- annealed, 64, 142
 asset exchange model, 46, 47, 50
 autoregressive model, 139
- Boltzmann equation, 119, 121, 146–149
 Bouchaud–Mézard model, 36, 37, 39–41
- Chakraborti–Chakrabarti (CC) model, 57, 72, 75, 83, 84, 102, 114, 116, 141, 146, 154, 157, 158, 194
 Champernowne model, 35, 36, 171, 177, 178, 182
 Chatterjee–Chakrabarti–Manna (CCM) model, 59, 70, 72, 75, 76, 78, 80, 84, 85, 101–103, 114, 127, 134, 142, 194, 195
 Cobb–Douglas function, 151, 163, 166, 194
 commodity, 8, 52, 58, 87, 88, 91, 92, 94, 96, 152–153, 156, 165
 consensus, 198
 conservation, 39, 52, 56, 57, 66, 99, 105, 136, 139, 143–145, 148, 149
 correlation, 65, 80, 105, 161, 162
 correlation function, 80
- debt, 8, 13, 105–107
 distributed savings, 59, 60, 64, 68, 69, 70, 132
 distribution function, 28, 37, 83, 84, 115, 120, 139, 143, 172, 174, 175, 177, 199
 Drăgulescu–Yakovenko (DY) model, 56, 70, 82, 105
- entropy, 53, 54, 57, 113, 136, 139, 146, 149, 166, 193–196
 equilibrium, 52, 54, 66–68, 70, 80, 88, 92, 114, 116, 118, 119, 124, 133, 135, 136, 139, 146, 152, 153, 164, 165, 169, 171, 172, 181, 182, 184, 185, 190
 ergodic, 110, 169, 184
- gamma distribution, 58, 59, 90, 102, 116–119, 124, 175–177
 gamma function, 20, 21, 34, 58, 89, 116, 164, 175
 gas model, 55, 87, 97, 109, 112, 116, 124, 125, 144, 145
- Gibbs distribution, 2, 3, 4, 7, 12, 14, 18, 56, 60, 62, 92–94, 109, 110, 116, 117, 124, 133, 135, 158, 175, 194
 Gibrat’s law, 35, 40, 169
 Gini coefficient, 7, 28, 29, 30, 34, 113, 198
 global market, 163
- ideal gas, 4, 112, 119, 158, 175
 income distribution data, 7, 9, 10, 12, 16, 18–20, 23, 24, 26, 29, 30–32, 34
 inequality, 1, 7, 18, 28, 29, 31, 36, 39, 54, 59, 160, 162, 163, 168, 170, 172, 174, 179, 187, 188, 190–193, 195–198
 inequality reversal, 150, 161
- kinetic theory, 55, 112, 119, 125
 Kuznets curve, 161, 163
- log-normal, 7, 9, 10, 12, 13, 35, 36, 39, 40, 54, 170, 175–177
 Lorenz curve, 28–31, 33, 34, 113, 174, 191, 197
 Lotka–Volterra model, 36
- master equation, 127, 129, 131
 money, 7, 8, 10, 11, 14, 20, 36, 37, 39, 41, 55–57, 59, 60, 62, 64, 65, 70–72, 75, 82–84, 86–92, 94–96, 100–102, 105–107, 114–116, 124, 127, 128, 132, 150–154, 156–159, 161–166, 176, 189
 multiplicative process, 35–39, 44, 47, 50, 51, 143
- network, 39, 40, 97–99, 101–104
 non-consumable commodity, 87
- opinion, 198
- Pareto exponent, 2, 3, 9, 14, 16, 24–26, 38, 42, 52, 62, 64, 65, 69, 70, 132, 173
 Pareto law, 1, 7, 9, 14, 35, 36, 60, 63, 67, 90, 103, 173, 175, 191, 192
 poverty line, 45, 109
