

## COMMERCIAL REMEDIES: RESOLVING CONTROVERSIES

The law of commercial remedies gives rise to a number of important doctrinal, theoretical and practical controversies which deserve sustained and rigorous examination. This volume explores such controversies and suggests solutions directed at ensuring that the law is defensible, clear and just. With contributions from twenty-three leading academic and practitioner experts, this book addresses significant issues in the law which, taken together, range across the entire remedial jurisdiction as it applies to commercial disputes. The book focuses primarily on the resolution of controversies in the English law of commercial remedies, but recent developments elsewhere are also considered, especially in other common law jurisdictions. The result is a remarkably comprehensive coverage of the field which will be of relevance to academics, students, judges and practitioners. The aim has been to deal with the law as at 1 November 2016.

The chapters in this volume are the product of a conference held in Cambridge under the auspices of the Cambridge Private Law Centre, co-directed by Graham Virgo and Sarah Worthington.
