision making: inverted force  
 expectations, 107–11; and future  
 foreign policy expectation, 95–8; model  
 of, 36–43; uncertainty in structural  
 crisis, 25–30

## INDEX

- decline: meanings 212–13; causes, 213–19; *see also* United States  
 Dehio, Ludwig, xiii  
 Deibel, Terry L., 180  
 Denton, Frank H., 14  
 Dessler, David, 21, 28  
 determinism, absence of: in historical sociology, xiv; in power cycles, 23–4, 212–36, 259; in war, 116, 166–7  
 Deutsch, Karl W., 45  
 Diehl, Charles, 215  
 Diesing, Paul, 28  
 dilemma: *see* peaceful change, dilemma of Discriminate Deterrence, 251  
 disequilibrium, rank (status), 20–1, 33–6  
 disequilibrium of power and role, 8, 33–9, 100–4; excessive prior to W.W.I, 125–40  
 Dogger Bank (battle of), 214  
*Dreikaiserbund*, 138  
 Dumas, Roland, 211  
 Duncan, G. T., 139  
 Dupuy, T. N., 147  
 Dutch East India Company, 214  
 dyadic view of systemic war, 117–21  
  
 Eastern Europe, 157, 248, 256  
 economic perspective: absolute levels and rate, xiii, xvii, 61; contrasts between absolute and relative change, 61–9, 82–9  
 economic policies: depression, 60, 154–5; of dominant versus rising state, 220–1; Japanese, 236, 246–7; reform of U.S., 224–7, 231–2, 236  
 Egypt, 31, 145, 210  
 elasticity, *see* expectations  
 Elder, Robert E., Jr., 14  
 energy crisis of 1970s, 10, 173–4  
 environmental problems, 257  
 equilibration, policies for: 177–86; *see also* accommodation; balance and opposition; justice  
 equilibrium, general international political: overcomes limits of balance of power (static, ignores interests), 148–51; legitimacy of increased role keyed to change on the power cycle, 151–65, 167–74; power-role equilibration as well as power balance, 169–73; solution to dilemma of peaceful change, 163, 186–90; timing essential, 22–3, 163–5, 190  
 Ethiopia, 197  
 Europe, 135; city-states or unification, 238–9; strategic implications, 250–1  
 European Community, 238, 248  
 expectations (foreign policy):  
 decision-making model, 36–43;  
 elasticities, 21–2, 34–9; inverted, 36–43, 173; keyed to trend (slope) of power cycle, 95–100; power, role, force use components, 36–43; realistic, need for, 236; shock of being wrong at critical point, 100–4; *see also* force expectations, relative power trajectory, role expectations

 Garvy, George, 14  
 GATT, 183

## INDEX

- Gelb, Leslie, 198  
 Gelman, Harry, 204  
 general international political equilibrium, *see* equilibrium  
 George, Alexander, 29, 169, 205  
 geostrategy, 144, 210, 238, 249–50, 254  
 Germany, post-1945: 71, 75, 194–5, 239;  
   new ascendancy?, 247–9  
 Germany, pre-W.W.I: failure to  
   accommodate rise of, 151–7; Mastery  
   of Europe hopes/fears, shocks when  
   found wrong, 79–89, 125–32; peak  
   prior to W.W.I., 6, 9, 75, 79–89;  
   perceptions of German cycle, 79–89;  
   severe role disequilibrium, 131–9; turn  
   into decline due to pygmy Russia, 80–9  
 Germany, pre-W.W.II: illegitimacy of  
   aggression and increased role claims,  
   153–9; second wind at second  
   inflection, 155–60  
 giant-pygmy thesis: disproved, 80–2  
 Gilpin, Robert: contrast with power cycle  
   theory, 11–14; defense/leadership  
   costs, 218; dilemma of peaceful change  
   in hegemonic stability, 3, 163, 172;  
   logistic of absolute growth (product  
   cycle), 11–13; neomercantilism, 12;  
   systemic disequilibrium, 12, 172;  
   systems cycle, 14  
 glasnost, 202, 204  
 Gleditsch, Nils Peter, 34  
 Goldman, Marshall L., 204  
 Goldstein, Joshua, 14, 83  
 Goldwater, Senator, 198  
 Goodpaster, Andrew J., 211  
 Gorbachev, 200–11, 240, 243, 252–3  
 Graham, Daniel O., 110  
 Gramsci, Antonio, 118  
 grand strategy: non-linearities in, 23,  
   212, 232–6; new imperatives, 237–59  
 Greece, 209  
 Greenwood, David, 185  
 Grey, Sir Edward, 128, 132  
 Griffith, William E., 118  
 Gromyko, Andrei, 200, 211  
 Gulick, Edward V., 143  
 Gurr, Ted R., 35  
  
