

## Index

- abscess  
 Bezold's 259  
 brain 93, 126  
   imaging 94, 126  
   *see also* pyogenic abscess  
 mastoiditis and 259  
 odontogenic 238–239  
   imaging 239  
 peritonsillar 234, 235, 240  
 retropharyngeal 246–247  
   imaging 246  
 spinal epidural 384–385  
   etiology 385  
   imaging 385  
 submandibular 239  
 subperiosteal 248, 259  
 tonsillar 234, 235, 236  
 acute disseminated  
   encephalomyelitis (ADAM) 77–78  
   differential diagnosis 77, 110  
   imaging 77, 78  
   predisposing factors 78  
   treatment 78  
 acute hepatic encephalopathy 177–178  
   differential diagnosis 178  
   imaging 177, 178  
 acute retropharyngeal calcific tendinitis 244  
   differential diagnosis 244  
   imaging 244  
 AIDS patients  
   cytomegalovirus infection 96, 127–128  
   HIV myelitis 355  
 Alberta Stroke Program Early CT Score (ASPECTS) 5  
 amyotrophic lateral sclerosis 212–213  
   differential diagnosis 213  
   imaging 213  
   treatment 213  
 Anderson–Montesano fracture 331  
   type I 331  
   type II 331  
   type III 331
- aneurysm  
 arteriovenous fistula related 54, 56  
 cerebral *see* cerebral aneurysm  
 mycotic 101  
 ankylosing spondylitis 348–349  
   differential diagnosis 348  
   imaging 348, 349  
   spinal injury with 349  
   treatment 349  
 anterior cerebral artery 56  
 apical petrositis *see* petrous apicitis  
 arachnoid cyst 164, 395  
   imaging 164  
   ruptured 163–164  
     differential diagnosis 164  
 arachnoid web 394–395  
   differential diagnosis 394  
   imaging 394  
 arachnoiditis 96, 126  
 arterial thrombosis 9  
   distal basilar 6–7  
 arteriovenous fistula  
   cerebral 56  
     imaging 56  
   dural 53–55  
     imaging 54  
   perimedullary 324–325  
     clinical presentation 325  
     differential diagnosis 325  
     imaging 325  
     treatment 325  
 arteriovenous malformation (AVM) 50–52  
   imaging 51  
   Spetzler–Martin grading system 51  
 artery of Percheron 26  
   infarction 25–26  
     differential diagnosis 26  
     imaging 26  
 aspergillosis 101  
 astrocytoma 146, 147  
   imaging 146, 147, 364, 365  
   spinal cord 364–365  
     differential diagnosis 364  
   subtypes 131  
 atherosclerosis 9
- atlantoaxial subluxation 389  
   treatment 389  
 atlanto-occipital dislocation 328–329  
   differential diagnosis 329  
   imaging 329  
   treatment 329
- bacterial meningitis *see* meningitis  
 bamboo spine 348  
 basilar meningitis *see* meningitis  
 Bell's palsy 300–301  
   differential diagnosis 300  
   imaging 300  
   treatment 301  
 benign oligemia 4  
 Bezold's abscess 259  
 blood-blister aneurysm 45  
*Borrelia burgdorferi* 108  
   *see also* Lyme neuroborreliosis  
 brachial plexus injuries 350–351  
   differential diagnosis 351  
   imaging 351  
   management 351  
 brain abscess *see* abscess  
 branchial cleft cyst 304
- calcium pyrophosphate deposition (CPPD) 390–391  
   differential diagnosis 390  
   imaging 390, 391  
 carcinoma  
   laryngeal 302–303  
   maxillary sinus 281  
   tonsillar 304  
 carotid blow-out syndrome 62–63  
   classification 63  
   imaging 63  
   treatment 63  
 carotid–cavernous fistula 60–61  
   imaging 61, 74  
   traumatic 73–74  
     treatment 74  
   types 61, 74  
 carotid dissection 8–10, 19  
   clinical presentation 10–41
- differential diagnosis 9  
 extracranial 74  
