

INDEX

Concepts and measures explored in the study are indexed when they are first defined, and again if their meaning is elaborated further. Authors are indexed only if they are the source of concepts and measures explored in the study. Capitalized terms refer to measures used in the study.

- additional variance, 24
- Alpha, 17
- alternative partner, 106
- alternative relationships, 8
- alternatives to compliance, 102
- analysis of variance, 15
- ANOVA. See Analysis of Variance
- anxiety, 156, 157
- Anxious Attachment, 44
- approval of outside sex, 91
- approval of the current Partner, 133
- arranged marriages, 132
- attachment, 75
- attitude, 73
- Attractiveness Factor, 58
- Attractiveness Important, 54
- Attractiveness Similarity, 55
- Avoidant Attachment, 44

- bases of power, 101
- Beck, Aaron, 157
- benefits, 107
- benevolence, 50
- Berscheid, Ellen, 74, 198
- Blake, Robert, 114
- Blau, Peter, 7, 102
- Boston Couples Study, 1, 5, 53, 60, 76, 103, 159, 161, 194
- breaking up and coming back, 119
- breakups, 139
- Brown, Roger, 199

- Campbell, Angus, 157
- caring, 75
- central factors, 23, 173
- central traits, 24
- CFI. See Comparative Fit Index
- chance consequences, 199
- circles of support, 204
- collectivist cultures, 9
- commitment mechanisms, 201
- commitment readiness, 63
- commitment rituals, 200
- companionate love, 74
- Comparative Fit Index, 19
- comparison levels, 8, 103
- Comprehensive Commitment Model*, 19, 178
- Comprehensive Factors, 173
- Comprehensive Partner Model*, 175
- Comprehensive Relationship Model*, 203, 205
- conceptual tools, 4, 217
- confidence for having a current partner, 175
- conflict, 112
- Conflict Resolution, 179, 186, 191, 195
- conservation, 38, 42
- Converse, Philip, 157
- coping with stress, 134
- correlations, 16
- couple commitment, 21
- couples counseling, 196
- Cruz del Castillo, Cinthia, 112
- cultural regions, 12
- current rewards and costs, 8, 102

- delegation of power, 105
 dependent variable, 23
 depression, 156, 157
 Diaz-Loving, Rolando, 112
 Diener, Edward, 155
 difficulty finding a partner, 44
 dimensions of social relationships, 199
 direct predictions, 23
 domestic violence, 117
- Eastwick, Paul, 198
 economic exchange, 8
 effect size, 17
 Equal Interest in Sex, 89
 eros, 75
 Ethnicity Similarity, 55
 evolutionary psychology, 52
 Exchange Processes, 179, 186, 191, 195
 Expectations Conflicts, 113
 explained variance, 16
 expressions of affection, 76
expressions of intimacy, 82
- factor analyses, 17
 filter Theory, 52
 Finkel, Eli, 198
 four responses to dissatisfaction, 116
 French, John, 101
 friendly relations, 199
 friendship, 199
 F-tests, 15
- gamma (γ), 23
 gender role attitudes, 107
 gender-role attitude scales, 107
 general life satisfaction, 159
 generalizability, 13
 genetic research, 181
 Gottman, John, 115
 Greve, Bent, 156
 Gunn, Lawanna, 116
- Happiness, 155, 156
 Hazen, Cindy, 44
 Hendrick, Clyde, 75
 Hendrick, Susan, 75
 hierarchy of needs, 36
 Highest Sources of Conflict, 112
 homogamy, 52
 honesty, 80
 Hunt, Morton, 131
- ideal frequency of sex, 88
 impacts of life domains, 133
 importance of the decisions, 105
- incremental exchange, 8
 independent variables, 23
indirect predictions, 23
 individualist cultures, 9
 Intelligence Factor, 58
 interpersonal attraction, 198
 intimacy, 75
 Intimacy Dimensions, 179, 186, 190, 195
 intimate, 4
 intimate partner violence, 117
 intimate relationships, 4
 invested, 107
 investment costs, 8, 102
- jealousy, 118
- Kanter, Rosabeth, 201
 knowing the current partner, 132
 knowing the partner, 80
 Kurth, Suzanne, 199
- legal commitment, 22
 life as fulfilling and meaningful, 160
 life goals, 39
 life satisfaction, 155, 159
 limitations of the study, 193
 Living Together Conflicts, 113
 Lucas, Richard, 155
- mate selection, 52
 means, 14
 measurement invariance, 13
 motivation for having a current partner, 175
 Mouton, Jane, 114
 multiple regression, 17
- Negative Responses, 115
 negotiation styles, 114
- Oishi, Shigehiro, 155
 one race, 181
 openness to change, 38
 opportunity costs, 8, 103
 opportunity for having a current partner, 175
 overarching theory of relationships, 198
 Own Disclosure scale, 79
 oxytocin, 37
- Partner Disclosure scale, 79
 Partner Suitability, 179, 186, 190, 195
 passion, 75
 passionate love, 74
 Peplau, Anne, 1, 5, 84, 103
 personal commitment, 21

Personality Important, 54
 Personality Similarity, 55
 physical attractiveness, 58
 physical violence, 117
 point-biserial correlation, 17
 Positive Responses, 115
 predict in common, 24
 pre-marital sex, 138
 principle of least interest, 102
 probability distribution, 15
 Proximity, 199
 Public Displays of Affection, 78

Racial-ethnic Identities, 136
 ratings of self and partner, 57
 Raven, Bertram, 101
 readiness for having a current partner,
 175
 reciprocating a negative, 115
 reciprocity of liking, 199
relational mobility, 82, 106, 200
 Relationship Commitment, 21
 relationship reasons, 38
 Relationship Satisfaction, 20
 relationship types, 11
 relative dependency, 102
 relative disclosure, 104
 relative involvement, 103
 relative power, 102, 103
 reliability, 13
 reliability analyses, 17
 religious commitment, 22
 religious identities, 137
 repeated measures ANOVA, 15
 replication, 15
 Rivera Aragón, Sofía, 112
 Rogers, Willard, 157
 romantic love, 131
 Romanticism Scale, 44
 R-squared, 17
 Rubin, Zick, 1, 5, 73, 84
 Rusbult, Caryl, 21, 116
