prices (cont.

predatory, 302
Ramey–Boiteux, 240
relative, 134
see also price control
primary expenditure, 331
primary social goods, 56
principle of efficient market classification, 462
prisoner’s dilemma, 109, 110, 471, 474
private information, see information, asymmetric
privatisation, 187, 239, 241, 347
procedural justice, 65
producer surplus, 283–5
production and distribution system, 83, 86
productivity principle, 248
profit margin control, 237, 353–4, see also cost,
full, incomes policy
profit rate, 351
project, 276–85
property rights, see rights, property
protection from cheap labour, 422–3
protectionism
economic arguments, 419–23
non-economic arguments, 419, 433–4
public choice, 305, 315
public consumption, 343
public debt, 337, 341–8
determinants of growth, 344–6
funding, 346
historical development, 344–5
interests on, 330, 331, 344–5, 347–8
limits to growth, 346
Maastricht standards and, 385–6
monetisation, 346
political business cycle and, 209
reduction policies, 346–8
repudiation, 346
see also budget deficit
public enterprise, 95, 116, 187, 214, 216
efficiency and, 240–2, 244
incentives and, 241–2
objectives, 239
performance, 241–2
Ramey–Boiteux prices and, 240
regulation and, 242
relevance, 240
see also mixed oligopoly; nationalisation; privatisation
public expenditure, 209–10
balanced budget and, 335–6
content, 335
debt financing, 341–4
debt reduction policies and, 347
deficit financing, 336–44
monetary base financing, 339–41
types, 330–1
public good, 91, 96, 106–11, 113–14, 119
congestion, 108, 111
defined, 106
financing, 108, 230–2
free riding, 91, 113
impure, 108
marginal cost, 106
mixed, 108
Pareto efficiency and, 109
personalised price, 230–1
preference-revelation, 111, 230–2
production, 232, 241–2
pure, 107–8
socially efficient level, 226–7, 230–2, 240
see also club goods; equilibrium, Lindahl;
Clarke–Groves mechanism
purchasing power parity theory, 378, 451
qualitative policies, 186
quantitative policies, 186–7
quota; see import quota
Radcliffe report, 304
random walk, 197
rate on advances, 308
rationality
creative, 152
substantive, 215
rationalisation, 130, 192
of consumption, 154, 187
of credit, 321
of labour supply, 125, 154
real balance effect, 141–3, 146, 429, 447
real wage, re-equilibrating capacity of, 135–6
resignation, 383
recycling, 391
redistribution policies
efficiency and, 259–61, 262–5
instruments, 237–8, 250–2
optimal taxation and, 252–9, 261–5
principles, 248–9, 252–5
propensity to consume and, 190
see also incomes policy; price control; second
theorem of welfare economics; welfare
state
redistribution principle, 247–9
redundancy problems, 408–70
reform policies, 187
regulation, 187, 232–9, 242, 244
asymmetric information and, 114
credit, 306–8, 318, 322
external effects and, 99, 228–30
merit wants and, 119
non-competitive markets and, 92
Subject index

