Violence in Psychiatry
Contents

List of contributors vii

Section 1: Statement of the problem
1 Deinstitutionalization and the rise of violence
   E. Fuller Torrey
2 The new mission of forensic mental health systems: managing violence as a medical syndrome in an environment that balances treatment and safety
   Katherine D. Warburton

Section 2: Assessment
3 The evolution of violence risk assessment
   John Monahan and Jennifer L. Skeem
4 Assessment of aggression in inpatient settings
   Barbara E. McDermott and Brian J. Holroyda
5 Clinical assessment of psychotic and mood disorder symptoms for risk of future violence
   Charles L. Scott and Phillip J. Resnick
6 Inpatient aggression in community hospitals
   Katalin A. Szabo, Christopher L. White, Stephen E. Cummings, Raziya S. Wang, and Cameron D. Quanbeck
7 Prevalence of physical violence in a forensic psychiatric hospital system during 2011–2013: patient assaults, staff assaults, and repeatedly violent patients
   Charles Broderick, Allen Azizian, Rebecca Kornbluh, and Katherine D. Warburton
8 The psychiatrist’s duty to protect
   James L. Knoll IV

Section 3: Neurobiology
9 Deconstructing violence as a medical syndrome: mapping psychotic, impulsive, and predatory subtypes to malfunctioning brain circuits
   Stephen M. Stahl
10 Aggression, DRD1 polymorphism, and lesion location in penetrating traumatic brain injury
   Matteo Pardini, Frank Krueger, Colin A. Hodgkinson, Vanessa Raymont, Maren Strenziok, Mario Amore, Eric M. Wassermann, David Goldman, and Jordan H. Grafman
11 Is impulsive violence an addiction? The Habit Hypothesis
   Stephen M. Stahl
12 The neurobiology of psychopathy: recent developments and new directions in research and treatment
   Michael A. Cummings
13 The neurobiology of violence
   Larry J. Siever and Daniel R. Rosell
14 Impulsivity and aggression in schizophrenia: a neural circuitry perspective with implications for treatment
   Matthew J. Hoptman
15 Serotonin and impulsive aggression
   Emil F. Coccaro, Jennifer R. Fanning, K. Luan Phan, and Royce Lee

Section 4: Guidelines
16 California State Hospital Violence Assessment and Treatment (Cal-VAT) guidelines
   Stephen M. Stahl, Debbi A. Morrissette, Michael A. Cummings, Allen Azizian, Shannon M. Bader,
Contents

Section 5: Psychopharmacology

17 Effectiveness of antipsychotic drugs against hostility in patients with schizophrenia in the Clinical Antipsychotic Trials of Intervention Effectiveness (CATIE) study
Jan Volavka, Pál Czobor, Leslie Citrome, and Richard A. Van Dorn

18 Clozapine: an effective treatment for seriously violent and psychopathic men with antisocial personality disorder in a UK high-security hospital
Darcy Brown, Fintan Larkin, Samrat Sengupta, Jose L. Romero-Ureclay, Callum C. Ross, Nitin Gupta, Morris Vinestock, and Mrigendra Das

19 Augmentation of clozapine with amisulpride: an effective therapeutic strategy for violent treatment-resistant schizophrenia patients in a UK high-security hospital
James E. Hotham, Patrick J. D. Simpson, Rosalie S. Brooman-White, Amlan Basu, Callum C. Ross, Sharon A. Humphreys, Fintan Larkin, Nitin Gupta, and Mrigendra Das

20 The psychopharmacology of violence: making sensible decisions
Leslie Citrome and Jan Volavka

21 Treating the violent patient with psychosis or impulsivity utilizing antipsychotic polypharmacy and high-dose monotherapy
Debbi A. Morrissette and Stephen M. Stahl

22 A rational approach to employing high plasma levels of antipsychotics for violence associated with schizophrenia: case vignettes
Jonathan M. Meyer

23 Illustrative cases to support the Cal-VAT guidelines
Laura J. Dardashti, Eric H. Schwartz, Jennifer A. O’Day, Michael W. Barsom, and George J. Proctor

