Foreword by Pete Nightingale	xi
Preface	xiii
Acknowledgements	xiv
1 Preparation for the Clinical Viva	1
2 The Short Cases	8
Abdominal aortic aneurysm rupture	8
Acromegaly	11
Acute asthma	13
Acute C2 injury	17
Acute myocardial infarct	20
Airway assessment	24
Airway blocks in the context of awake fibre-optic intubation	27
Amniotic fluid embolism	31
Analgesia for circumcision	33
Anaphylaxis	35
Antepartum haemorrhage	37
Anticoagulants and neuraxial blockade	39
Aspiration with an LMA	42
Atrial flutter	45
Awareness	48
Bariatric surgery and drugs for obesity	52
Bends	56
Bleeding tonsil	58
Bronchopleural fistula	59
Burns	62
Carbon monoxide poisoning	66
Cauda equina syndrome	67
Cervical spine injury	70
Chronic obstructive pulmonary disease	72
Chronic renal failure	74
Clearing the cervical spine in the unconscious polytrauma victim	77
Coeliac plexus block	80
Complex regional pain syndrome	82
Diabetes: peri-operative management	84

Cambridge University Press

vi Contents

Diabetic ketoacidosis	85
Down's syndrome	89
Dural tap	91
Eisenmenger's syndrome	93
Electro-convulsive therapy	95
Epidural abscess	98
Epilepsy	100
Guillain-Barré syndrome	104
Heart block and temporary pacing	107
Heparin-induced thrombocytopenia	109
Hypertension and ischaemic heart disease	114
ICU neuropathy	118
ICU nutrition	119
ICU stress ulceration	123
Infantile pyloric stenosis	125
Inhaled peanut	128
Intracranial pressure	129
Ischaemic heart disease	131
IVRA for Dupuytren's contracture and LA toxicity	136
Jehovah's Witness	139
Laparoscopic cholecystectomy	141
Latex allergy	142
Local anaesthesia for carotid endarterectomy	144
Lumbar sympathectomy	147
Lung cyst	149
Major obstetric haemorrhage	152
Malignant hyperthermia	155
Massive blood transfusion	157
Mitral stenosis	160
Mitral valve disease (chest X-ray)	162
Myasthenia gravis	163
Myotonic dystrophy	166
Obesity	169
Obstructive sleep apnoea	172
Pacemakers	175
Paediatric day-case surgery	178
Paediatric fluid management	182
Penetrating eye injury	186
Phaeochromocytoma – peri-operative management	189
Pneumonectomy	194
Post-operative confusion	196
Post-operative hypotension	198
Post-herpetic neuralgia	201
Pre-eclampsia	202
Pre-medication	205
Previous anaphylaxis	208
Problems of the premature baby	211
Raised intracranial pressure	214

Contents vii

Rheumatoid arthritis	217
Secondary brain injury	220
Sickle cell	224
Spontaneous pneumothorax	227
Squint surgery	233
Statistics – errors in the interpretation of data from clinical trials	237
Stridor post-thyroidectomy	239
Tension pneumothorax	242
Tetanus	243
Thyroidectomy	245
Trauma	248
Trigeminal neuralgia	250
Unconscious patient	252
Uncontrolled hypertension	254
Unexpected difficult intubation	256
Universal precautions	260
Valvular heart disease	262
Vomiting and day surgery	263
Wolff–Parkinson–White syndrome	268
3 The Long Cases: ‘The one about . . .’	271
1 . . . the woman with a goitre for an emergency laparoscopy	271
2 . . . the man with pneumonia who needs a laparotomy	279
3 . . . the woman with a melanoma on her back	284
4 . . . the man with hypertension and AF who needs a total hip replacement	289
5 . . . the young, thyrotoxic woman listed for a thyroidectomy	295
6 . . . the RTA with a flail chest	300
7 . . . the chesty, obese man having a laparotomy	306
8 . . . the old lady with a fractured humerus	312
9 . . . the obese woman with a fractured neck of femur	318
10 . . . the asthmatic child with torsion	324
11 . . . the man for a total hip replacement with a history of previous DVT	330
12 . . . the diabetic man for TURP	336
13 . . . the stridulous woman for oesophagoscopy	342
14 . . . the collapsed drug addict	348
15 . . . the elderly woman with kyphoscoliosis for an urgent cholecystectomy	355
16 . . . the elderly woman for cataract extraction	360
17 . . . the guy with chronic back pain	366
18 . . . the smoker with bellyache and sepsis	371
19 . . . atrial fibrillation post AAA repair	378
20 . . . pre-op assessment of IHD	384
21 . . . the manic depressive for a dental clearance	392
22 . . . the unconscious O/D in A&E	398
23 . . . a craniotomy in a patient with neurofibromatosis	403
