Cambridge University Press has no responsibility for the persistence or  
accuracy of URLs for external or third-party internet websites referred to in  
this publication, and does not guarantee that any content on such websites  
is, or will remain, accurate or appropriate.

Every effort has been made in preparing this book to provide accurate and up-to-date information  
which is in accord with accepted standards and practice at the time of publication. Although case  
histories are drawn from actual cases, every effort has been made to disguise the identities of the  
individuals involved. Nevertheless, the authors, editors and publishers can make no warranties that  
the information contained herein is totally free from error, not least because clinical standards  
are constantly changing through research and regulation. The authors, editors and publishers therefore  
disclaim all liability for direct or consequential damages resulting from the use of material contained  
in this book. Readers are strongly advised to pay careful attention to information provided by the  
manufacturer of any drugs or equipment that they plan to use.
