Certain characters are identified by the novels in which they appear, e.g., Ahab (in *Moby Dick*). Characters known only by Mr. or Mrs. or by titles are sorted by their last names, e.g., Ramsay (Mrs. Ramsay) (in *To the Lighthouse*); Vronsky (Count Vronsky in *Anna Karenina*). Most are double-posted.

Titles in English are sorted by the word following the articles A, An, or The: “A Simple Heart” appears under S. Foreign-language titles are sorted by the lead article: *À la recherche du temps perdu* is sorted under A.

Tables are indicated by $t$; figures are indicated by $fig$; footnotes are indicated by the page number followed by $n$.