 imaging 9, 10, 19, 74  
 reperfusion injury following stenting 17–19  
 carotid stenosis 19  
 cavernous malformation 39  
   classification 41  
   differential diagnosis 40  
   imaging 40, 327  
   spinal 326–327  
     clinical presentation 327  
     differential diagnosis 327  
     treatment 327  
   treatment 41  
 cavernous sinus lymphoma *see* lymphoma  
 cavernous sinus thrombosis 251, 254  
 central cord syndrome 343–344  
   differential diagnosis 343  
   imaging 343  
   treatment 344  
 central pontine myelinolysis 183–184  
   differential diagnosis 183  
   imaging 183, 184  
 cerebellitis 109–111  
   differential diagnosis 110  
   imaging 110  
 cerebral amyloid angiopathy 37–38  
   differential diagnosis 38  
   imaging 38  
   treatment 38  
 cerebral aneurysm 42–46  
   classification 45  
   clinical presentation 45  
   differential diagnosis 44  
   fusiform 45  
   giant 45  
   imaging 44, 45  
   treatments 45  
 cerebral edema 13  
 cerebral herniation syndrome 68–70  
   imaging 69  
   treatment 70  
   types of herniation 69

- cerebral venous thrombosis  
 30–33, 36  
 differential diagnosis 32  
 imaging 32, 33  
 predisposing factors 32  
 treatment 33
- cerebritis 91, 94, 126, 259
- cerebrospinal fluid leak *see* CSF leak
- Chance fracture 346
- choanal atresia 313–314  
 imaging 313
- cholesteatoma 291  
 external ear canal 288–289  
 differential diagnosis 288  
 imaging 288  
 middle ear 290–291  
 differential diagnosis 291  
 imaging 290
- chordoma 309
- choroidal detachment 217
- colloid cyst 161–162  
 clinical presentation 162  
 differential diagnosis 161  
 imaging 161, 162
- compressive myelopathy  
 calcium pyrophosphate deposition 390–391  
 rheumatoid arthritis related 389  
 vertebral metastases and 380–381
- cord infarction *see* spinal cord
- core infarction 4
- corneal laceration 217
- craniopharyngioma 169–170  
 differential diagnosis 170  
 imaging 170  
 treatment 170
- crescent sign 10
- Creutzfeldt–Jakob disease 116–117  
 clinical presentation 117  
 differential diagnosis 117  
 imaging 117
- crowned dens syndrome 390
- cryptococcosis 122–124  
 differential diagnosis 123  
 imaging 123, 124
- CSF leak 204  
 intracranial hypotension and 202–204  
 spinal trauma and 329
- cytomegalovirus (CMV) 96, 127–128  
 clinical manifestations 96, 128  
 differential diagnosis 96, 128  
 imaging 96, 98–101, 128
- delayed cerebral ischemia (DCI), after subarachnoid hemorrhage 47–49  
 imaging 48  
 treatment 49
- delayed post-hypoxic leukoencephalopathy 181–182  
 differential diagnosis 182  
 imaging 182  
 treatment 182
- dental infection 239  
*see also* odontogenic abscess
- dermoid 160, 166  
 ruptured 165–166  
 differential diagnosis 166  
 imaging 166
- diffuse axonal injury 71–72  
 imaging 72
- disc herniation 344  
 imaging 382, 383  
 treatment 383
- dissecting aneurysm 45
- distal basilar thrombosis 6–7  
 differential diagnosis 7  
 imaging 7
- dural sinus thrombosis 33–36  
 imaging 36  
 lobar hemorrhage 36
- dural tail sign 375
- dysembryoplastic neuroepithelial tumor 150–151  
 differential diagnosis 151  
 imaging 151
- Eagle syndrome 230  
 clinical presentation 230  
 imaging 230  
 treatment 230
- edema 13  
 brachial plexus injury 351  
 central cord syndrome 343  
 cryptococcosis 123  
 cytomegalovirus infection 96, 128  
 cytotoxic 110, 123  
