List of contributors	ix
Preface	xiii
PART I Biological perspectives	
1 Nonhuman primate models of memory dysfunction in neurodegenerative disease: contributions from comparative neuropsychology	3
MARLENE OSCAR-BERMAN AND FIONA BARDENHAGEN	
2 Nonprimate animal models of motor and cognitive dysfunction associated with Huntington’s disease	21
RAYMOND P. KESNER AND J. VINCENT FILOTEO	
3 Neuropathology and memory dysfunction in neurodegenerative disease	36
JULIE A. TESTA, ROGER A. BRUMBACK, TAI-KYOUNG BAIK, RICHARD W. LEECH AND THOMAS C. CANNON	
4 Neurochemical aspects of memory dysfunction in neurodegenerative disease	87
EDISON MIYAWAKI AND WILLIAM C. KOLLER	
5 Structural neuroimaging correlates of memory dysfunction in neurodegenerative disease	100
EDITH V. SULLIVAN, DEBORAH A. CAHN, ROSEMARY FAMA AND PAULA K. SHEAR	
6 Functional neuroimaging correlates of memory dysfunction in neurodegenerative disease	128
STANLEY BERENT AND BRUNO GIORDANI	
SUMMARY – PART I	
7 The biology of neurodegenerative disease	140
HANS J. MARKOWITSCH	
PART II Cognitive perspectives	
8 The role of executive deficits in memory disorders in neurodegenerative disease	157
ADRIAN M. OWEN, BARBARA J. SAHAKIAN AND TREVOR W. ROBBINS	
	[v]

9	Prospective memory in aging and neurodegenerative disease	172
	ROBERT G. KNIGHT	
10	Remote memory in neurodegenerative disease	184
	ROBERT H. PAUL, JONI R. GRABER, DAVID C. BOWLBY, JULIE A. TESTA, MICHAEL J. HARNISH AND WILLIAM W. BEATTY	
11	Semantic memory in neurodegenerative disease	197
	JOSEPH W. FINK AND CHRISTOPHER RANDOLPH	
12	Nondeclarative memory in neurodegenerative disease	210
	DAVID P. SALMON, TARA T. LINEWEAVER AND WILLIAM C. HEINDEL	
SUMMARY – PART II		
13	Memory in neurodegenerative disease: what has been learned about the organization of memory?	226
	ANDREW R. MAYES	
PART III Clinical perspectives		
14	Biological and psychosocial risk factors for dementia and memory loss	243
	DIANE M. JACOBS AND PETER SCHOFIELD	
15	Cross-cultural issues in the neuropsychological assessment of neurodegenerative disease	255
	ANDREAS U. MONSCH, KIRSTEN I. TAYLOR AND MARK W. BONDI	
16	Psychometric issues in the clinical assessment of memory in aging and neurodegenerative disease	262
	ANTHONY M. PAOLO	
17	The role of memory assessment in the preclinical detection of dementia	278
	MARK W. BONDI AND ANDREAS U. MONSCH	
18	Clinical differentiation of memory disorders in neurodegenerative disease	290
	KATHLEEN A. WELSH-BOHMER AND PAULA K. OGROCKI	
19	The impact of depression on memory in neurodegenerative disease	314
	JULIE A. FIELDS, SUZANNE NORMAN, KRISTY A. STRAITS-TRÖSTER AND ALEXANDER I. TRÖSTER	

CONTENTS	vii
20 Preserved cognitive skills in neurodegenerative disease	338
JONI R. GRABER, ROBERT H. PAUL, JULIE A. TESTA, DAVID C. BOWLBY, MICHAEL J. HARNISH AND WILLIAM W. BEATTY	
21 Drug treatment of cognitive impairment in neurodegenerative disease: rationale, current experience and expectations for the future	349
LOUIS T. GIRON JR AND WILLIAM C. KOLLER	
22 Surgical interventions in neurodegenerative disease: impact on memory and cognition	362
STEVEN B. WILKINSON AND ALEXANDER I. TRÖSTER	
23 Memory dysfunction in neurodegenerative disease: ethical and legal issues	377
MARTIN D. ZEHR	
SUMMARY – PART III	
24 Memory in neurodegenerative disease: clinical perspectives	390
THOMAS BENKE	
Index	400
