Contents

Introduction **vii**

1 ICT systems **1**

1.1 Input devices	1
1.2 Output devices	11
1.3 Control output devices	14
1.4 Backing storage media and devices	15
1.5 Portable communication devices	19

2 How organisations use ICT 1 **22**

2.1 Control systems	22
2.2 Working practices	26
2.3 Use of ICT in advertising	30
2.4 Use of ICT in teaching and learning	33
2.5 Use of ICT in publishing	34
2.6 Use of ICT in time management	35
2.7 Use of ICT in data management	37
2.8 Payroll applications	40
2.9 Technical and customer support	41
2.10 Art and design work	42

3 The impact of ICT on society 1 **45**

3.1 Online services	45
3.2 Online services and employment	51
3.3 Online services and leisure time	52
3.4 Online services and working patterns	53
3.5 Online services and security and privacy of data	55
3.6 Online services and health and safety	58

4 The systems life cycle **61**

4.1 Systems analysis	62
4.2 Design	67
4.3 Development and testing	71
4.4 Implementation	73
4.5 Documentation	74
4.6 Evaluation	75

5 How organisations use ICT 2 **77**

5.1 Expert systems	77
5.2 Monitoring and measurement	82
5.3 Project management	83
5.4 Modelling	85
5.5 Market research	89
5.6 Research applications	90
5.7 Online applications	93
5.8 Stock control	95

6 The impact of ICT on society 2 **98**

6.1 The digital divide or information literacy	98
6.2 Catering for disabilities	100
6.3 Legal and political systems	103
6.4 Computer fraud	106
6.5 Antisocial use of ICT	107
6.6 Home entertainment systems	109
6.7 Internet auctions	114
6.8 Booking systems	116
6.9 Information services	120
6.10 Local, regional and central government	123
6.11 Use of ICT in teaching and learning	128

7 Computer networks **130**

7.1 Internet protocols and network hardware	130
7.2 Network types	136
7.3 Network security	143
7.4 Electronic conferencing	147

8 Software selection **151**

8.1 Software uses	151
-------------------	-----

9 Communication **154**

9.1 Using e-mail	154
9.2 Compress files	158
9.3 Virus detection within e-mail attachments	159
9.4 Using the Internet	160
9.5 Evaluating Internet sources	162

10 Document and presentation production **164**

10.1 Entering and editing data from different sources	165
10.2 Using special characters and editing text	166
10.3 Importing an image or other object from an external source	169
10.4 Manipulating an image	172
10.5 Including and evaluating information downloaded from the Internet	176
10.6 Creating a link from a document or slide	176
10.7 Controlling a document to be edited by multiple users	178
10.8 Setting up the format for a document, page or slide	183
10.9 Using and applying styles	191
10.10 Headers and footers	195

10.11	Footnotes	196		
10.12	Sections	196		
10.13	Widows and orphans	199		
10.14	Applying house styles	199		
10.15	Tables	199		
10.16	Proofreading and error correction	202		
11	Databases and charts	203		
11.1	Introduction and terminology	203		
11.2	Designing a database structure	204		
11.3	Creating a database structure	208		
11.4	Creating a database structure with existing data files	212		
11.5	Checking data entry	216		
11.6	Performing searches	218		
11.7	Sorting data	220		
11.8	Performing calculations on numeric data	221		
11.9	Outputting data in <i>Access</i>	224		
11.10	Exporting data into different packages	230		
11.11	Producing graphs and charts in <i>Excel</i>	231		
12	Integration	237		
12.1	What is an integrated document, presentation or report?	237		
12.2	Integrating data from several sources	237		
12.3	Ensuring consistency of display	239		
13	Output data 1	241		
13.1	Printing a draft copy or final version of a document	241		
13.2	Printing e-mails with a file attachment	241		
13.3	Printing from <i>Microsoft Access</i>	242		
13.4	Printing from <i>Microsoft PowerPoint</i>	242		
13.5	Printing file structures	243		
13.6	Printing a graph or chart from <i>Microsoft Excel</i>	244		
14	Using spreadsheets	247		
14.1	What is spreadsheet modelling?	248		
14.2	Creating a spreadsheet model	248		
14.3	Checking data entry	250		
14.4	Manipulating strings	255		
14.5	Using formulae	257		
14.6	Using functions	260		
14.7	Adjusting page layout	272		
14.8	Using display features	274		
14.9	Perform searches	280		
14.10	Sorting data	284		
14.11	Output selected data	285		
15	Mail merge	286		
15.1	What is a mail-merged document?	287		
15.2	Creating a master document	287		
15.3	Creating a source file	288		
15.4	Running a mail merge using the task pane	288		
15.5	Running a mail merge without the task pane	291		
15.6	Using field codes	296		
15.7	Setting up fields for manual completion	296		
15.8	Setting up fields for automatic completion	296		
15.9	Setting up fields to control record selection	305		
15.10	Creating mail merge labels	306		
15.11	Using manual methods and software tools to ensure error-free accuracy	309		
15.12	Performing mail merge	310		
16	Automation	312		
16.1	Selecting suitable software	313		
16.2	Creating a menu system in <i>Microsoft Word</i>	313		
16.3	Creating a macro in <i>Microsoft Word</i>	314		
16.4	Creating a macro in <i>Microsoft Excel</i>	318		
16.5	Using paste-linked spreadsheets	321		
16.6	Creating a menu system in <i>Microsoft Access</i>	324		
16.7	Creating a menu system in <i>Access</i> to select user defined data	326		
16.8	Using <i>Visual Basic for Applications</i>	335		
16.9	Performing calculations in <i>Access</i> using data selected from a form	338		
16.10	Be flexible	348		
17	Output data 2	349		
17.1	Printing a mail-merged document	349		
17.2	Printing evidence of hyperlinks	350		
17.3	Printing macros	351		
17.4	Printing forms in <i>Access</i>	351		
17.5	Printing linked queries in <i>Access</i>	352		
17.6	Printing calculated controls in <i>Access</i> reports	353		
	Glossary	355		
	Index	373		

Acknowledgements

Thanks to the following for assistance, patience, understanding and proofreading: Janine Sargent, Catherine Sargent, Elizabeth Sargent, Tracy Brown, Philippa Brown, Laura Brown, Jenna Brown, Karla Brown, John Reeves, Stuart Morris, Robert Ross, Chris Scott, Udoka Ogbue, Dave Watson, Keith Chandler, Dan Bray and Kate Gentles.

The authors and publishers acknowledge the following sources of copyright material and are grateful for permissions granted. While every effort has been made, it has not always been possible to identify the sources of all the material used, or to trace all copyright holders. If any omissions are brought to our notice, we will be happy to include the appropriate acknowledgement on reprinting.

The publisher has tried to ensure that URLs for external websites referred to in this book are correct and active at the time of going to press. However, the publisher has no responsibility for these websites, and can make no guarantee that a site will remain live or that content is or will remain appropriate.

Letters used with page numbers: b, bottom of the page; l, left-hand side of the page; c, centre of the page; r, right-hand side of the page; t, top of the page. These letters are also used in combination.