 hangman fracture 337  
 hemangioblastoma 370  
 hyperextension injury 341  
 hyperflexion injury 340  
 Langerhans cell histiocytosis 318  
 maple syrup urine disease 197  
 mastoiditis 259  
 mediastinitis 246  
 orbital cellulitis 248  
 palatine tonsil 236  
 periglottic 232  
 spinal cord metastases 376  
 spinal ependymoma 367  
 supraglottitis 243  
 thoracolumbar fracture 346  
 toxoplasmosis 121  
 vasogenic 110, 113, 207
- emphysema, laryngeal injury 232
- empty delta sign 33
- empty vertebral body sign 347
- empyema 91  
 subdural 256
- encephalitis  
 clinical presentations 105  
 definition 105  
 differential diagnosis 103, 105, 179  
 etiology 105  
 herpes 102–103  
 imaging 103  
 nonherpetic viral 104–106  
 imaging 105  
 treatment 106
- encephalopathy *see* acute hepatic encephalopathy;  
 posterior reversible encephalopathy syndrome; Wernicke's encephalopathy
- endolymphatic sac tumor 298–299  
 differential diagnosis 298  
 imaging 298, 299  
 treatment 299
- eosinophilic granuloma 392–393  
 clinical presentation 392  
 differential diagnosis 392  
 imaging 392  
 treatment 393
- ependymal tumor types 367
- ependymoma 146, 147  
 anaplastic 367  
 clinical presentation 147  
 imaging 146, 147, 367, 368  
 myxopapillary 367, 368  
 differential diagnosis 368  
 spinal cord 366–367
- epidermoid 158–160  
 differential diagnosis 160  
 imaging 160
- epidural abscess *see* abscess
- epidural hematoma 66–67  
 arterial 67  
 imaging 67  
 venous 67
- epiglottitis 243  
*see also* supraglottitis
- esophageal cancer 307
- estheseuroblastoma 282–283  
 differential diagnosis 282  
 imaging 282, 283  
 recurrence 283
- ethmoid bone fracture 219  
*see also* naso-orbital-ethmoidal fractures
- Ewing's sarcoma 392
- facial buttress concept 224
- facial nerve 300  
 palsy *see* Bell's palsy
- fibromuscular dysplasia 9
- frontal calvarial fracture 67
- frontal sinus disruption, naso-orbital-ethmoidal fractures 220
- frontoethmoidal meningoencephalocele *see* meningoencephalocele
- gelatinous pseudocysts 123, 124
- germinal matrix hemorrhage 15
- giant aneurysm 45
- glioblastoma multiforme 129–131  
 differential diagnosis 131  
 imaging 131
- glioma, brainstem 141–143  
 clinical presentations 143  
 differential diagnosis 143  
 imaging 143  
 subtypes 143  
 treatment 143
- gliomatosis cerebri 132–133  
 differential diagnosis 133  
 imaging 133
- globe injury 216–217  
 imaging 216  
 lens dislocation 216  
 rupture 216
- glomus jugulotympanicum 292–293  
 differential diagnosis 293  
 imaging 293
- granuloma *see* eosinophilic granuloma; petrous apex cholesterol granuloma
- Guillain–Barré syndrome 358–359  
 differential diagnosis 358  
 imaging 358, 359  
 treatment 359
- hamartoma of tuber cinereum 156–157  
 imaging 157
- hangman fracture 336–337  
 differential diagnosis 337  
 Effendi classification 337  
 imaging 337  
 treatment 337
- hemangioblastoma, spinal 370–371  
 differential diagnosis 371  
 imaging 370, 371  
 treatment 371
- hematoma  
 carotid dissection 9, 10, 19  
 epidural 66–67  
 differential diagnosis 386  
 imaging 386  
 spinal 386–387  
 intraparenchymal 38, 44  
 subdural 164, 204  
 thoracolumbar fracture and 346

## Index

- hepatic encephalopathy 178  
 chronic 178, 179–180  
*see also* acute hepatic encephalopathy
- heroin-induced leukoencephalopathy 182
- herpes simplex virus 103  