 Haas, Ernst, 144  
 Haldane, Lord, 132  
 Hamilton, Earl, 218  
 Hansen, Roger D., 186  
 Hawtrey, R. G., 13  
 Healy, Brian, 179  
 hegemonic leadership (stability) thesis,  
   11, 24, 117–21, 246, 258  
 hegemony, 4–6; ambiguities, 118–21  
 Hermann, Charles, 116  
 high point (upper turning point):  
   bumping against the limit, xi, 69, 86;  
   trauma of expectations foregone, 105  
 Hill, Kim Q., 39, 47  
 historical sociology, xiii–xiv  
 history: lessons of, xv, 159–65, 232–6,  
   258–9; *see also* puzzles of; tides of  
 Hitler, Adolf, 110; appropriate  
   counter-strategies, 160; understood  
   balance of power and relative power  
   dynamic, 158–9  
 Hobsbawm, Eric, 73, 162  
 Hoffmann, Stanley: “Copernican”  
   international political perspective, xiii;  
   historical sociology, xiii–xiv; justice,  
   190; normative options, 89; systems  
   structure, 2; uncertainty at apex, 211;  
   U.S. foreign policy, 196  
 Holland, 94, 106, 214–15; power cycle, 70  
 Holmes, Jack E., 14  
 Holsti, Kal J., 30  
 Holsti, Ole R., 29, 42  
 horizontal balance, *see* balance of power  
 Houweling, Henk, 124  
 Howard, Michael, xii  
 Hungary, 230  
 Huntington, Samuel, 181, 218, 233  
 Hussein, S. M., 28  
 Huth, Paul, 109, 124  
  
 ideology, xi, 244, 253, 256  
 imperialism: during decline, 74;  
   hegemony, 118; and war, 1, 127, 138,  
   153, 156, 162  
 India, 77, 129, 239  
 Indonesia, 156  
 inflection point, first: inversion in trend  
   of expectations, 97–9; perception of,  
   97–8; power-role lag and gap, 101–3;  
   trauma of constrained ascendancy, 104–5  
 inflection point, second: hopes and  
   illusions of the second wind, 105–6  
 Inoguchi, Takashi, 249  
 international organizations, 121, 168, 183  
 inverted expectations: *see* expectations  
   (foreign policy); force expectations  
 Iran, 209–10  
 Israel, 145, 200  
 Italy, 137–8, 147, 230; first inflection,  
   155–6; power cycle, 71, 75–6  
  
 Jagow, 126, 129  
 Janis, Irving L., 29  
 Japan, post-W.W.II: economic challenge,  
   231, 246–7; economic/trade leadership,  
   245–7, 249–50; first inflection, 194–5;  
   foreign assistance, 246; perils of rapid  
   ascendancy, 245–7; power cycle, 76–7,

## INDEX

- Japan, post-W.W.II (*cont.*)  
 212, 233–8; relative growth asymptotic limit, 233–6; role, 32, 56, 249; trauma of peak and decline, 238, 245, 255–6
- Japan, pre-W.W.II: 71, 76–7; trauma of first inflection, xvi, 154, 156–7
- Jelavich, Barbara, 170
- Jervis, Robert, 28, 42, 109, 176
- Jervis deterrence model, 176–7
- Job, Brian, 139
- Jockel, Joseph T., 181
- Jones, A. J., 118, 145
- justice, xiv; power cycle guide to, 7, 22–3, 186–91, 257–8; structural, 188; a just world order, 186–90; *see also* legitimacy; equilibration
- Kagan, Donald, 160, 165
- Kahn, Herman, 225
- Kahn, Robert L., 29
- Kahneman, D., 27
- Kaiser, 126, 128
- Kamel, Mohamed Ibrahim, 210
- Kann, Robert A., 74
- Kaplan, Morton, 2
- Katz, Mark, 209
- Kegley, Charles W., Jr. 48
- Kelley, H. H., 108
- Kennan, George F., 138
- Kennedy, Paul, xiii; balance of power strategy, 139, 161–2; perceptions of diplomats as distortions, 79–87; giant–pygmy thesis, 80–83; graceful retreat from empire, 161–2, 218; determinism, 161–62; imperial overstretch, 218; misuse of power cycle concept, 79–89, 233–6; projection of Japanese cycle, 233; puzzles of history proposed, 80–1
- Kennedy, Robert, 211
- Keohane, Robert: dilemma of peaceful change, 3; power issue specific, 45; structural realism debate, 2–3
- Khrushchev, 199, 205
- Kilborn, Peter T., 236

