Contents

| | |
|--|----------------|
| <i>Preface</i> | <i>page xi</i> |
| Part I Bridging the gap between physics and the social sciences | 1 |
| 1 Probing bonds | 3 |
| 1.1 The Rutherford experiment | 6 |
| 1.2 Boiling points as test-probes | 10 |
| 1.3 Basic principles of the physics of mixing | 12 |
| 1.4 Immiscible liquids | 13 |
| 1.5 Physical properties of a mixture as a tool for exploring bonds | 14 |
| 1.6 Estimating the correlation length in social phenomena | 16 |
| 1.7 Outline of the book | 23 |
| Appendix Gauging the links between two twinned communities | 24 |
| 2 The battle against noise in physics | 26 |
| 2.1 Improving the signal to noise ratio in the pendulum experiment | 29 |
| 2.2 Noise reduction in the detection of gravitational waves | 31 |
| 2.3 Pattern matching: a simulation | 32 |
| 3 The battle against noise in the social sciences | 35 |
| 3.1 The extreme value technique | 35 |
| 3.2 Pattern matching: knowing when and what to observe | 38 |
| 3.3 Reducing noise by adding up several realizations | 43 |
| 3.4 Confidence intervals and statistical significance | 50 |
| 3.5 Upgrading statistical tests | 54 |
| 3.6 Conclusion | 60 |
| 4 Equilibrium and metastable states | 62 |
| 4.1 Equilibrium restoring forces | 63 |
| 4.2 Probing the strength of equilibrium restoring forces | 66 |
| 4.3 Metastable states in physics and chemistry | 71 |
| 4.4 Metastability, seeds and forms of post-revolution societies | 75 |

viii

Contents

| | | |
|--|--|------------|
| 5 | Are the data reliable? | 80 |
| 5.1 | The replication process for the Foucault pendulum experiment | 81 |
| 5.2 | The replication process for cold nuclear fusion | 84 |
| 5.3 | Biased suicide statistics | 85 |
| 5.4 | Interactions between Japanese population and occupation forces | 90 |
| 5.5 | Conclusions and perspectives | 99 |
| Part II Macro-interactions | | 101 |
| 6 | Shaping the Zeitgeist | 105 |
| 6.1 | Marketing campaigns: shaping the response of consumers | 106 |
| 6.2 | Public relations campaigns: example of cell phones in cars | 111 |
| 6.3 | Shaping the Zeitgeist: the promotion of neoliberalism | 115 |
| 6.4 | Tangible effects of neoliberal policies | 126 |
| 6.5 | A network perspective | 131 |
| | Appendix From Edward Bernays to Isaac Asimov | 132 |
| 7 | Bonds of vassalage | 135 |
| 7.1 | Role of the United States in the First Vietnam War | 137 |
| 7.2 | Ways and means | 145 |
| 7.3 | Identification of interference through the coincidence method | 146 |
| 8 | The absentee ownership syndrome | 150 |
| 8.1 | Land reform in Japan under General MacArthur | 150 |
| 8.2 | How the strength of interpersonal interactions conditions human behavior | 151 |
| 8.3 | Effects of absentee ownership in Ireland | 155 |
| 8.4 | Effect of segmentation on the effectiveness of a social system | 156 |
| 8.5 | Hardship as a side effect of absentee landlordism | 158 |
| 8.6 | The absentee landlord paradigm in history | 160 |
| 8.7 | Assessing interaction in settler colonies | 161 |
| 8.8 | Revolutions seen as a way to end absentee landlordism | 165 |
| 8.9 | Present-day manifestations of the absentee ownership syndrome | 165 |
| Part III Micro-interactions: a network explanation of suicide | | 169 |
| 9 | Effects of a male–female imbalance | 173 |
| 9.1 | Suicide rates of unmarried versus married people | 174 |
| 9.2 | Suicide rate in a population with a gender imbalance | 176 |
| 9.3 | Designing the experiment | 178 |
| 9.4 | Suicide rates as a function of sex ratio in groups of immigrants | 182 |
| 9.5 | Cross-sectional analysis | 185 |

Table of Contents

[More information](#)

| <i>Contents</i> | | ix |
|-----------------|--|-----|
| 9.6 | Male–female imbalance induced by war | 186 |
| | Appendix Suicide rate in a population with a sex ratio $r \neq 1$ | 190 |
| 10 | Effect of weakened marital bonds on suicide | 192 |
| 10.1 | Suicide rate of young widowers | 192 |
| 10.2 | Effect of falling marriage rates | 195 |
| 10.3 | Effect of a sudden upsurge in marriages | 197 |
| 10.4 | Connection between mean age of marriage and suicide rate | 198 |
| 10.5 | Longitudinal test | 199 |
| 10.6 | Cross-sectional analysis | 201 |
| 11 | Effect of social isolation on suicide | 205 |
| 11.1 | Effect of major historical events on suicide | 205 |
| 11.2 | Effect of social isolation on suicide | 209 |
| 11.3 | Effect of a rearrangement of social ties | 214 |
| 11.4 | Effect on suicide of the social disruption experienced by immigrants | 217 |
| 11.5 | Effect of immigration on suicide rates in the country of destination | 220 |
| 11.6 | Non-linear mixing relationships | 225 |
| 12 | Apoptosis | 231 |
| 12.1 | Apoptosis versus necrosis | 232 |
| 12.2 | Role of apoptosis in the development of multicellular organisms | 233 |
| 12.3 | Apoptosis in plants | 234 |
| 12.4 | Apoptosis in populations | 234 |
| 12.5 | Apoptosis in groups of mammals | 237 |
| 12.6 | Apoptosis in human societies | 238 |
| 13 | Perspectives | 241 |
| | <i>References</i> | 243 |
| | <i>Index</i> | 252 |