*see also* encephalitis
- HIV-positive patients 95–97, 126  
 cytomegalovirus infection 96, 127–128  
 myelopathy 354–355  
   differential diagnosis 355  
   imaging 355  
 progressive multifocal leukoencephalopathy 93, 125–126
- hydrocephalus 58, 69  
 bacterial meningitis 91  
 brainstem glioma 143  
 choroid plexus papilloma 168  
 craniopharyngioma 170  
 cryptococcosis 123, 124  
 neurocysticercosis 115  
 neurocytoma 149  
 pediatric posterior fossa tumors 146  
 tuberculosis 96, 126
- hydroxyapatite deposition 391
- hyperextension injury, cervical spine 341–342  
 imaging 341  
 treatment 342
- hyperflexion injury, cervical spine 338–340  
 imaging 340  
 treatment 340
- hyperperfusion syndrome 19
- hypertension, idiopathic intracranial 200–201  
 imaging 201  
 treatment 201
- hypotension, intracranial, due to CSF leak 202–204  
 differential diagnosis 204  
 imaging 204
- hypoxic–ischemic injury  
 adult 11–13  
   differential diagnosis 13  
   imaging 13  
 neonatal 14–16  
   differential diagnosis 15  
   imaging 15  
   partial injuries 15  
   profound injuries 15
- incudomalleolar dislocation 228, 229
- incudostapedial dislocation 229
- infarction  
 artery of Percheron 25–26  
 core 4, 5  
 spinal cord 322–323
- internal carotid artery thrombosis 4
- internal cerebral vein thrombosis 21
- intracranial pressure (ICP) 201  
 increased 201  
   cerebral herniation and 68–70  
   epidural hematoma and 67  
   idiopathic intracranial hypertension 200–201
- intraparenchymal hemorrhage  
 cerebral amyloid angiopathy 38  
 cerebral aneurysm 44  
 cerebral arteriovenous malformation 51  
 diffuse axonal injury 72  
 dural arteriovenous fistula 54  
 reperfusion hemorrhage 19  
 thrombotic microangiopathy 21
- intraventricular hemorrhage  
 moyamoya disease 58  
 neonate 15
- inverted hamburger sign 340
- JC polyomavirus 96, 126
- Jefferson fracture 332–333  
 differential diagnosis 333  
 imaging 332, 333  
 transverse ligament injury 332, 333  
 treatment 333
- jugular vein thrombosis 236
- juvenile nasopharyngeal angiofibroma 315–316  
 differential diagnosis 315  
 imaging 315, 316  
 treatment 316
- labyrinthitis 296–297  
 differential diagnosis 296  
 imaging 296  
 stages 297
- Langerhans cell histiocytosis 317–318  
 classification 318  
 clinical presentation 318  
 differential diagnosis 318  
 imaging 318  
 treatment 318
- laryngeal cancer 302–303  
 differential diagnosis 302  
 imaging 302, 303  
 treatment 303
- laryngeal injury 232–233  
 clinical presentation 232  
 imaging 232  
 treatment 232
- Le Fort fractures 223–225  
 clinical presentation 225  
 imaging 224  
 treatment 225  
 type I 224  
 type II 224  
 type III 224, 225
- Leigh syndrome 193–195  
 clinical presentation 194  
 differential diagnosis 194  
 imaging 194  
 treatment 237
- Lemierre's syndrome 236–237  
 imaging 236  
 treatment 237
- lens dislocation 216
- lenticulostriate collaterals 58
- leptomeningeal metastases *see* metastases
- leukoencephalopathy *see* delayed post-hypoxic leukoencephalopathy; progressive multifocal leukoencephalopathy (PML)
- ligamentous injury, spinal  
 interspinous ligament injury 346  
 ligamentum flavum injury 340, 346  
 transverse ligament injury 332, 333
- limbic encephalitis 198–199  
 differential diagnosis 199  
 imaging 199  
 treatment 199
- lobar hemorrhage  
 cerebral amyloid angiopathy related 37–38  
