 harmonisation and, 39
- Audiovisual services, classification scheme, 78, 167–173, 176
- Australia
 ASEAN–Australia–New Zealand Free Trade Area, 54, 199, 215
 Chile, PTA with, 215
 classification scheme, proposals regarding, 169
 Singapore, PTA with, 211, 215
 Thailand, PTA with, 211
 United States, PTA with, 201, 203, 209
 WIPO Internet treaties and, 188–189, 214, 385
- Authoritarian capitalism, 338–339
- Authors Guild, 350
- Automatic data processing machines (ADPs), 69
- Balance of payments (BOP)
 statistics, 177
- Barlow, John Perry, 300–301, 304, 311
- Berne Convention for the Protection of Literary and Artistic Works of 1886
 ACTA and, 325
 digital revolution and, 307–308
 generally, 3–4
 interoperability and, 140
 orphan works and, 350, 358, 359
 WIPO Internet treaties compared, 368, 370–371, 386
- Better Regulation Directive (EU), 228
- Bhagwati, Jagdish, 193
- BiD Network, 446
- Bill and Melinda Gates Foundation, 441
- Blogger, 251, 252
- BOP (Balance of payments)
 statistics, 177
- Brazil
 research and development in, 329
 social networks in, 423
 WIPO Development Agenda and, 375
- Brazil – Retreaded Tyres case*, 288
- Brewster, Kingman, 35
- British Screen Advisory Council, 355
- Burri, Mira, 11
- Bush, George W., 103
- CAFTA-DR (Central American Free Trade Agreement)
 protectionism and, 138
 WIPO Internet treaties compared, 387
- Canada
 Colombia, PTA with, 54
 Copyright Act, 348, 354, 355
 Copyright Board, 353–358
 dematerialised architecture and, 24
 orphan works, approach to, 350, 353–358
 Peru, PTA with, 54

- WIPO Internet treaties and, 368–369, 379, 388
- Cave, J., 403
- CBD (Convention on Biological Diversity), 335
- CBI (Centre for the Promotion of Imports from Developing Countries), 430
- CDIP (Committee on Development and Intellectual Property), 329
- Censorship in China, trade law challenges to
 - advertising services, 251–252, 257–258
 - commitments under trade laws, 257–262
 - computer services, 260–261
 - database services, 255–257, 258–260
 - data storage and retrieval services, 253–255
 - domestic regulation requirements and, 264–266
 - generally, 247–248, 273–274
 - Google, blocking of, 249–250
 - historical background, 248–249
 - hosting and publications services, 251, 252
 - most-favoured nation (MFN) obligations and, 267
 - national treatment obligations and, 262–263
 - necessity requirement and, 270–272
 - nondiscrimination requirement and, 272–273
 - public morals exception and, 268–269
 - public order exception and, 270
 - searching services, 251
 - selective filtering distinguished, 261–262
 - telecommunications services, 260–261
 - video distribution services, 252–253, 258
- Central American Free Trade Agreement (CAFTA-DR)
 - protectionism and, 138
 - WIPO Internet treaties compared, 387
- Central Product Classification (CPC)
 - audiovisual services, 167–173
 - censorship in China, trade law challenges to (*See* Censorship in China, trade law challenges to)
 - computer services, 163–167
 - CPC list, 77–81
 - digital trade issues, 183
 - generally, 159
 - ICT-enabled services, 173–175
 - telecommunications, 160–163
 - trade in services, 202–204
- Centre for the Promotion of Imports from Developing Countries (CBI), 430
- CEPT (European Conference of Postal and Telecommunications Administrations), 52
- Cerf, Vincent, 225–226
- CERN (Conseil Européen pour la Recherche Nucléaire), 305
- Chander, Anupam, 9
- Changing participatory rules, norm-making and, 323–330
- Chile
 - Australia, PTA with, 215
 - European Union, PTA with, 193, 211–214
 - United States, PTA with, 214
 - WIPO Internet treaties and, 375–376
- China
 - Africa, trade with, 438–439
 - authoritarian capitalism in, 338–339
 - censorship, trade law challenges to (*See* Censorship in China, trade law challenges to)
 - Constitution, 270
 - dominance test in, 237, 240
 - electronic communications services, disputes regarding, 80, 81
 - Foreign Capital Enterprise Law, 133–134
 - innovation in, 337–338, 340
 - Internet usage in, 398–399
 - Joint Venture Law, 133–134
 - political dissidents in, 41
 - research and development in, 329
 - WTO, Accession Protocol, 133–134, 277

- CISG (Convention on the International Sale of Goods), 22–23
- Citizens Rights Directive (EU), 228
- Class action litigation regarding orphan works, 350–353, 357
- Classification scheme under GATS
 audiovisual services, 78,
 167–173, 176
 Australia, proposals by, 169
 computer services, 163–167, 176
 digital products, 183
 digital revolution and, 316, 318
 emerging options, 175–176
 European Union, proposals by,
 162–163, 165–166
 functionality, based on, 175–176
 ICT-enabled services, 173–175
 nomenclature, 176–178
 outsourcing and, 176
 reasons for, 157–160
 regional trade agreements and, 173
 Switzerland, proposals by, 169
 telecommunications, 77–78, 160–163
 United States, proposals by, 162–163,
 168–169
- Clinton, Bill, 408
- Clinton, Hillary, 408
- Cloud computing
 benefits of, 142–143
 Cloud Infrastructure as a Service (IaaS), 142
 Cloud Platform as a Service (PaaS),
 142, 143
 compliance in, 145
 data privacy in, 145
 data retention in, 145
 data security in, 145
 defined, 142
 differentiated quality-of-service (QoS), scenarios for resolving coordination problem in, 99
 generally, 135, 141–142
 Grid and Software as a Service (SaaS), 142, 143
 innovation in, 145
 legal interoperability and, 144–147
 responsibility in, 145
 technical interoperability and,
 143–144
 trade and, 147
 transparency in, 144–145
 Web 2.0, 142
- Cloud Computing Advancement Act, 146
- Colombia, PTA with Canada, 54
- Comcast, 92, 116
- Comity, 36–37
- Comments on the Latest Prussian Censorship Instruction* (Marx), 248
- Commission on International Trade Law (UNCITRAL)
 generally, 22–23
 global information law and, 51
 Model Law on Electronic Signatures,
 54–55
- Committee on Development and Intellectual Property (CDIP), 329
- Committee on the Peaceful Uses of Outer Space (UNCOPUOS), 58
- Communications equipment
 access to, 68–72
 automatic data processing machines (ADPs), 69
 flat panel display devices (FPDs),
 70–71
 GATT and, 71, 89
 generally, 68
 ITA and, 68–71
 ITU and, 72, 73
 multifunctional digital machines (MFMs), 70–71
 no general right to purchase, 71–72

- set-top boxes which have
communication function (STBCs),
70–71
standards applicable to, 72–74
technical regulations applicable to,
72–74
- Complexity of issues, 6–7
- Component parts, defining in layered
policy model, 229, 235
- Computer services, classification
scheme, 163–167, 176
- Conference on Trade and Development
(UNCTAD)
Division on Investment and
Enterprise, 447
e-mentoring in Africa and, 433,
447–448, 451
EMPRETEC Centres, 447, 448, 450
non-state actors and, 335
global information law and, 50–51
- Conseil Européen pour la Recherche
Nucléaire (CERN), 305
