## 1 Introduction to pragmatic and discourse disorders  \hspace{1cm} 1

**Section A: Short-answer questions**

1.1 Pragmatics and discourse in human communication \hspace{1cm} 3
1.2 Disorders of pragmatics and discourse \hspace{1cm} 5
1.3 Clinical distinctions \hspace{1cm} 8

**Section B: Clinical scenarios**

1.4 Pragmatics and discourse in human communication \hspace{1cm} 10
1.5 Disorders of pragmatics and discourse \hspace{1cm} 13
1.6 Clinical distinctions \hspace{1cm} 15

Suggestions for further reading \hspace{1cm} 17

## 2 Developmental pragmatic and discourse disorders  \hspace{1cm} 18

**Section A: Short-answer questions**

2.1 Pragmatic language impairment \hspace{1cm} 20
2.2 Intellectual disability \hspace{1cm} 22
2.3 Autism spectrum disorder \hspace{1cm} 25
2.4 Childhood traumatic brain injury \hspace{1cm} 27
2.5 Epileptic syndromes \hspace{1cm} 28
2.6 Childhood cancer \hspace{1cm} 30

**Section B: Data analysis exercises**

2.7 Pragmatic language impairment \hspace{1cm} 33
2.8 Intellectual disability \hspace{1cm} 59
2.9 Autism spectrum disorder \hspace{1cm} 64
2.10 Childhood traumatic brain injury \hspace{1cm} 81
2.11 Epileptic syndromes \hspace{1cm} 85
2.12 Childhood cancer \hspace{1cm} 91

Suggestions for further reading \hspace{1cm} 93

## 3 Acquired pragmatic and discourse disorders  \hspace{1cm} 95

**Section A: Short-answer questions**

3.1 Acquired aphasia \hspace{1cm} 97
3.2 Right-hemisphere language disorder \hspace{1cm} 99
3.3 Traumatic brain injury \hspace{1cm} 101
3.4 Dementias \hspace{1cm} 103
## CONTENTS

3.5 Neurodegenerative disorders 105  
3.6 Central nervous system infections 106  

Section B: Data analysis exercises 108  
3.7 Acquired aphasia 108  
3.8 Right-hemisphere language disorder 126  
3.9 Traumatic brain injury 131  
3.10 Dementias 139  
3.11 Neurodegenerative disorders 150  
3.12 Central nervous system infections 153  

Suggestions for further reading 155

### 4 Mental health and pragmatic and discourse disorders 156

Section A: Short-answer questions 158  
4.1 Schizophrenia 158  
4.2 Bipolar disorder 160  
4.3 Personality disorder 162  
4.4 Emotional disturbance in children 163  
4.5 Behavioural disorders in children 165  

Section B: Data analysis exercises 166  
4.6 Schizophrenia 166  
4.7 Bipolar disorder 174  
4.8 Personality disorder 179  
4.9 Emotional disturbance in children 181  
4.10 Behavioural disorders in children 183  

Suggestions for further reading 184

### 5 Pragmatics and discourse in other disorders and populations 186

Data analysis exercises 187  
5.1 Early corrective heart surgery 187  
5.2 Functional illiteracy 189  
5.3 Hearing loss 191  
5.4 Augmentative and alternative communication 192  
5.5 Aging and the elderly 196  

Suggestions for further reading 197