## INDEX

- Pollack, Jonathan, 182  
 Porter, B., 74  
 power: as *relative* capability, 54–5  
 power cycle: direction of causation, perceptual and operational, xiii–xvi, 19–22, 95–100, 111, 114; principles of the, 4, 263–4; ratio tests for, 265–6; *see also* items marked with asterisk  
 power cycle of state complement: ascribed role elasticities tied to, 42; as competing with (mirror images of) state's power cycle, 88, 265; in ratio tests for convergence or divergence, 265–6  
 power–role gaps, 33, 37–40, 100–3; *see also* disequilibrium of power and role  
 power shift: in power cycle theory (*see* tides of history); as transition, 124  
 power transition theory, 11, 24, 121–5  
 product cycle, contrasts: 11–14  
 Prussia, 75, 143, 163  
 Putnam, Robert D., 183  
 puzzles of history, xiv, 20, 80–1, 87, 258
- Quandt, William B., 210  
 Quinn, Robert P., 29
- Randers, Jorgen, 223  
 Rapollo, 158  
 ratio tests for power cycles, 119, 265–6  
 Ravenal, Earl C., 25  
 Reagan Administration, 224, 240  
 reductionist fallacy, xvii, 258  
 regimes, *see* norms  
 Reischauer, Edwin O., 77  
 relative power trajectory: difference from absolute, 59–65, 233–6; leads to puzzles of history, 20–1, 79–89; systemic bounds and differential absolute growth, 4–6, 19–20, 59–69, 260–6  
 Renouvin, Pierre, 48, 162  
 Richardson arms race equation, 36, 145  
 Richelieu, 70, 94  
 Riker, William H., 45  
 rise and decline as a great power, xiii, 5, 11, 44, 59, 69, 212–13  
 Roberts, J. M., 120  
 role: leadership functions, 30–3  
 role curve: attained role, 20, 100–1; lags, 101–3; *see also* power–role gaps  
 role enhancement (symbolic), 182  
 role expectations: elasticity of, 20–3, 34–40; future security outlook, xii–xvii, 21–2, 62, 64, 95–100; keyed to trend of power cycle, 95–100; inelasticity in critical interval, 102–3
- Rome, 44, 213  
 Rose, Gregory F., 82–3  
 Rosecrance, Richard: data for projections, 234–6; systems transformation and its management, 2, 179; trading state, 194; U.S. decline reversible, 226  
 Rosenau, James N., 30  
 Rostow, Walt W.: absolute growth, 61; imperial overstretch, 218; growth rates and relative change, 64; Kondratieff long cycle, 14; stages of growth, 213  
 Rousseau, adage about war, 117  
 Ruggie, John G., 190  
 Russell, Sir William Howard, 186  
 Russett, Bruce: crisis decision making, 42; aggressor's calculus in deterrence, 124; force use, 109; theory, 15–16  
 Russia: 72, 78–9; effect on German cycle, 80–9; rise/role demands feared, 79–89, 125–40; Revolution after low point, 220  
 Russo-Japanese War, 128
- Sabrosky, Alan Ned, 139  
 SALT I, 200  
 Saudi Arabia, 31, 210  
 Second World War: 154–65; appeasement of aggression, 157–8, 163; critical points, all belligerents, 154–5; Japan's legitimate rights, illegitimate means, 156; implications for peaceful change, 159–65  
 Schlesinger, Arthur M., 14  
 Schlesinger, Arthur M., Jr., 14, 196  
 Scott, Bruce, R., 223, 226  
 Selowsky, Marcelo, 229  
 Semendyayev, K. A., 260  
 Shapley, L., 53  
 Shaw, Stanford J., 170  
 Shubik, M., 53  
 Shwadrان, Benjamin, 173  
 Siccama, Jan G., 124  
 Simes, Dimitri, 200  
 Simon, Herbert A., 25, 45  
 Singer, J. David: central system, 57; exit and entry, 55; power cycle yardstick, 8; standards, 49; conflict snow-balling, 134; systems structure, 2  
 single dynamic of changing systems structure: 4; computer simulation, 65–8; thought experiments, 19–20, 62–5, 264

