

## CONTENTS

*List of Contributors*  
*Preface*

**Part I Infectious and Inflammatory Conditions**

- 1 Isolated angiitis of the central nervous system  
**Mathieu Zuber**
- 2 Temporal arteritis  
**A. Wesley Thevathasan and Stephen M. Davis**
- 3 Varicella zoster and other virus-related cerebral vasculopathy  
**Matthias Bischof and Ralf W. Baumgartner**
- 4 Takayasu disease  
**Yukito Shinohara**
- 5 Bürger's disease (thrombangiitis obliterans)  
**Hans-Christoph Diener and Tobias Kurth**
- 6 Neurosyphilis and stroke  
**Larry E. Davis and Glenn D. Graham**
- 7 Vasculitis and stroke due to tuberculosis  
**Sarosh M. Katrak**
- 8 Stroke due to fungal infections  
**Daniel B. Hier and Louis R. Caplan**
- 9 Stroke and vasculitis in patients with cysticercosis  
**Oscar H. Del Brutto**
- 10 Stroke in patients with Lyme disease  
**John J. Halperin**
- 11 Behcet's disease  
**Emre Kumral**
- 12 Stroke and neurosarcoidosis  
**Olukemi A. Olugemo and Barney J. Stern**
- 13 Kawasaki disease: cerebrovascular and neurologic complications  
**Jonathan Lipton and Michael J. Rivkin**

ix		14	87
xv		Cerebrovascular problems in Chagas' disease <b>Ayrton Roberto Massaro</b>	
1		15	93
		Stroke in persons infected with HIV <b>Vivian U. Fritz and Alan Bryer</b>	
9			
		<b>Part II Hereditary and Genetic Conditions and Malformations</b>	
16		16	101
		Pulmonary arteriovenous malformations <b>Julien Morier and Patrik Michel</b>	
17		17	109
		Hereditary hemorrhagic telangiectasia (Osler-Weber-Rendu disease) <b>Mathieu Zuber</b>	
27		18	115
		Cerebral autosomal dominant arteriopathy with subcortical infarcts and leukoencephalopathy (CADASIL) <b>Hugues Chabriat and Marie Germaine Bousser</b>	
33		19	123
		Cerebrovascular complications of Fabry's disease <b>Panayiotis Mitsias, Nikolaos I. H. Papamitsakis, Colum F. Amory, and Steven R. Levine</b>	
41		20	131
		Marfan's syndrome <b>Luis Cunha</b>	
47		21	135
		Pseudoxanthoma elasticum <b>Louis R. Caplan and Chin-Sang Chung</b>	
53		22	139
		Ehlers-Danlos syndrome <b>E. Steve Roach</b>	
59		23	145
		Progeria <b>E. Steve Roach, Irena Anselm, N. Paul Rosman, and Louis R. Caplan</b>	
67		24	149
		MELAS and other mitochondrial disorders <b>Lorenz Hirt</b>	
75		25	155
		Sturge-Weber syndrome <b>E. Steve Roach, Jorge Vidaurre, and Khaled Zamel</b>	
81		26	163
		Von Hippel-Lindau disease <b>Amir R. Dehdashti and Luca Regli</b>	

