- Abelson, R. P. 41  
 Abercrombie, L. 206  
 absorption 58, 73, 108, 110, 112, 125,  
 130, 288, 332  
   interest and disgust 65, 190–2  
 abstract explanatory metaphors 199  
 abstract thought 32, 72, 136–7, 332  
 acetylcholine 279  
 act-oriented metaphors 200, 202–4  
 action  
   motivated 107–8, 135  
   and reaction 57–8  
   voluntary and involuntary 86–9  
 action model 13–15, 47, 112, 117, 135,  
 137, 152, 202  
   appraised situations and motivated  
   actions 112–14  
   automaticity 127  
   formula 116, 146  
   motivational 83  
   neural foundations 134, 137–42  
   tonic activation processes 134–5  
 action tendency 101–2  
 activation theory 101  
 act-psychology 79  
 actor–observer asymmetry 5–6  
 adaptation 57, 88–9  
 adaptationist reductionism 262  
 adrenalin injections, effects of 90–5, 116  
 Adrian VI, Pope 67  
 aesthetic attitude 10, 153, 255, 336  
   everyday processing 156–8  
   role of prefrontal cortex 293–5  
 aesthetic distance 181, 211, 288, 312,  
 314–15, 336  
   and personal self 177, 181–2  
   principle of optimizing 286  
   psychical distance 181  
 aesthetic education 177  
 aesthetic effectance 154  
 aesthetic engagement, reflective model  
 187  
 aesthetic episodes  
   bottom-up approach 155, 336–7  
   top-down processing 153–4,  
   336–8  
 aesthetic experience 285  
   depth of 326  
 aesthetic illusion 177  
 aesthetic plasticity 286  
 aesthetic processing 158, 177–80  
 aesthetic reception 285  
   empirical narrative 287–8  
   fundamental principles 286–7  
   literary 302–4, 306–9  
   visual 289–302, 304–6  
 aesthetic relations 12  
 aesthetic science 171  
 aesthetic structure 158–69  
   holistic Gestalt approach 161–3  
   information theory and the cognitive-  
   motivational approach 159–61  
   phenomenological and existential  
   approach 167–9  
   psychodynamic approach 163–7  
 aesthetics  
   cognitive and affective hierarchies 183  
   contribution to Emotional Phase  
   Theory 326–31  
   early theory 122  
   role of emotion 11–13  
   Tao of 295–7, 329  
 affect/s 34–5, 74–5, 118–22, 129–30, 321  
 affective absorption 176, 336–7  
 affective covariation 286, 329  
 affective equivalence 75  
 affective judgments 327  
 affective priming 116–18, 286, 300–1,  
 315, 329  
 affective responses 176–7  
 affective states, modulation 115  
 affiliation 110  
*Aktualgenese* 10, 125, 163, 170, 286, 298  
 Alexander, M. P. 145  
 alexithymia 114–15  
 allegorical/narrative approach 300–2  
 Allport, Gordon 23  
 Alpert, Barbara 257  
 Amati, D. 276, 278  
 amygdala 65, 135, 143, 149–50, 278, 325  
 analog self 63, 283, 338  
 analogical processes 197–9

374 *Index*
