

## Selective Subject Index

NB: less significant instances are generally not listed, especially for frequently occurring terms (e.g. palace, seal, witness). For convenience, the symbol || introduces one or more indexed Akkadian terms which equate to some or all of the references in the entry. In this and the other indices page numbers in bold indicate passages of which the entry in question is the principal topic.

- accountant, 390–1, 400, 405  
 accounts, 50, **69–70**, 90, 106, 141, 162, **175–6**, 273, 278, 290, 292, 329, 338, 380, 418; || *nikkassu*