**Contents**

27	Aneurysms Taro Kaibara and Roberto C. Heros	171	42	Cerebrovascular complications of Henoch-Schönlein purpura Sean I. Savitz and Louis R. Caplan	309
28	Arteriovenous malformations of the brain Taro Kaibara and Roberto C. Heros	181	<b>Part V Systemic Disorders that also involve the Cerebrovascular System</b>		
29	Cerebral cavernous malformations and developmental venous anomalies Philippe Metellus, Siddharth Kharkar, Doris Lin, Sumit Kapoor, and Daniele Rigamonti	189	43	Microscopic polyangiitis and polyarteritis nodosa Marc D. Reichhart, Reto Meuli, and Julien Bogousslavsky	311
30	Cerebrovascular manifestations of neurofibromatosis Krassen Nedeltchev and Heinrich P. Mattle	221	44	Churg-Strauss syndrome Manu Mehdiratta and Louis R. Caplan	331
31	Menkes disease (kinky hair disease) John H. Menkes	225	45	Systemic lupus erythematosus Nancy Futrell	335
32	Wyburn-Mason syndrome Stephen D. Reck and Jonathan D. Trobe	231	46	Rheumatoid arthritis and cerebrovascular disease Elayna O. Rubens and Sean I. Savitz	343
<b>Part III Vascular Conditions of the Eyes, Ears, and Brain</b>					
33	Eales retinopathy Valérie Biousse	235	47	Hyperviscosity and stroke John F. Dashe	347
34	Acute posterior multifocal placoid pigment epitheliopathy Marc D. Reichhart	237	48	Calcium, hypercalcemia, magnesium, and brain ischemia Philip B. Gorelick and Michael A. Sloan	357
35	Microangiopathy of the retina, inner ear, and brain: Susac's syndrome Isabel Lestro Henriques, Julien Bogousslavsky, and Louis R. Caplan	247	49	Stroke and substance abuse John C. M. Brust	365
36	Hereditary endotheliopathy with retinopathy, nephropathy, and stroke (HERNS) Joanna C. Jen and Robert W. Baloh	255	50	Cancer and paraneoplastic strokes Rogelio Leira, Antonio Dávalos, and José Castillo	371
37	Cogan's syndrome Olivier Calvetti and Valérie Biousse	259	51	Kohlmeier-Degos' disease (malignant atrophic papulosis) Oriana Thompson and Daniel M. Rosenbaum	377
<b>Part IV Disorders Involving Abnormal Coagulation</b>					
38	Anti-phospholipid antibody syndrome Jose F. Roldan and Robin L. Brey	263	52	Stroke in patients who have inflammatory bowel disease Michael A. De Georgia and David Z. Rose	381
39	Disseminated intravascular disease Robert J. Schwartzman and Monisha Kumar	275	53	Sweet's syndrome (acute febrile neutrophilic dermatosis) Bernhard Neundörfer	387
40	Bleeding disorders and thrombophilia Dana Védy, Marc Schapira, and Anne Angelillo-Scherrer	283	54	Nephrotic syndrome and other renal diseases and stroke Rima M. Dafer, José Biller, and Alfredo M. Lopez-Yunez	391
41	Thrombotic thrombocytopenic purpura Jorge Moncayo-Gaete	301	55	Epidermal nevus syndrome Bhuwan P. Garg	401

**Contents**

56	Sneddon's syndrome <i>Jacques L. De Reuck and Jan L. De Bleecker</i>	405	<b>Part VIII Vasospastic Conditions and Other Miscellaneous Vasculopathies</b>	
57	Mitochondrial and metabolic causes of stroke <i>Rima M. Dafer, Betsy B. Love, Engin Y. Yilmaz, and José Biller</i>	413	67 Reversible cerebral vasoconstriction syndromes <i>Aneesh B. Singhal, Walter J. Koroshetz, and Louis R. Caplan</i>	505
58	Bone disorders and cerebrovascular diseases <i>Natan M. Bornstein and Alexander Y. Gur</i>	423	68 Eclampsia and stroke during pregnancy and the puerperium <i>Kathleen B. Digre, Michael Varner, and Louis R. Caplan</i>	515
59	Scleroderma <i>Elayna O. Rubens</i>	429	69 Migraine and migraine-like conditions <i>Sean I. Savitz and Louis R. Caplan</i>	529
<b>Part VI Noninflammatory Disorders of the Arterial Wall</b>				
60	Cervico-cephalic arterial dissections <i>Marcel Arnold and Mathias Sturzenegger</i>	433	<b>Part IX Other Miscellaneous Conditions</b>	
61	Cerebral amyloid angiopathies <i>Charlotte Cordonnier and Didier Leys</i>	455	70 Intravascular lymphoma <i>Elayna O. Rubens</i>	533
62	Moya-moya syndrome <i>Harold P. Adams, Jr., Patricia Davis, and Michael Hennerici</i>	465	71 Other conditions (aortic dissections, radiation-induced vascular disease and strokes, hypereosinophilic syndrome, lymphomatoid granulomatosis, Divry-van Bogaert syndrome, Blue rubber bleb nevus syndrome) <i>Louis R. Caplan</i>	539
63	Dilatative arteriopathy (dolichoectasia) <i>Louis R. Caplan and Sean I. Savitz</i>	479	<i>Index</i>	545
64	Paradoxical embolism and stroke <i>Cyrus K. Dastur and Steven C. Cramer</i>	483	The color plates appear between pages 80 and 81	
65	Fibromuscular dysplasia <i>Louis R. Caplan</i>	491		
<b>Part VII Venous Occlusive Conditions</b>				
66	Cerebral venous sinus thrombosis <i>Manu Mehdiratta, Sandeep Kumar, Magdy Selim, and Louis R. Caplan</i>	497