 Snyder, G. H., 28  
 Snyder, Jack, 28  
 Sokolsky, Joel J., 181  
 Solomon, George I., 107  
 Soviet Union to mid-1980: 72, 78–9,  
 201–3; adventurism at shock of first  
 inflection, 199–201; desire for parity  
 (power/role), 199–206; outlook like  
 Kaiser's Germany, 160–5; superpowers  
 out of sync, 203; test for legitimacy of  
 role claims, 165, 200; W.W.II failure to  
 balance, 159  
 Soviet Union after mid-1980: attempts to  
 stave off decline, 203–6; has it peaked  
 and entered long-term decline? 242–5;  
 optimistic scenario of Soviet response,  
 206; pessimistic, 207–11; strategic  
 issues during transformation, 249–51  
 Spain, 69, 214–15, 219  
 Spanish–American War, 56  
 specificity, 14–16, 24, 116, 123  
 Stadelmann, Rudolf, 126  
 Stallen, Pieter-Jan, 26  
 Starr, Harvey, 14  
 steel production, 84–5  
 Stein, Arthur, 179  
 Steinberg, Biema, 209  
 Steinberg, Jonathan, 126–8  
 Steinbrunner, John D., 26, 28, 110  
 Stoessel, Walter J., Jr., 211  
 Stoll, Richard, 50  
 Stolypin, 87  
 Storry, Richard, 110  
 Strategic Defense Initiative, 225  
 \*strategic outlook, *see* role expectations  
 Stresa front, 158  
 \*structural bounds on statecraft: xiii–xvii,  
 58–9, 63–4, 68–9, 79–89  
 structural realism, 2–3  
 Stuckey, John, 49, 134  
 Sweden, 70, 94  
 Switzerland, 106  
 Sylvan, Donald A., 26  
 systemic norm, 4, 13, 20, 59–69; proofs,  
 261, 263–6; and U.S. cycle, 220–2  
 systems structure: defined, xii–xiv, 1–3;  
 dynamic versus static analysis, 257–8  
 \*systems transformation: as abrupt  
 massive structural change (system in  
 crisis), xi–xvii; associated with major  
 war, xvi, 21–2, 43; dissociation  
 possible, 166–91; excessive role  
 disequilibria, 40–3; empirical tests,  
 132–9; of current system, 237–40;  
 indexed, multiple critical changes, 134;  
 modes/mechanisms, 40–3, 171–2;  
 strategies, *see* equilibration  
 Taiwan, 194, 226, 249  
 Taylor, A. J. P.: German actualization,  
 48; inverted force expectations, 108;  
 Mastery of Europe thesis, 81–2; thesis  
 questioned, 89, 162  
 technology: development, 224–7;  
 diffusion, 119; Japan's trade  
 restrictions, 246, 249  
 Third World, 3, 190, 239, 251–2  
 Thirty Years War, 94  
 Thomas, R. H., 75  
 Thompson, William R., 11, 14, 55  
 thought experiments on state rise and  
 decline, 4; *see also* single dynamic  
 Thrasymachus, 186  
 threat, 33–6, 46–7, 103, 107–11, 125  
 \*tides of history, shifting: as critical point  
 (shift on power cycle), xiii, 21, 93–100,  
 124, 236; as associated  
 convergence/divergence of cycles, 116,  
 265–6  
 trade leadership: Japan, 246–7  
 Trevelyan, George Macaulay, 153  
 Trevor Davies, R., 214  
 Triple Alliance, 138  
 Triple Entente, 28
