Hair Transplantation

Hair Transplantation is a fully illustrated reference book that provides a state-of-the-art overview of all aspects of hair transplantation. Using a combination of written text, color photographs, and tables, eleven leading physicians and practitioners in the field discuss the latest surgical procedures to restore a natural-looking frame of hair to the face.

This volume is an indispensable reference for both experienced and novice dermatologists, plastic surgeons, and physicians interested in hair transplant surgery.

Dr. Marc R. Avram is Clinical Associate Professor of Dermatology at New York Presbyterian Hospital, Weill Medical College at Cornell Medical School, and serves as Chief of Dermatology at Long Island College Hospital, New York. He has written numerous peer-reviewed papers and book chapters on hair transplantation, serves as an editor on several leading peer-reviewed cosmetic dermatology journals, and has given more than 300 invited lectures. He maintains a private practice in New York City.

Dr. Nicole E. Rogers is a Clinical Assistant Professor of Dermatology at Tulane University School of Medicine in New Orleans, Louisiana. She completed a fellowship with Dr. Marc Avram in hair transplantation shortly after finishing residency at Tulane. She is in private practice in Metairie, Louisiana.