 differential diagnosis 36  
 dural sinus thrombosis and 33–36
- Ludwig's angina 240–241  
 clinical presentation 241  
 differential diagnosis 240  
 imaging 240  
 treatment 241
- lupus cerebritis 85–86  
 differential diagnosis 86  
 imaging 86
- Lyme neuroborreliosis 107–108  
 differential diagnosis 108  
 imaging 108
- lymphatic malformations 321
- lymphoma 121  
 cavernous sinus 276–278  
   clinical manifestations 277  
   differential diagnosis 277  
   treatment 278  
 differential diagnosis 140  
 imaging 140, 271, 277  
 orbital 270–271  
   differential diagnosis 271  
 primary CNS lymphoma 137–140
- macrocystic lymphatic malformation 321
- mandibular fracture 226–227  
 clinical presentation 227  
 coronoid process 227  
 imaging 7, 59, 227  
 parasympheal 227
- subcondylar 227  
 treatment 227
- maple-syrup urine disease 196–197  
 clinical presentation 197  
 imaging 197  
 treatment 197
- mastoiditis 258–259  
 complications 259  
 differential diagnosis 259  
 imaging 259
- maxillary sinus  
 inverted papilloma 284–285  
 squamous cell carcinoma 281  
   differential diagnosis 281  
   imaging 281  
 wall fracture 222
- mediastinitis 246
- medulloblastoma 146  
 clinical presentation 146  
 imaging 146
- meningioma 207  
 differential diagnosis 374  
 foramen magnum 374–375  
 imaging 374, 375
- meningitis  
 bacterial 89–91  
   complications 91  
   differential diagnosis 90  
   imaging 90, 91  
 basilar 80, 96, 128  
 meningoencephalitis 124  
 meningoencephalocele, frontoethmoidal 286–287  
 clinical presentation 287  
 differential diagnosis 286  
 imaging 286
- mesial temporal sclerosis 209  
 differential diagnosis 209  
 imaging 209  
 treatment 209
- metastases  
 intracranial 153, 171–173  
   differential diagnosis 172  
   imaging 172, 173  
   treatment 173  
 nodal 304–305  
   differential diagnosis 304  
   imaging 304  
 spinal cord 376–377  
   differential diagnosis 377  
   imaging 376, 377  
   treatment 377  
 spinal leptomeningeal 378–379  
   differential diagnosis 378  
   imaging 378, 379  
 vertebral, with cord compression 380–381  
   differential diagnosis 381  
   imaging 381  
   treatment 381
- metronidazole 186  
 toxicity 185–186  
 differential diagnosis 186  
 imaging 186

- middle cerebral artery (MCA)

 differential diagnosis 135  
 imaging 135, 136  
 treatment 136
- ophthalmic artery aneurysm  
 262–263  
 imaging 262, 263, 267
- ophthalmic vein thrombosis 256
- optic neuritis 260–261  
 differential diagnosis 261  
 imaging 261  
 treatment 261
- orbital blow-out fracture  
 214–215  
 clinical presentation 215  
 imaging 214  
 treatment 215  
 types 214
- orbital cavernous hemangioma  
 266–267
- orbital cellulitis 248–249  
 clinical presentation 248  
 differential diagnosis 248  
 imaging 248  
 treatment 249
- orbital injury 216–217  
 imaging 216  
 lens dislocation 216  
 rupture 216
- orbital lymphoma *see* lymphoma
- orbital pseudotumor 268–269  
 classification 269  
 differential diagnosis 268  
 imaging 268, 269
- orbital varix 264–265  
 imaging 265  
 treatment 265
- orbital wall fracture 214
- osmotic demyelination  
 syndrome 184
- osteomyelitis *see* skull base  
 osteomyelitis
- papilloma  
 choroid plexus 167–168  
 imaging 167, 168
- inverted 284–285  
 clinical presentation 285  
 differential diagnosis 285  
 imaging 285