see also antitrust legislation; incomes policy; price control
rent seeking
representative agent, 156
repurchase agreements, 306, 308
reputation, 113, 209, 458, 474
reservation wage, 126
reserve requirement; see Central Bank; reserve requirement and
reserves
compulsory; see Central Bank; reserve requirement and
free, 304, 310, 313
resource allocation, 24, 27, 164; see also first theorem of welfare economics; ordering;
social; Pareto efficiency; social welfare function; second theorem of welfare economics
revaluation, 409
defined, 372
see also appreciation
revenue
capital (account), 330
current (account), 330, 331
Richardian equivalence, 334
tight
absolute, 13
Nozick on, 65, 224–5
Pareto principle and, 31, 81
pollution, 227–8, 230
property, 96–7, 109–6, 224
Rawls on, 56
Sen on, 65–6
social ordering and, 11–14
rigidity
nominal, 135
price, 123, 135
wage, 135, 140
risk aversion, 289, 292–3
risk diversification, 304
risk premium, 292–3
rivalry, 106–8, 111; see also public goods
Roosa effect, 321
rule
aggregation, 15–16
automatic, 147, 187, 457
fixed, 458–9
flexible, 459
golden, 191, 194
McKinnon’s, 472
Ramsey, 262
simple, 147
safeguard clauses, 212
savings deposits, 358
Say’s law, 134
scale economies, 92, 97, 156
dynamic, 167–8, 235, 241, 419
pass-through and, 412, 13
protection and, 422
public policy and, 223, 234–42
scope economies, 394
second best, 80, 114–17
second theorem of welfare economics
extension, 77, 78
meaning, 75–6
prescriptive nature of, 73
role of the state and the market, 81–3
separability of allocation and distribution, 84–6
security, 305
steering, 339, 373, 374, 387
self-financing, 139
self-fulfilling prediction, 446
separability (of instruments), 186
shirking, 113, 155, 212
sight deposits, 309
signalling, 113
snake, 378
social choice, 5
social class, 123, 134–6, 138, 204, 209–10
social contract, 62, 358–9
social discount rate, 279–80, 286, 287–8
social dumping, 422
social groups, 123, 203–6, 208–10, 213–14, 217
social indifference curve; see indifference curve, social
social interaction, 71, 206; see also preferences, endogenous; institutions
social optimum, 58, 59, 64
social ordering
defined, 11
direct, 12–14, 67
incomplete, 11, 31–3
indirect, 12–20, 67, 178; see also Pareto efficiency
partial; see social ordering, incomplete
see also social welfare function
social pact, 353, 356, 358
social price; see prices, shadow
social state, 11
social surplus, 283–5
social welfare function
Bergson-Samuelson, 53, 57–8
Bernoulli-Nash, 53, 54–6, 57, 64
defined, 11, 53
maximin, 57
policy makers’
with constant MRS, 183–5
with variable MRS, 181–2
518 Subject index

social ordering (cont.)
Rawls, 56–8, 62–5, 257
utilitarian, 53–5, 57, 64, 252–3, 257
Special Drawings Rights, 373–5
speculation
determinants, 399, 404–7, 445–7
European Monetary System and, 384, 443–7
exchange-rate regime and, 376–8
international imbalances and, 391–2
spillover, 419–20, 470
stability agreement, 185; see also European
Economic and Monetary Union
stagflation, 130, 334
stagnation, 139
sterilisation, 433, 435, 436, 437–9, 444
stock pollution, 290
store of value, 301
strategic behaviour, 92
strategic complementarity, 155–6
strategic interaction, 196–7
strategic substitutability, 156
supply curve, 135, 151
aggregate, 150, 153, 161
discontinuity; see fundamental non-convexities
supply-side policy, 333
surplus effect, 150–2, 161
takeovers, 235
target zones, 472
target; see objectives
tariff, 187, 409, 416–23
optimum, 423–6
avoidance, 336–7, 347
capital movements, 348
carbon, 228
commodity, 250, 261–5
direct, 250, 330
distortionary, 84
erotion, 336–7, 347
evasion, 336–7, 347
expenditure, 337
flat, 272–4
incidence, 265–6, 422
indirect, 250, 330
lump-sum, 84–5, 254–5, 263–4, 291, 331–2
negative, 251, 256, 267
non-distortionary, 84
optimal, 247
Pigovian, 99, 225, 226
poll, 84
potential output and, 333
progressive
equity and, 132, 205, 252–65
in a macro setting, 187–8, 331, 333–5
proportional, 331–3
rate
marginal, 250–1, 256, 258–9, 272–3
recessive, 250–1
revenue, 254, 263–4
sales, 261–2
shifting; see tax, incidence
supply-side policies and, 333
Tobin, 348, 407, 447
value-added, 261
trade between commodities and manufactures, 166, 421
defined, 166, 410
real exchange rate and, 410
tax and, 422
theories of welfare economics; see first theorem
of welfare economics; second theorem of
welfare economics
time of justice; see justice criteria
time inconsistency, 176, 194, 457–61
TIPs; see incomes policy, tax-in
Tokyo round, 417
tradable permits
to increase prices, 355
in pollution, 104, 227
tradable permits, 214, 225, 227, 228
trade balance, 363
trade policy, 417–18
trade unions, 204, 205; see also incomes policy
trade-off
between efficiency and equity, 168, 259–61, 269
between unemployment and inflation, 132, 147;
see also Phillips curve
transaction costs approach, 215
transfer pricing, 337
transfers
abroad, 363
capital-account, 331
cash, 268–9
current, 330–1
in-kind, 86, 268–9
lumpsum, 84–5
official, 351
to firms, 330–1
to households, 330
unilateral, 363
unrequited, 363
transformation curve, 28, 34
transitivity, 11
