| Contributors | vii |
| Editors' Preface | xi |
| | |
| P. WILLIAMS, T. J. BALDWIN AND J. A. DOWNIE Bacterial crosstalk – communication between bacteria, plant and animal cells | 1 |
| A. S. KAPRELYANTS, G. V. MUKAMOLOVA, S. S. KORMER, D. H. WEICHART, M. YOUNG AND D. B. KELL Intercellular signalling and the multiplication of prokaryotes: bacterial cytokines | 33 |
| E. P. GREENBERG Quorum sensing in Gram-negative bacteria: acylhomoserine lactone signalling and cell–cell communication | 71 |
| S. SWIFT, K. E. ISHERWOOD, S. ATKINSON, P. C. F. OYSTON AND G. S. A. B. STEWART Quorum sensing in <i>Aeromonas</i> and <i>Yersinia</i> | 85 |
| E. C. PESCI AND B. H. IGLEWSKI Signalling in <i>Pseudomonas aeruginosa</i> | 105 |
| G. M. DUNNY, H. HIRT AND S. ERLANDSEN Multiple roles for enterococcal sex pheromone peptides in conjugation, plasmid maintenance and pathogenesis | 117 |
| D. KAISER Intercellular signalling for multicellular morphogenesis | 139 |
| S. J. MCGOWAN AND G. P. C. SALMOND Regulation of carbapenem antibiotic and exoenzyme synthesis by chemical signalling | 161 |
| Y. YAMADA Autoregulatory factors and regulation of antibiotic production in <i>Streptomyces</i> | 177 |
| G. M. FRANKEL, B. WREN, G. DOUGAN, R. M. DELAHAY, M. BATCHELOR, C. HALE, E. L. HARTLAND, M. J. PALLEN, I. ROSENSHINE AND S. KNUTTON Host/pathogen interactions during infection by enteropathogenic <i>Escherichia coli</i> : a role for signalling | 197 |
| C. NEYT AND G. R. CORNELIS Survival strategy of <i>Yersinia</i> in its host | 215 |
| J. A. SHERRATT, J. C. DALLON, T. HÖFER AND P. K. MAINI Mathematical modelling of signalling in <i>Dictyostelium discoideum</i> | 241 |

Cambridge University Press

978-0-521-65261-2 - Microbial Signalling and Communication

Edited by R. R. England, G. Hobbs, N. J. Bainton and D. McL. Roberts

Table of Contents

[More information](#)

vi

CONTENTS

J. DAVEY

Pheromone communication in the fission yeast *Schizosaccharomyces pombe* 255N. A. R. GOW, T. A. CAMPBELL, B. M. MORRIS, M. C. OSBORNE,
B. REID, S. J. SHEPHERD AND P. VAN WESTSignals and interactions between phytopathogenic zoospores and
plant roots 285

G. W. GOODAY

Hyphal interactions 307

J. BURKHOLDER AND J. J. SPRINGER

Signalling in dinoflagellates 335

Index

361