- paraganglioma, spinal 372–373  
 differential diagnosis 373  
 imaging 372, 373
- paraneoplastic neurological  
 syndrome 199
- pediatric posterior fossa tumors  
 144–147  
 differential diagnosis 146  
 imaging 146
- penumbra 4  
 imaging 5
- peri-ictal signal changes  
 206–207  
 differential diagnosis 207  
 imaging 207
- perimedullary arteriovenous  
 fistula *see* arteriovenous  
 fistula
- peritonsillar abscess 234, 235,  
 240
- perivascular space 155  
*see also* tumefactive  
 perivascular space
- perivascular space  
 persistent hyperplastic primary  
 vitreous 311–312  
 imaging 311, 312
- petrous apex cholesterol  
 granuloma 294–295  
 differential diagnosis 294  
 imaging 294, 295  
 treatment 295
- petrous apicitis 253–255  
 clinical presentation 254  
 differential diagnosis 254  
 imaging 254  
 treatment 255
- pituitary apoplexy 274–275  
 imaging 275
- pneumolabyrinth 228
- polyradiculitis 96, 128
- posterior cerebral artery (PCA)  
 aneurysm 44  
 multifocal stenosis 24  
 occlusion 21
- posterior inferior cerebellar  
 artery aneurysm 44
- posterior reversible  
 encephalopathy  
 syndrome 86, 174–176  
 differential diagnosis 176  
 imaging 176
- primary angiitis of the central  
 nervous system (PACNS)  
 27–29  
 CSF analysis 29  
 differential diagnosis 29  
 imaging 29  
 treatment 29
- progressive multifocal  
 leukoencephalopathy  
 (PML) 93, 125–126
- differential diagnosis 95–97,  
 126  
 imaging 93, 94, 96, 126  
 inflammatory PML 96, 126
- pseudoaneurysm, ICA 9, 63
- pseudocysts, gelatinous 123, 124
- pseudomeningocele 351
- pyogenic abscess 92–94  
 differential diagnosis 93,  
 125–126  
 imaging 93, 94, 126
- pyriform aperture stenosis  
 313–314  
 imaging 313
- raccoon eyes 153
- radiation necrosis 187–192  
 clinical scenarios 191  
 imaging 191, 192  
 treatment 192  
 types of brain radiation  
 changes 191
- recurrent laryngeal nerve 307
- reperfusion hemorrhage after  
 carotid stenting 17–19  
 differential diagnosis 19  
 imaging 19
- retinal detachment 217
- retropharyngeal abscess 246–247  
 differential diagnosis 246  
 imaging 246
- retropharyngeal calcific  
 tendinitis 244  
 acute 244
- reversible cerebral  
 vasoconstriction  
 syndrome (RCVS) 23–24  
 differential diagnosis 24  
 imaging 24
- rheumatoid arthritis, spinal  
 388–389
- cord compression 389  
 differential diagnosis 389  
 imaging 389  
 treatment 389
- saccular aneurysm 45  
*see also* cerebral aneurysm
- sarcoidosis 80  
*see also* neurosarcoidosis
- scolex *see* neurocysticercosis
- seizure-related signal changes  
 207
- sigmoid sinus thrombosis 32
- sinus pericranii 64  
 differential diagnosis 64  
 imaging 64
- sinusitis  
 ethmoid 93  
 fungal 250–252  
 allergic 279–280  
 classification 251  
 clinical presentation 251  
 differential diagnosis 251,  
 280

## Index

- sinusitis (*cont.*)  
 imaging 251, 280  
 treatment 252
- skull base osteomyelitis 256–257  
 clinical presentation 257  
 differential diagnosis 256  
 imaging 256, 257  
 treatment 257
- skull base tumor 309–310  
 clinical presentation 310  
 differential diagnosis 309  
 imaging 309, 310
- spinal cord  
 contusion 343  
 edema 343  
 hemorrhage 343  
 infarction 322–323  
 imaging 323  
 transection 346  
*see also* central cord syndrome;  
 compressive myelopathy
- spinal epidural abscess *see*  
 abscess
