List of contributors page viii

Foreword *Frans B. M. de Waal* xi

Preface *Michio Nakamura, Kazuhiko Hosaka,  
Noriko Itoh, and Koichiro Zamma* xiii

Acknowledgments xiv

### 1 Introduction

*Michio Nakamura* 1

## PART I HISTORY AND OVERVIEW 5

### 2 Overview of the field site: Mahale Mountains and their surroundings

*Michio Nakamura and Noriko Itoh* 7

### 3 Research history

*Michio Nakamura, Kazuhiko Hosaka, and Yukio Takahata* 21

### 4 Chimpanzee distribution: accumulation of survey reports

*Koichiro Zamma, Shunkichi Hanamura, and Tetsuya Sakamaki* 33

### 5 Who's who

*Kazuhiko Hosaka* 48

## PART II SOCIAL ORGANIZATION 69

### 6 Social system: features and variations

*Noriko Itoh and Michio Nakamura* 71

### 7 Demography of the M group

*Michio Nakamura* 82

### 8 Home range

*Michio Nakamura* 94

### 9 Fission–fusion grouping

*Shunkichi Hanamura* 106

### 10 Disappearance of K-group male chimpanzees: re-examination of group extinction

*Yukio Takahata* 119

### 11 Intergroup relationships

*Tetsuya Sakamaki and Michio Nakamura* 128

## PART III ECOLOGY 141

### 12 Climate and climatological trends in the Kasoje forest

*Noriko Itoh* 143

### 13 Mahale flora: its historical background and long-term changes

*Noriko Itoh and Michio Nakamura* 150

### 14 Patterns and trends in fruiting phenology: some important implications for chimpanzee diet

*Noriko Itoh and Daisuke Muramatsu* 174

### 15 Mammalian fauna

*Hiroshi Ihobe* 195

### 16 Interspecific relationships

*Kazuhiko Hosaka and Hiroshi Ihobe* 213

**PART IV FEEDING 225****17 Diet and feeding behavior***Noriko Itoh and Michio Nakamura 227***18 Taste of chimpanzee foods***Takashi Hayakawa 246***19 Seeds from feces: implications for seed dispersal and fecal analyses***Michio Nakamura and Noriko Itoh 259***20 Hunting and food sharing***Kazuhiko Hosaka 274***21 Insect-feeding behavior and insect fauna: with special reference to plant–insect relationships***Mieko Kiyono 291***PART V LIFE HISTORY AND HEALTH 311****22 Development and growth: with special reference to mother–infant relationships***Takuya Matsumoto and Hitoshige Hayaki 313***23 Gerontology***Kazuhiko Hosaka and Michael A. Huffman 326***24 Chimpanzee self-medication: a historical perspective of the key findings***Michael A. Huffman 340***25 Diseases and deaths: variety and impact on social life***Shunkichi Hanamura, Takanori Kooriyama, and Kazuhiko Hosaka 354***26 Conspecific killings***Michio Nakamura and Noriko Itoh 372***PART VI SOCIAL RELATIONS 385****27 Male–male relationships***Kazuhiko Hosaka and Michio Nakamura 387***28 Female–female relationships***Noriko Itoh and Michio Nakamura 399***29 Male–female relationships: affiliative, interventional, and dominant–subordinate interactions***Shunkichi Hanamura 410***30 Orphans and allomothering***Michio Nakamura and Kazuhiko Hosaka 421***PART VII SOCIAL BEHAVIOR 433****31 Intimidation display***Kazuhiko Hosaka 435***32 Aggression and conflict management***Nobuyuki Kutsukake and Kazuhiko Hosaka 448***33 Greetings and dominance***Tetsuya Sakamaki and Hitoshige Hayaki 459***34 Grooming: its hygienic and social aspects***Koichiro Zamma and Michio Nakamura 472***35 Sexual behavior and mating strategies***Shiho Fujita and Eiji Inoue 485*
