Reference Index of Films and Television Programmes

All films and television programmes mentioned in this volume are listed here, together with some pertinent additional information. For films this consists of any relevant translations of titles or foreign release titles, the year of first public screening (which may be earlier than that of general release), the name of the director and the country of origin. Similarly, entries for television programmes indicate the year of first broadcast, the original broadcast channel and the country of origin. In all cases, the country names have been abbreviated to the internationally recognized two-letter codes from ISO 3166.
