List of Symbols xi
Acknowledgments xiii

1 A Brief History 1
1.1 Pre-1820: The Two Subjects of Electricity and Magnetism 1
1.2 1820–1861: The Experimental Glory Days of Electricity and Magnetism 2
1.3 Maxwell and His Four Equations 2
1.4 Einstein and the Special Theory of Relativity 2
1.5 Quantum Mechanics and Photons 3
1.6 Gauge Theories for Physicists: The Standard Model 4
1.7 Four-Manifolds 5
1.8 This Book 7
1.9 Some Sources 7

2 Maxwell’s Equations 9
2.1 A Statement of Maxwell’s Equations 9
2.2 Other Versions of Maxwell’s Equations 12
2.2.1 Some Background in Nabla 12
2.2.2 Nabla and Maxwell 14
2.3 Exercises 14

3 Electromagnetic Waves 17
3.1 The Wave Equation 17
3.2 Electromagnetic Waves 20
3.3 The Speed of Electromagnetic Waves Is Constant 21
3.3.1 Intuitive Meaning 21

## Contents

17 Vector Bundles 214
17.1 Intuitions 214
17.2 Technical Definitions 216
17.2.1 The Vector Space $\mathbb{R}^k$ 216
17.2.2 Definition of a Vector Bundle 216
17.3 Principal Bundles 219
17.4 Cylinders and Möbius Strips 220
17.5 Tangent Bundles 222
17.5.1 Intuitions 222
17.5.2 Tangent Bundles for Parametrically Defined Manifolds 224
17.5.3 $T(\mathbb{R}^2)$ as Partial Derivatives 225
17.5.4 Tangent Space at a Point of an Abstract Manifold 227
17.5.5 Tangent Bundles for Abstract Manifolds 228
17.6 Exercises 230

18 Connections 232
18.1 Intuitions 232
18.2 Technical Definitions 233
18.2.1 Operator Approach 233
18.2.2 Connections for Trivial Bundles 237
18.3 Covariant Derivatives of Sections 240
18.4 Parallel Transport: Why Connections Are Called Connections 243
18.5 Appendix: Tensor Products of Vector Spaces 247
18.5.1 A Concrete Description 247
18.5.2 Alternating Forms as Tensors 248
18.5.3 Homogeneous Polynomials as Symmetric Tensors 250
18.5.4 Tensors as Linearizations of Bilinear Maps 251
18.6 Exercises 253

19 Curvature 257
19.1 Motivation 257
19.2 Curvature and the Curvature Matrix 258
19.3 Deriving the Curvature Matrix 260
19.4 Exercises 261

20 Maxwell via Connections and Curvature 263
20.1 Maxwell in Some of Its Guises 263
20.2 Maxwell for Connections and Curvature 264
20.3 Exercises 266
21 The Lagrangian Machine, Yang-Mills, and Other Forces 267
   21.1 The Lagrangian Machine 267
   21.2 U(1) Bundles 268
   21.3 Other Forces 269
   21.4 A Dictionary 270
   21.5 Yang-Mills Equations 272
