

Camino al español

This intensive course is expressly designed to lead the adult beginner to a comprehensive knowledge of Spanish. The course gives balanced attention to the four key language skills: the development of listening comprehension and speaking skills is supported by quality audio materials recorded by native speakers, while answer keys support written work and grammar-acquisition exercises, and facilitate independent study. Authentic written materials develop important receptive skills and encourage the transition to independent reading.

- Based on a style of Spanish easily understood by most speakers, thoughtful explanations make clear the main differences between Peninsular and Latin American forms and usage
- Features an abundance of pair and group work activities ideal for classroom use
- Authentic materials and website references foster cultural awareness
- Clear, attractive layout with lively illustrations to reinforce learning
- Extensive reference features including a grammar guide, verb tables and vocabulary lists
- Teachers' guidelines promote practical application in the classroom
