- assessment, 50
 - Bayesian consistent, 50
- asymmetric information, 95
- axiomatic models of bargaining, 192
- backward induction, 43, 82
- bargaining function, 194
- bargaining problem, 194
- bargaining round, 78
- bargaining solution, 195
- Battle of the Sexes game, 25
- Bayesian consistency, 49
- Bayesian hypothesis, 87
- bidding language, 144
- binding agreements, 193
- bounded rationality, 22
- combinatorial auctions, 144
- common knowledge, 95
- complete-information game, 86
- Condorcet's paradox, 226
- conflict deal, 76
- congestion, 150
- consistent assessment, 52
- constant sum game, 54
- continuous time, 96
- cooperative game, 192
- credible threat, 79
- crowdsourcing, 218
- cumulative utility, 100
- data allocation domain, 67
- dichotomous preference relations, 61
- disagreement outcome, 193
- disagreement point, 195
- discount factor, 80
- dominant-strategy equilibrium, 23
- dynamic programming, 116
- egalitarian function, 33
- endogenous agenda, 137
- envy freeness, 231
- exogenous agenda, 137
- expected utility, 22
- exponential discounting, 81
- extensive form, 47, 50
- fair division, 231
- feasible outcome, 194
- first mover, 84
- first mover function, 130
- fixed cost, 80
- fixed-threat bargaining problem, 198
- free-for-all markets, 150
- frictionless bargaining, 76
- fully polynomial time approximation scheme, 116
- game
 - extensive form, 17, 35
 - non-zero sum, 19
 - normal form, 17
 - zero-sum, 19
- global procedure, 98
- greedy approach, 102

- impatient player, 79
- imperfect information, 40
- implementation rule, 98
- incomplete-information game, 86
- independence of irrelevant alternatives, 196
- independent issues, 99
- individual monotonicity, 198
- individual rational, 195
- individual rationality, 196
- indivisible issues, 99, 114
- integer knapsack problem, 114
- invariance, 196
- issue-by-issue individual monotonicity, 200
- match, 149
- matching pennies game, 19
- mixed strategy, 20, 40
- monotonic concession protocol, 201
- monotonicity, 197
- multi-issue negotiation, 97, 199
- multilateral bargaining, 197
- Nash bargaining solution, 194
- Nash equilibrium, 24
- Nash program, 192
- negotiation
 - many-to-many, 139, 145