- spinal epidural hematoma *see*  
 hematoma
- spondylodiscitis 362–363  
 differential diagnosis 363  
 imaging 363
- stroke, anterior circulation 1–5  
 imaging 4, 5  
 treatment 5
- subacute necrotizing  
 encephalomyelopathy *see*  
 Leigh's syndrome
- subarachnoid hemorrhage  
 cerebral aneurysms 44  
 differential diagnosis 45  
 reversible cerebral  
 vasoconstriction  
 syndrome 24  
 vasospasm and delayed  
 cerebral ischemia 47–49  
 imaging 48  
 treatment 49
- subperiosteal abscess 248
- superior sagittal sinus  
 thrombosis 33,  
 36
- supraglottitis 242–243  
 clinical presentation 243  
 differential diagnosis 243  
 imaging 243  
 treatment 243
- systemic lupus erythematosus,  
 neuropsychiatric  
 symptoms 86
- Taenia solium* 113  
*see also* neurocysticercosis
- target sign 10, 96, 128
- tear-drop fracture 15, 63, 340
- temporal bone fracture 228–229  
 clinical presentation 229  
 complicating features 229  
 imaging 228  
 treatment 229  
 types 228
- thoracolumbar fractures  
 345–347  
 burst fracture 346  
 Chance fracture 346  
 imaging 346, 347  
 treatment 347
- thrombophlebitis 236
- thrombotic microangiopathy  
 20–22  
 differential diagnosis 21  
 imaging 21
- thrombus  
 distal basilar artery 6–7  
 dural sinus 33–36  
 internal carotid artery 4  
 internal cerebral vein 21  
 middle cerebral artery 4  
 sigmoid sinus 32  
 superior sagittal sinus 33, 36  
 transverse sinus 36  
*see also* arterial thrombosis;
- cerebral venous  
 thrombosis
- thyroid ophthalmopathy  
 272–273  
 differential diagnosis 272  
 imaging 272, 273  
 treatment 273
- tissue at ischemic risk 4  
 reperfusion injury 19
- tonsillar abscess 234, 235  
 Lemierre's syndrome 236
- tonsillar herniation 67, 146
- tonsillitis 234–235
- top of basilar syndrome 7, 26
- toxoplasmosis 120–121  
 differential diagnosis 121  
 imaging 121  
 treatment 121
- tPA thrombolysis, acute stroke  
 treatment 5
- transverse myelitis 356–357  
 differential diagnosis 356  
 imaging 356, 357  
 treatment 357
- transverse sinus thrombosis 36
- Treponema pallidum* 119  
*see also* neurosyphilis
- tuberculoma 96, 127–128
- tuberculosis 95–97, 126  
 differential diagnosis 96, 128  
 imaging 96, 126
- tumefactive multiple sclerosis *see*  
 multiple sclerosis
- tumefactive perivascular space  
 154–155  
 differential diagnosis 154  
 imaging 154, 155
- ultrasound imaging,  
 intraventricular  
 hemorrhage 15
- vagus nerve 307  
 injury 307
- vascular malformations  
 320–321  
 differential diagnosis 321  
 imaging 321
- vasculitis 24  
 neurosyphilis 118
- vasospasm, after subarachnoid  
 hemorrhage 47–49  
 imaging 48  
 treatment 49
- venous malformation 321
- ventriculomegaly 15, 96, 128
- vertebral metastases *see*  
 metastases
- Virchow–Robin space 155
- vitreous hemorrhage 217
- vocal cord paralysis 306–307  
 clinical presentation 307  
 differential diagnosis 307  
 imaging 307  
 treatment 307
- von Hippel–Lindau syndrome  
 370
- Wallerian degeneration 210–211  
 differential diagnosis 211  
 imaging 211
- Wernicke's encephalopathy 178,  
 179–180  
 clinical presentation 180  
 differential diagnosis 179  
 imaging 179, 180  
 treatment 180
- yeast 101  
*see also* fungal infection
- zygomaxillary complex  
 fractures 221–222  
 clinical presentation 222  
 complicating features 222  
 differential diagnosis 222  
 imaging 222  
 treatment 222
