Illustrations

1.1 Map of Co. Clare, Ireland.  page 20
2.1 Physical map of Co. Clare.  23
2.2 Co. Clare – general geological regions.  24
2.3 Rainfall distribution in Co. Clare on an average annual basis.  25
3.1 Co. Clare in the Late Iron Age.  28
3.2 Plan of Mooghaun hill-fort by Thomas J. Westropp.  33
3.3 Haughey’s Fort and the King’s Stables.  34
3.4 Kinship diagram of St. Crónán’s family from Vita St. Cronnani Abbatis de Ros Cré.  35
3.5 Hypothetical kinship diagram for Co. Clare’s ancestral deities.  37
3.6 Teampall Chrónán – plan of site and environs.  38
3.7 Teampall Chrónán – photo of the church and a tent-shaped shrine from the south.  39
3.8 The Carron turlough as it usually appears in the summer, photographed in 1985.  39
3.9 The Carron turlough in August 1985 after a period of prolonged rain.  40
3.10 The origin myth of Co. Clare’s principal Iron Age gods.  40
3.11 The geography of Betha Meic Creiche.  48
3.12 Caherballykinvarga.  50
3.13 Excavation plan of Dún Aonghasa, Inis Mór, Co. Galway.  51
3.14 Carn Connachtach (Carn Mhic-Táil), Ballygheely, Co. Clare.  53
3.15 Map of Burren and Corcomroe baronies showing primary parishes.  59
### Illustrations

3.16 Co. Clare in the eighth century AD, showing the direction and impact of invasions by the Cíarraige, Uí Fidgeinti, and In Déis Tuaiscirt. 61
3.17 Levels of political organization in Co. Clare and West Munster in the Early Middle Ages. 62
4.1 Townlands of Carran parish (Burren Barony) and Killinaboy parish (Inchiquin Barony) selected for intensive survey. 78
4.2 Northwestern Co. Clare, showing the extent of the area that had been extensively surveyed by the Cahercommaun Project by the end of 1986. 79
4.3 The townlands selected for intensive survey by the Cahercommaun Project, viewed against local topography. 82
4.4 Clooncoose (*Cluain Cuais*) viewed from Teeskagh townland. 83
4.5 The extent of the intensive survey as of the end of the 1993 field season. 85
5.1 Site plan of Cahercommaun. 90
5.2 Plan of Caherconnell. 91
5.3 Plan of the enclosure of C-79, Cahermore, Ballyallaban townland. 92
5.4 Cahermore from the air. 93
5.5 Cahercommaun – plan of the central enclosure. 100
5.6 Plan of C-82, Caherballykinvarga. 101
5.7 Graph comparing the shape of house foundations with enclosure wall thickness. 102
5.8 Plan of a multicomponent area of archaeological remains in Tullycommon townland. 104
5.9 Aerial photo of the site C-19 (bivallate cashel) and associated archaeological remains in Tullycommon townland. 105
5.10 Plan of C-111, Teeskagh townland. 106
5.11 Regression graph of the dimensions of stones within the walls of three ecclesiastical buildings found within the survey area. 112
5.12 Regression graph comparing the means of the dimensions of stones within the walls of churches and cashels within the study region. 112
5.13 Regression graph of the means of the dimensions of stones within the central enclosure walls of a sample of the cashels of the study region at the 1–100 cm elevation. 114
Illustrations

