competitive behavior
- affective divergence and diversity and, 109–112
- appeasement and reduction of, 96–98
- appropriateness of emotional expressions in, 67–68
- inferential processes and, 50–52
- interpersonal effects of emotions and, 8 in negotiations, 132–135
- social predisposition to, 27–30

complementary states
- affective reactions, 38, 42–43, 125–127
- disappointment/sadness and complementary guilt/compassion, 127–128
- judgment and behavior and, 43–45
- third party emotional expressions and, 160–162

computer-mediated interaction
- negotiation paradigm and, 125–127, 128–134
- primitive emotional contagion and, 38–42
- social effects of emotions and, 201–203

concessionary behavior
- anger as trigger for, 125–127
- display rules in negotiations and, 138–142
- inferential processes in negotiation and, 128–132
- information processing in negotiation and, 135–138
- confirmation bias, group affective divergence and, 110–111
- conflict
- disappointment, expression of and, 132–134
- discrete emotions in, 218–221
- emotional intelligence in, 142–143

Consumer behavior
- affective consequences of emotional expressions and, 155–158
- cognitive consequences of emotional expressions and, 158–159
- customers’ emotions, effect on service providers of, 155–160
- emotional intelligence of service providers concerning, 165–167
- interpersonal emotion regulation strategies and, 162–165
- moderating role information processing and perceived appropriateness, 204–206
- social effects of emotions on, 8, 146–169
- third parties’ emotional expressions and, 160–162
- contempt
- as discrete emotion, 218–221
- leaders’ display of, 177–182

Cooperative behavior
- affective divergence and diversity and, 109–112
- appeasement and, 96–98
- appropriateness of emotional expressions and, 67–68
- group affective convergence and, 104–108
- interpersonal effects of emotions in, 8 over values, 138–142
- social effects of emotions in, 123–145
- conformity in groups, inferences and motivation for, 113–115, 117–118
- motivation in groups for, 117–118
- consensus, lack of, in groups, inferences from fellow members’ emotional displays and, 113–115

Coordination function
- group affective convergence and, 104–108
- interpersonal effects of emotions in, 8 in negotiations, 132–135
- social predisposition to, 27–30

compassion, disappointment and sadness and, 127–128

magnitude of effects of emotional expression, research on, 201–203
marital problems, emotional suppression and, 34–35
The Managed Heart (Hochschild), 147
mean group trait effect, group affective divergence and diversity and, 109–112
medical personnel
emotional intelligence of, 165–167
interpersonal emotion regulation by, 162–165
men
emotional expression in, 73–74
as leaders, emotional displays and, 176–177
mental fatigue, information processing and, 63–64
mimicry
group affective divergence and diversity and, 109–112
primitive emotional contagion and, 38–42
mixed emotions, in EASI research, 230–232
mixed-motive setting, negotiation in, 124–125
mood
defined, 4
group affective divergence and diversity and, 110–111
primitive emotional contagion and, 38–42
mixed emotions, in EASI research, 230–232
mixed-motive setting, negotiation in, 124–125
mood linkage, group affective convergence and, 104–108
mood maintenance, affective reactions and, 43–45
moving away response, 241–242
multinomial modeling, 225–228
multi-party coalitions
negative affective reactions and, 125–127
negotiations in, 143–145
natural selection, discrete emotions and, 218–221
negative affective reactions
anger expressions and, 93–96, 98–100
customer service providers and, 162–165, 168–169
deal display rules, 67–68
group affective convergence and, 104–108
negative affective reactions (cont.)
inauthentic emotional expression
and, 69–71
intensity of emotional expression
and, 71–72
leadership perceptions and, 172–177
in negotiations, 125–127, 134–135,
138–142
observers’ responses and, 75–77
perceptions of appropriateness and,
64–67
psychopathology and, 32–33
negative emotions
appropriateness of leaders’ emotional
displays of, 184–190
in close relationships, 81–84
customers’ displays of, 155–158
followers’ performance and leaders’
display of, 177–182
in negotiations, 124
specificity of, 218–221
negative state relief, 43–45
negotiation
affective reactions during, 125–127,
134–135
anger and happiness, expression
during, 125–127
appropriateness during, 138–142
defined, 123
disappointment/sadness and comple-
mentary guilt/compassion and,
127–128
discrete emotions in, 218–221
emotional expression in, 123–124
emotional intelligence in, 142–143
inferential processes and behavioral
consequences in, 128, 134–135
information processing in, 135–138
interpersonal effects of emotions in, 8
mixed and dynamic emotions in,
230–232
mixed-motive setting for, 124–125
multi-party coalitions and, 143–145
negative emotions in, 124
positive emotions in, 124
social effects of emotions in, 123–145
supplication vs. appeasement in,
132–134
