INDEX RERUM

- a priori and a posteriori xix–xxi, 6
 analogy 98, 110–13
 analytic and synthetic xxi–xxv, 14, 25, 63, 70, 124–6
 synthetic propositions require a third something 126, 141
 animals 60, 95, 122, 163
 anthropology 4, 171
 antinomy of freedom 127, 145–6
 autonomy 102, 114–15, 173–5
 as property of the will 105
 author of law vs. author of obligation 107, 174
 explained by freedom 121
 beneficence 34, 85–6, 100, 178
 canon 3
 categorical imperative 68, 71
 as criterion of moral permissibility 76
 as synthetic practical principle 72, 125
 autonomy in a kingdom-of-ends variant 102–9
 canonical formulation 76
 categorical imperative concerns
 maxims, not external acts 76
 contradiction in conception 83, 86, 101
 contradiction in the will 83, 85, 86, 101, 159
 deduction of categorical imperative 139–44
 derivation of categorical imperative 73–5
 formula of humanity variant 90–9
 only the categorical imperative is a law 72
 relation between variants 97–8, 104, 109–13
 unconditional nature of 73
 universal-law-of-nature variant 77–9
 categories 2, 52, 58, 65, 111, 145, 147
 character 17, 20, 25, 66, 68, 90
 circle 131–3
 commonsense morality xii, xiii–xiv, 77, 134
 conscience xviii
 critique 12, 47, 48, 116
 deduction xxii, 72, 128, 139
 determinism 59, 127, 129, 138, 146
 dialectic 10, 47–8, 145
 dignity 43, 48, 101, 105, 108–9
 as deriving from autonomy 114
 as distinguished from price 108–9
 duty
 acting from duty 15, 27–30
 acting from duty constitutes goodness 125
 concept of duty 25
 derivation of positive duties 85
 duties of right vs. virtue 170
 duties only owed to persons, not to God 79, 95
 duties to the self 79, 87–8, 163
 extensiveness of duty 155–6
 indirect duty 36, 161–3, 170
 object of duty 87
 perfect vs. imperfect 79, 156
 perfect vs. imperfect derives from
 contradiction in conception vs. in the will 86
 perfect vs. imperfect derives from
 treating humanity never as mere means vs. always as an end 97
 positive duties 101
 education 47, 55, 58
 egalitarianism xvii, 46, 170
 ends 91, 175
 objective ends cannot be brought about by actions 93
 persons as objective ends 95
 subjective vs. objective 92
 enlightenment 16
 eudaemonism 21, 102, 178
 examples 53–6
 experience 51
 role of experience in morality 7
 fact of reason 13, 55, 143
 feeling 36, 42, 116, 117, 148
 form and matter 15, 38, 75, 111–12, 175
 freedom 176–8
 as ability to obey categorical imperative 102
 as the ‘keystone’ 11
 asymmetrical conception 165–6, 177
 freedom and morality as reciprocal concepts 132
 freedom as a concept of reason 145
 freedom must be presupposed 127
