- Starr, Paul, 70
- Steurele, C. Eugene, 40–1, 44
- Superfund program: budget authority in  
Reagan Administration, 163–4; EDF use of  
polluter pays concept for, 181; Ways and  
Means Committee acceptance of trust fund  
financing, 190
- Superfund Trust Fund: discretionary spending  
from, 197; establishment (1980), 154–5;  
factors contributing to instability of, 161–2;  
plan for revenue flow and funding, 156–9,  
171; as share of total EPA budget, 163–4;  
spending from, 161, 163
- Supplemental Medical Insurance (SMI) Trust  
Fund: entitlement status of beneficiaries,  
196–7; finances Medicare Part B, 94,  
98–100; funding for, 94; stability of, 199;  
subsidies from general tax revenues, 106–8,  
199; supplements by US Treasury, 106
- tax revenues: growth of total (1948–1997), 46;  
growth of total trust fund and general fund  
taxes (1948–1997), 46 *See also* earmarked  
revenues
- taxation: advantages of benefit taxation, 23;  
excise tax on lead, 180–2; factors  
influencing politics of, 47–9; legislative  
increases in (1948–1987), 41–2 *See also*  
earmarked revenue; earmarking; payroll tax
- Thomas, Bill, 110–11
- Thomas, Lee M., 167
- transaction costs: applied to study of public  
administration, 20; endogeneity of political,  
20–1
- Treasury of the United States: Old-Age  
Reserve Account, 66, 67, 83
- trust fund device: diffusion across policy  
sectors, 27–30; to generate interest group  
coalitions, 63; Highway Trust Fund benefits  
to interest groups, 113, 118–20; ideational  
effects of financing, 34–6; legitimate uses  
of, 201; misuse of, 201; policy promises of,  
2, 63; proposals introduced into Congress,  
191
- trust funds: basis as fiduciary relationship,  
8–9; camouflage of costs, 195;  
consequences of financing, 30–6;  
constraints on future commitments, 2–4;  
control by CBO and OMB, 193; design  
issues, 194; differences between private and  
public, 10; establishing basis of support for  
spending, 184; establishment of financing  
mechanism, 184; evidence related to  
financing of, 185–6; factors limiting  
growth, 191, 193; government commitment  
for, 9; influence on policymaking, 188;  
instability of some, 196; long-term goals of,  
188; neutralizing opposition to proposal  
for, 186; off-budget spending (1950s–  
1960s), 31–2; pay-as-you-go financing for,  
2; politics of adoption, 184–7; promise  
based on reciprocal exchange, 197;  
rationales for creation, 22–6, 189; reserves  
in US Treasury, 6; resources by federal  
mission (1995), 191–2; risks, 196–7;  
strategic structure of promising, 197–8;  
undermining of beneficiaries' confidence in,  
199
- trusts, private: contractual nature of, 9–10;  
definition and purpose, 7–8; similarity to  
and differences from public trust funds,  
19–10
- Twight, Charlotte, 194
- Ullman, Al, 160–1, 176
- uncertainty, political, 24–5
