## CONTENTS

*Illustrations and Maps*  \(\text{page xiii}\)

*Abbreviations*  \(\text{xvii}\)

*Preface*  \(\text{xx}\)

1. **Archaeological Theory and Archaeological Evidence**  \(\text{1}\)
   - Anglo-American Theoretical Archaeology from ca. 1960 to the Present – A Brief Overview  \(\text{2}\)
   - Back to the Future – Or Towards an Interpretative and Explanatory Culture History  \(\text{8}\)
   - The Devolution of Urban Society – Moving Beyond Neo-evolutionary Accounts  \(\text{10}\)
   - Steppe Archaeology and the Identification (and Proliferation) of Archaeological Cultures  \(\text{15}\)
   - Chronological Conundrums – The Application of Calibrated C\(^14\) Determinations for the Archaeology of the Eurasian Steppes  \(\text{19}\)
   - Inherent Limitations of the Present Study  \(\text{21}\)

2. **The Chalcolithic Prelude – From Social Hierarchies and Giant Settlements to the Emergence of Mobile Economies, ca. 4500–3500 BC**  \(\text{23}\)
   - The Production and Exchange of Copper from the Balkans to the Volga in the Fifth and Fourth Millennia BC – The Carpatho-Balkan Metallurgical Province (CBMP)  \(\text{28}\)
   - The Form and Economy of the Gigantic Tripol’ye Settlements – Nucleation of Population and the Development of Extensive Agriculture and Animal Husbandry, Particularly the Herding of Cattle  \(\text{39}\)
   - An Overview of the Social Archaeology of the Chalcolithic from the Northern Balkans to the Volga and beyond from the Fifth to the Second Half of the Fourth Millennium BC  \(\text{46}\)
The Collapse of the Southeastern European Copper Age –
Single- and Multicausal Explanations from Invading Nomads
and Environmental Crises to Shifts in Interregional Relations
Biographical Sketch – E. N. Chernykh

3. The Caucasus – Donor and Recipient of Materials,
   Technologies, and Peoples to and from the Ancient
   Near East
   The Caucasus – Physical and Environmental Features and a
   Consideration of Earlier Chalcolithic Developments
   The Maikop Culture of the Northern Caucasus – A Review of Its
   Kurgans, Settlements, and Metals; Accounting for Its Origins
   and Wealth and a Consideration of Its Subsistence Economy
   The Kura-Araxes Cultural-Historical Community (Obshchnost’)
   of Transcaucasia – The History of Its Research and
   the Distribution of Its Settlements Documenting the Initial
   Dense Occupation of Different Altitudinal Zones throughout
   the Southern Caucasus and Adjacent Regions; the Nature of
   These Settlements and Evidence for Social Differentiation;
   the Spread of Kura-Araxes Peoples into the Near
   East in the Late Fourth to Middle Third Millennium BC
   The Caspian Coastal Plain of Southeastern Daghestan and
   Northeastern Azerbaijan – The Velikent Early and Middle
   Bronze “Component” of the Kura-Araxes
   “Cultural-Historical Community”; the Sequence from
   Velikent and Related Bronze Age Sites, ca. 3600–1900 BC
   The Early Kurgan Cultures of Transcaucasia – The Arrivals of
   New Peoples, Changes in Subsistence Economic Practices,
   and the Emergence of Social Complexity
   Conclusion – Some Later Developments in Caucasian Prehistory
   and Shifts in the Production and Exchange of Metals
   Biographical Sketch – R. M. Munchaev
   Biographical Sketch – M. G. Gadzhiev

4. Taming the Steppe – The Development of Mobile
   Economies: From Cattle Herders with Wagon to Horseback
   Riders Tending Mixed Herds; the Continued Eastward
   Expansion of Large-Scale Metallurgical Production
   and Exchange
   Archaeology on the Western Eurasian Steppes – A Short Sketch
   of the Recognition of Cultural Diversity and Its Relative
   Periodization
   New Perspectives on Pre-Pit Grave Interconnections on the
   Western Eurasian Steppes
   Horse Domestication and the Emergence of Eurasian Mounted
   Pastoral Nomadism
   Bronze Age Life on the Steppes: Pit Graves to Timber Graves –
   Major Patterns of Development and Changes in Ways of Life
   Bronze Age Herding vs. Eurasian Mounted Pastoral Nomadism
