Every effort has been made in preparing this book to provide  
 accurate and up-to-date information which is in accord with  
 accepted standards and practice at the time of publication. Although  
 case histories are drawn from actual cases, every effort has been made  
 to disguise the identities of the individuals involved. Nevertheless, the  
 authors, editors and publishers can make no warranties that the  
 information contained herein is totally free from error, not least  
 because clinical standards are constantly changing through research  
 and regulation. The authors, editors and publishers therefore  
 disclaim all liability for direct or consequential damages resulting  
 from the use of material contained in this book. Readers are strongly  
 advised to pay careful attention to information provided by the  
 manufacturer of any drugs or equipment that they plan to use.
