# Contents

Acknowledgments  
Defining integrated marketing communications  
Part 1 Basic thinking  
Is integrated marketing communications (IMC) the answer?  
What is IMC and why do we need it?  
Coordinating different communications disciplines  
Media and creative integration  
A theoretical framework of communications  
Communication barriers  
Communication attrition  
The IMC planning process  
Thinking it through: key questions to ask  
Putting it together  

Part 2 Further thinking  
Generating consumer insights  
Part 1 Basic thinking  
What is consumer insight and how does it work?  
Creative development research  
The role of the account planner  
Sources of consumer insight  
Methods for obtaining customer insight  
Establishing the validity and reliability of key insights  
Putting it together  

Part 2 Further thinking  
Brand positioning  
Part 1 Basic thinking  
The principles of brand positioning  
Strategic issues of positioning  
Market space and mental space  
The challenges of repositioning  
Point of difference, point of parity and frame of reference  
Brand equity  
Brand preference
