extraskeletal cartilage bone-forming and chordoid tumors 196
fibrohistiocytic tumors 188–197
fibrosarcoma family tumors 184–197
histiocytic and dendritic neoplasms 190
malignant tumors of uncertain differentiation 193–195
nerve sheath tumors 184–187
small round cell tumors 173–179
smooth muscle tumors 187–188
spindle cell tumors 179–183
- vascular tumors 192–193
see also specific conditions for detailed breakdown
- solid pseudopapillary tumor 259, 261, 264, 265, 267
- solitary (simple) bone cysts 139, 140
- spindle cell tumors 179, 179–183, 180, 340
- sputum, exfoliative pulmonary cytology 1
- squamous cell carcinoma
differential diagnosis 90, 91, 100, 101, 223–224, 366–368
thymic 223
see also nasopharyngeal carcinoma
- SRCT. *see* small round cell tumors
- SS. *see* synovial sarcoma
- Staphylococcus aureus*, 102–103
- stomach carcinoma 275
- Streptococcus* infections 46, 102–103
- stridor, broncho-alveolar lavage 1
- subependymoma 68–70
- suppurative granulomatous lymphadenitis 337–340, 341
- suspicious for follicular neoplasm 128, 129, 130
- suspicious for malignancy, thyroid cytology 132
- Sweet syndrome (acute febrile neutrophilic dermatosis) 374
- synovial sarcoma
bone 158–160
differential diagnosis 187, 193, 194, 207, 208–209, 284–285
lung and pleural cytology 208
metastatic tumors 290
monophasic 193
soft tissue cytology 179–180, 187
- syphilis 333, 337
- systemic lupus erythematosus 18, 18–19
- T lymphoblastic leukemia/lymphoma 352–353, 354, 365–366, 391
differential diagnosis 217–221, 221, 325, 353, 355–356
- TBSRTC (Bethesda System for Reporting Thyroid Cytopathology) 116, 116
- TDC. *see* thyroglossal duct cyst
- telangiectasia, capillary 42, 43
- tenosynovial giant cell lesions 151–153, 152, 153
- tenosynovial giant cell tumors 188, 189
- teratomas
differential diagnosis 40, 96
lung and pleural 213–214
testis 314
see also germ cell tumors
- testis 310–318
benign lesions 310–311
normal tissue 310, 311
simple 310, 312
- TGCT (tenosynovial giant cell tumors) 188, 189
- thecomas, ovary 309–310
- ThinPrep system 2, 16
- thymic carcinoma 222–237
classification 222, 223
differential diagnosis 217–221
see also undifferentiated carcinoma of thymus
- thymic cyst 90
- thymic hyperplasia 217–221, 221, 235
- thymomas 214, 215, 216, 217, 218, 219, 220, 222
classification 215
differential diagnosis 217–221, 221, 235, 353
Masaoka staging system 222
- thymus tumors 234, 237
clinicopathologic features 232
differential diagnosis 225, 232, 235
epithelial 214–224
- thyroglossal duct cyst 90, 91
differential diagnosis 90, 91, 92, 104
- thyroid cytology
atypia of undetermined significance/follicular lesion of undetermined significance 130–132
benign aspirate 124
Bethesda System 116, 116
follicular neoplasm and Hurthle cell variants 128, 129, 130
medullary carcinoma 126, 127, 128
nondiagnostic aspirates 116–117
papillary carcinoma 122, 123, 124, 125, 126
suspicious for malignancy 132
thyroiditis 121–122
see also benign thyroid nodule
- thyroiditis 121, 121–122, 122
- toxoplasmosis 340–343, 344
central nervous system cytopathology 47–48
differential diagnosis 62, 343
exfoliative pulmonary cytology 6
- transthyretin (prealbumin) 35
- transudative effusions, body cavity fluids 16

Index

- Trichomonas vaginalis*, urine cytopathology **26, 26**
- true thymic hyperplasia 217–221, **221, 235**
- tuberculosis 4, 196
- differential diagnosis 103
- exfoliative pulmonary cytology 4
- lymphadenitis 340, **342**
- osteomyelitis 136–137
- tumefactive demyelination 48, 62
- Turcot's syndrome 30