5.14 The cashel sample sorted into four social classes, with a regression line fit onto the data from chiefdom capital sites. 115
5.15 Regression graph of the means of the dimensions of stones within the central enclosure walls of a sample of the cashels of the study region at the 100–200 cm elevation. 116
5.16 Bar graphs showing the length of stones from samples of the walls of Caherballykinvarga and Cahercommaun. 117
5.17 Bar graphs showing the length of stones from samples of the walls of Cahermackerrila and Cahergrillaun. 118
5.18 Regression comparison of the percentage of chinking stones in cashel enclosure walls against mean stone length at the 0–100 cm elevation. 120
5.19 Regression comparison of the variables of inner enclosure wall thickness and stone length within a sample of the study region’s cashels. 121
5.20 Regression comparison of the variables of wall thickness and stone length restricted to the chiefdom capital sites and Caherconnell. 122
5.21 Regression comparison of the variables of mean stone length and thickness at the 0–100 cm elevation of the enclosure walls of the study region’s section capitals. 122
5.22 Regression comparison of the variables of mean stone length and thickness at the 0–100 cm elevation of the enclosure walls of homesteads thought to have belonged to lineage leaders. 123
5.23 Bar graph showing the distribution of the diameters of the enclosures of both surveyed raths and cashels. 131
5.24 Bar graph showing the distribution of the diameters of seriated cashel sites. 131
5.25 Relief map of Burron Barony with the 400-ft. and 600-ft. contours indicated. 132
5.26 Bar graph showing the distribution of surveyed rath and cashel sites by the volume of material in their enclosure walls. 133
5.27 Bar graph showing the distribution of the seriated cashel settlements by wall volume. 134
5.28 A lineage cluster in the vicinity of Tulach Commán, Tullycommon, Co. Clare. 136
Illustrations

6.1 Tumble wall varieties from the Glasgeivnagh Plateau. 142
6.2 Plan of C-291, Tullycommon townland. 145
6.3 Plan of C-190, Tullycommon townland, and a section of its enclosure wall. 146
6.4 The Early Medieval III–IV field systems of the Glasgeivnagh Plateau. 147
6.5 Field boundary walls and enclosures in the immediate vicinity of Cahercommaun. 147
6.6 Scatter plot comparison of the means of length and thickness of slabs found within 2 x 1 meter sample sections of the external wall faces of cashels and rectangular enclosures. 148
6.7 Plan of the rectangular enclosure C-64, Teeskagh townland, Co. Clare. 149
6.8 Proposed social demarcations of the landscape surrounding Cahercommaun (Ir. Cathair Commain) showing a principal division of the land between the aristocratic inhabitants of Cahercommaun and commoner lineages. 152
6.9 Reconstruction of the eighth/ninth-century chiefdom Tulach Commain. 158
6.10 Plan of C-28 Tulach Commain. 162
7.1 Distribution of sites with three enclosure walls in the survey region. 174
8.1 Plan and section of the mounds at Magh Adhair. 183
8.2 Cahercalla Cashel near Quin, Co. Clare. 185
8.3 Reconstruction of the composite chiefdom of the Dál Cais in the ninth to tenth centuries AD. 186
8.4 Map of the dioceses of Killenora (Cill Fhinabrach) and Killaloe (Cill Dalua) showing the principal sites in each. 187
9.1 The thirteenth-century political divisions of Thomond. 204
9.2 The chiefdom capitals of Thomond cited in Cai tér Thoirdeabhalbaigh and the landholding of Mathgamain Úi Briain. 207
10.1 1685 Down Survey map of Co. Clare by Sir William Petty, showing disposition of baronies, parishes, and townlands. 224
10.2 Co. Clare – showing the current barony divisions. 225
10.3 Map showing the distribution of barony territories within Co. Clare during the Tudor period. 227
10.4 The Tudor period parishes of Burren Barony. 238
Illustrations

10.5 Simplified relief map of the Late Medieval chieftdom of Gragans. 240
10.6 Soil suitability map of the Burren, Co. Clare. 241
10.7 The present-day road system of the Burren, Co. Clare. 243
10.8 The probable secular territories of the sixteenth-century Gragans chieftdom that are listed in the Tripartite Deed. 248
10.9 Gragans tower-house, the seat of the O'Lochlainn chieftains, photographed in 1990. 249
10.10 Reconstruction of the Medieval primary parishes of the Burren. 254
10.11 Model of the territorial structure of an Irish composite chieftdom. 263