Section 6: Treatment interventions

24 A new standard of care for forensic mental health treatment: prioritizing forensic intervention
Katherine D. Warburton

25 Forensic-focused treatment planning: a new standard for forensic mental health systems
Robert J. Schaufenbil, Stephen M. Stahl, Rebecca Kornbluh, and Katherine D. Warburton

26 Implementing an ecological approach to violence reduction at a forensic psychiatric hospital: approaches and lessons learned
Shannon M. Bader and Sean E. Evans

27 The appropriateness of treating psychopathic disorders
Alan R. Felthous

28 Psychosocial approaches to violence and aggression: contextually anchored and trauma-informed interventions
Deborah Horowitz, Margaret Guyer, and Kathy Sanders

29 Comorbid mental illness and criminalness: implications for housing and treatment
Robert D. Morgan and Nicole R. Bartholomew

30 Crime, violence, and behavioral health: collaborative community strategies for risk mitigation
Debra A. Pinals

31 New technologies in the management of risk and violence in forensic settings
John Tully, Thomas Fahy, and Fintan Larkin

32 Risk reduction treatment of psychopathy and applications to mentally disordered offenders
Stephen C. P. Wong and Mark E. Olver

Index

A plate section can be found between pages 182 and 183.
Contributors

Mario Amore
Department of Neurosciences, Rehabilitation, Ophthalmology, Genetics and Maternal and Child Health, University of Genoa, Genoa, Italy

Allen Azizian
Coalinga State Hospital, Coalinga, and Department of Criminology, California State University, Fresno, California, USA

Shannon M. Bader
California Department of State Hospitals, and Patton State Hospital, California, USA

Michael W. Barsom
Department of State Hospitals (DSH) – Metropolitan, Norwalk, California, USA

Nicole R. Bartholomew
Psychology Services, Federal Bureau of Prisons, Big Spring, Texas, USA

Amlan Basu
Broadmoor High Secure Hospital, West London Mental Health NHS Trust, and Institute of Psychiatry, King’s College, London, UK

Charles Broderick
California Department of State Hospitals, Sacramento, California, USA

Rosalie S. Brooman-White
Medical Sciences Division, John Radcliffe Hospital, University of Oxford, Oxford, UK

Darcy Brown
The School of Medicine and Dentistry, University of Aberdeen, Aberdeen, UK

Leslie Citrome
Department of Psychiatry and Behavioral Sciences, New York Medical College, Valhalla, New York, USA

Emil F. Coccaro
Clinical Neuroscience & Psychopharmacology Research Unit, Department of Psychiatry (MC#3077), Pritzker School of Medicine, University of Chicago, Chicago, Illinois, USA

Michael A. Cummings
Department of State Hospitals–Patton, Department of Psychiatry, Patton, California, USA; Department of Psychiatry and Human Behavior, University of California, Irvine, Orange, California, USA

Stephen E. Cummings
Department of Psychiatry, San Mateo Medical Center, San Mateo, California, USA

Pál Czobor
Department of Psychiatry and Psychotherapy, Semmelweis University, Budapest, Hungary

Laura J. Dardashti
California Department of State Hospitals, and Metropolitan State Hospital, California, USA

Mrigendra Das
Broadmoor Hospital, West London Mental Health Trust, Berkshire, and School of Psychiatry, Oxford Deanery, Oxford, UK

Darci Delgado
California Department of State Hospitals, and Vacaville Psychiatric Program, California, USA

Sean E. Evans
Psychology Department, Department of State Hospitals, Patton, California, and Psychology Department, La Sierra University, Riverside, California, USA

Thomas Fahy
Department of Forensic and Neurodevelopmental Sciences, Institute of Psychiatry, Psychology and Neuroscience, King’s College London, London, UK
List of contributors

Jennifer R. Fanning
Clinical Neuroscience & Psychopharmacology
Research Unit, Department of Psychiatry (MC#3077),
Pritzker School of Medicine, University of Chicago,
Chicago, Illinois, USA

Alan R. Felthous
Division of Forensic Psychiatry, Department of
Neurology & Psychiatry, Saint Louis University
School of Medicine, Saint Louis, Missouri, USA
