- A-bar movement 306  
 ablaut 164  
 Abney, S. 360  
 accent (*see* phrasal stress)  
 accusative case 248, 251, 265–6, 356, 360–1  
 accusative possessors in Child English 359–61  
 accusative subjects  
   in Child English 355–8  
   in infinitive clauses 251  
 acquired language disorders 13, 213  
 acquisition of language (*see also* developmental linguistics) 408  
 acrolect 234  
 activation in psycholinguistics 202, 209  
 active articulator 31  
 active voice 137  
 additions in speech errors 115  
 Adger, D. 267  
 adjacency pairs 401  
 adjectives 130  
   comparative form of 130  
   and derivational morphology 144  
   dimensional 175–6, 177, 179  
   incorporation 161  
   in language acquisition 187  
   superlative form of 130  
 adjuncts 249, 331  
 adverbs 130, 144  
 Affected Object 334–5  
 affix 140  
 Affix Attachment 273, 319  
 affricates 29  
 African American Vernacular English (AAVE)  
   agreement in 233, 237  
   double negation in 297  
   empty T in 271–2  
   inversion in 311–13  
   possessives in 237  
 age and variation in language use 235–6  
 age-graded sociolinguistic variables 16  
 Agent 305, 333, 334–5  
 agglutinating languages 156–7  
 agrammatism (*see also* Broca's aphasia) 214–17, 377–82, 385, 408  
   comprehension errors in 215, 216–17, 378–80  
   production errors in 215–16, 378  
 agreement 135, 137, 144–5, 233, 248  
   in AAVE 233, 237  
   in complement clauses 251  
   in East Anglian English 233  
   in EME 320  
   operations in syntax 264–5, 267–8, 306, 345, 407  
   in SLI 219, 385  
   in south western English 233  
 allomorphy 152  
 allomorphy 151–2  
   lexically conditioned 152  
   phonologically conditioned 152, 220  
   plural 188–9  
   third person singular present 220  
 allophones 77  
 allophonic variation 77  
 allophony 77  
 alternation in phonology 26, 83–5, 90, 152  
 alveolars 30, 109  
 alveopalatals (*see* palato-alveolars)  
 ambiguity (*see also* structural ambiguity) 5, 232  
 amelioration in semantic change 231  
 American English 55, 63, 71, 227  
 A-movement 306  
 Ancient Egyptian 119  
 antecedent 277  
   local for reflexives 277–8  
 anterior as phonological feature 86, 413  
 anticipations in speech errors 115, 117  
 antonyms 176, 208, 209  
 antonymy 176, 177–8  
 aphasia 11–13, 213–19  
   selective impairment in 213  
 apophony (*see* ablaut)  
 apparent-time method 16, 66  
 approximant as phonological feature 412  
 approximants 33  
   in child phonology 100–4  
 Arabic 81, 224  
 arbitrariness of the linguistic sign 205  
 argument movement (*see* A-movement)  
 arguments 130, 247  
 Armenian alphabet 119
