<i>Preface</i>	ix
<i>Declaration</i>	xi
<i>Executive Summary</i>	xiii
<i>Glossary</i>	xv
<i>Foreword</i>	xvii
<i>List of Tables</i>	xxv
<i>List of Figures</i>	xxvii
1 The Research Context	1
Contemporary Gambling Worldwide	1
Historical Themes	2
Definitions of Gambling	7
Legalised Forms of Gambling and their Consumption	8
Consumption of Gambling	9
Definitions: Excessive, Problem and Pathological Gambling	10
Excessive Gambling	10
Problem Gambling	11
Pathological Gambling	11
Measures of Excessive, Problem and Pathological Gambling	13
Prevalence of Problem Gambling	15
Risk Factors: Emerging Causal Themes	16
Access and Continuous Forms	17
Research Requirements	20
2 Research into Impaired Control of Gambling Behaviour, Definition and Measurement: Traditional Psychometric and Mathematical Psychology Approaches	22
Gambling as One of the Addictions	22
Problem Gambling as the Dependent Variable	25

Cambridge University Press

052184701X - Gambling as an Addictive Behaviour: Impaired Control, Harm
Minimisation, Treatment and Prevention

Mark Dickerson and John O'Connor

Table of Contents

[More information](#)

vi	<i>Contents</i>
Self-Control as the Dependent Variable in Problem Gambling Research	26
The Development of the Scale of Gambling Choices	28
Independent Confirmation of the Dimension of Self-Control of Gambling Behaviour	32
The Subjective Control Scale of Control Over Urges to Gamble	32
A Qualitative Study of Self-Control in Youth Gamblers	34
No Specific Limits ($N = 3$)	35
Target Limits ($N = 12$, plus $N = 5$ who revise limits once only)	37
Contingency Limits: Continually Revising or Setting Vague or Broad Limits ($N = 14$)	37
Emotions and the Ability to Self-Regulate Gambling	38
Reported Harmful Impacts and the Ability to Self-Regulate	38
The Relationship Between Impaired Control and Chasing	39
Impaired Control and Different Forms of Gambling	41
Progress in the Measurement and Definition of Impaired Control of Gambling Behaviour	43
The SGC 12-Items	44
Reliability	44
Validity	44
3 Impaired Control and its Relationship to other Variables Implicated in the Development of Pathological Gambling	46
Initial Thoughts on Modelling Impaired Self-Control: Key Variables	46
A Developmental Perspective on Impaired Control of Gambling	46
Psychosocial Maturity, Self-Regulation and Reported Harmful Impacts of Gambling	47
The Key Variables in Modelling Impaired Control	49
Gambling Involvement	49
Prior Mood and Emotion while Gambling	62
Personality	67
Alcohol	68
The Role of Cognitive Variables	74
The Role of Coping	80
A Conceptual Basis for Modelling Impaired Self-Control of Gambling	81
4 Models of Impaired Self-Control of Gambling	83
Empirical Model of EGM Play	83
Main Study (O'Connor et al., 2005)	85
Method	87

<i>Contents</i>	vii
Materials	88
Descriptive Results for Main Variables	88
Summary of Regression Analyses	89
Critical Comment on Methodology	90
Discussion of Empirical Findings	91
Theoretical Speculations	92
Modelling Impaired Self-Control: A Model of Gambling	
Temptation – Restraint	93
Data Collection	95
Sample Characteristics	95
Discussion of the Two Approaches to Exploring Impaired Self-Control	98
5 Implications for Treatment Approaches to Problem Gambling Arising from the Model of Impaired Control	100
Do Existing Treatments Work? Conclusions from Treatment Literature Reviews	100
The Bio-psychosocial Model as a Basis for Treatment	101
Implications of the Model of Impaired Control for Treatment Methods	103
Implications for Treatment Goals	105
6 Implications for Harm Minimisation in the Management of Problem Gambling: Making Sense of “Responsible Gambling”	107
Harm Minimisation and Gambling	107
Educational Strategies	109
Preventing Problem Gamblers from Further Harm	111
Rendering the Process of Gambling Safer for all Consumers	112
Impaired Control of Regular Gamblers: A Social and Consumer Protection Issue	118
7 A Case Study of “Responsible Gambling” Strategies within a Single Jurisdiction: Victoria, Australia	124
The Introduction of Gaming Machines	124
The Victorian Problem Gambling Services Strategy	127
Problem Gambling Community Education Campaigns	127
Direct Treatment Services	129
Harm Minimisation	133
Research	135
Victoria: A Successful Public Health Approach or a Failure of Consumer Protection?	136

Cambridge University Press
