

Contents

<i>List of Contributors</i>	page vi		
Introduction	1		
<i>Zerina Johanson, Martha Richter and Charlie Underwood</i>			
1 The Evolution of Fishes through Geological Time	3		
<i>John A. Long, Brian Choo and Alice Clement</i>			
2 Comparative Development of Cyclostomes	30		
<i>Tetsuto Miyashita, Stephen A. Green and Marianne E. Bronner</i>			
3 The Ordovician Enigma: Fish, First Appearances and Phylogenetic Controversies	59		
<i>Ivan J. Sansom and Plamen S. Andreev</i>			
4 The Evolution of Vertebrate Dermal Jaw Bones in the Light of Maxillate Placoderms	71		
<i>You-An Zhu, Per A. Ahlberg and Min Zhu</i>			
5 Doliodus and Pucapampellids: Contrasting Perspectives on Stem Chondrichthyan Morphology	87		
<i>John G. Maisey, Philippe Janvier, Alan Pradel, John S. S. Denton, Allison Bronson, Randall Miller and Carole J. Burrow</i>			
6 The Evolution of Endoskeletal Mineralisation in Chondrichthyan Fish: Development, Cells and Molecules	110		
<i>Mélanie Debiais-Thibaud</i>			
7 Plasticity and Variation of Skeletal Cells and Tissues and the Evolutionary Development of Actinopterygian Fishes	126		
<i>Brian K. Hall and P. Eckhard Witten</i>			
8 Origin, Development and Evolution of the Fish Skull		144	
<i>Martha Richter and Charlie Underwood</i>			
9 Evolution, Development and Regeneration of Fish Dentitions		160	
<i>Gareth J. Fraser and Alex P. Thiery</i>			
10 Development of Head Muscles in Fishes and Notes on Phylogeny-Ontogeny Links: A Basis for Evo-Devo and Developmental Research on Fish Muscles		172	
<i>Janine M. Ziermann and Rui Diogo</i>			
11 Evolutionary Development of the Postcranial and Appendicular Skeleton in Fishes		188	
<i>Jürgen Kriwet and Cathrin Pfaff</i>			
12 Evolution of Vertebrate Reproduction		207	
<i>Kate Trinajstić, Catherine Boisvert, John A. Long and Zerina Johanson</i>			
13 Links between Thyroid Hormone Alterations and Developmental Changes in the Evolution of the Weberian Apparatus		227	
<i>Fedor N. Shkil and Daria V. Kapitanova</i>			
14 Pharyngeal Remodelling in Vertebrate Evolution		241	
<i>Anthony Graham and Victoria Shone</i>			
15 Evolution of Air Breathing and Lung Distribution among Fossil Fishes		252	
<i>Camila Cupello, Gaël Clément and Paulo M. Brito</i>			
<i>Index</i>		263	
<i>Colour plate section to be found between pages 152 and 153</i>
