	LGBTIQ Psychology and the Psychology of Intersex Variations	61
	Concluding Thoughts	62
	Part II Identities and Fluidity	65
4	Gender Diversity	67
	Chapter Overview	67
	Introduction: Gender Made, Gender Born	67
	Cisgender Lesbians and Gay Men and Gender Diversity	71
	Current State of Research	72
	Research Areas for the Future	75
	Non-Binary Genders	76
	Current State of Research	78
	Research Areas for the Future	80
	Gender Diversity in Cross-Cultural Contexts	81
	Current State of Research	83
	Research Areas for the Future	86
	Concluding Thoughts	87
5	Sexual and Gender Identities	90
	Chapter Overview	90
	Introduction: Coming to an Understanding of Identity	90
	Understandings of Sexuality and Gender	91
	Current State of Research	91
	Sexual Identity Development and Understandings of Sexuality	91
	Transgender People's Self-Understandings	97
	Research Areas for the Future	100
	Coming Out and Identity Management	101
	Current State of Research	102
	Research Areas for the Future	106
	Connecting with Others	106

	Contents	vii
Current State of Research	108	
Research Areas for the Future	111	
Concluding Thoughts	112	
Part III Families and Relationships	115	
6 Recognition and Resistance	117	
Chapter Overview	117	
Introduction: Recognition and Resistance in LGBTIQ		
Relationships and Families	117	
Marriage Equality	122	
Current State of Research	123	
Research Areas for the Future	126	
Families of Choice and Diverse Communities	127	
Current State of Research	128	
Research Areas for the Future	132	
Ongoing Resistance in Access to Services	132	
Current State of Research	133	
Research Areas for the Future	138	
Concluding Thoughts	138	
7 Children and Parenting	140	
Chapter Overview	140	
Introduction: Adulthood, Marginalisation, and Resistance	140	
Views of Parenting	142	
Current State of Research	144	
Heterosexual Children of LGB Parents	145	
Children of Transgender Parents	147	
Research Areas for the Future	149	
Views of Growing Up	150	
Current State of Research	151	
Lesbian, Gay, or Bisexual Children	152	
Children Born with Intersex Variations	154	
Transgender and Gender Diverse Children	156	
Research Areas for the Future	158	
Concluding Thoughts	160	
8 Assisted Reproductive Technologies	162	
Chapter Overview	162	
Introduction: Reproductive Rights, Reproductive Justice	162	

Lesbian, Bisexual, and Queer Women's Experiences with Assisted Reproductive Technologies	164
Current State of Research	165
Research Areas for the Future	171
Fertility Preservation for Transgender People	171
Current State of Research	173
Research Areas for the Future	175
Gay Men and Transnational Surrogacy Arrangements	176
Current State of Research	177
Research Areas for the Future	179
Outcomes for Children Born through Assisted Reproductive Technologies	181
Current State of Research	181
Research Areas for the Future	182
Concluding Thoughts	183
Part IV Health and Wellbeing	185
9 Prejudice, Discrimination, and Mental Health	187
Chapter Overview	187
Introduction: Understanding Prejudice	187
Attitudes towards LGBTIQ People or Issues	188
Current State of Research	190
Research Areas for the Future	191
Victimisation of LGBTIQ People	192
Current State of Research	195
Research Areas for the Future	197
Systematic Prejudice: Heterosexism, Heteronormativity, and Cisgenderism	198
Current State of Research	200
Research Areas for the Future	204
Minority Stress and Psychological Distress	205
Current State of Research	206
Research Areas for the Future	207
Concluding Thoughts	208
10 Sexual Health	210
Chapter Overview	210
Introduction: Understanding LGBTIQ Sexual Health	210
Sexual Intimacy	211
Current State of Research	211
Research Areas for the Future	219

	Contents	ix
Sexual Health	220	
Current State of Research	220	
Sexual Health in Gay and Bisexual Men (and other MSM)	220	
Sexual Health in Lesbian and Bisexual Women (and other WSW)	224	
Sexual Health in Transgender People	227	
Research Areas for the Future	229	
Concluding Thoughts	230	
11 Ageing and Chronic Illness	232	
Chapter Overview	232	
Introduction: (In)visibility and Successful Ageing	232	
Cohort Effects in LGBTIQ Populations	237	
Current State of Research	237	
Research Areas for the Future	241	
Chronic Illness	242	
Current State of Research	242	
Dementia	245	
Research Areas for the Future	247	
Dying and Bereavement	248	
Current State of Research	248	
Partner Bereavement	250	
Research Areas for the Future	252	
Concluding Thoughts	253	
12 Challenges and Opportunities to Health and Wellbeing	255	
Chapter Overview	255	
Introduction: Creating Meaning in the Face of Adversity	255	
Domestic Violence and Abuse	257	
Current State of Research	257	
Family Violence and Abuse	259	
Intimate Partner Violence and Abuse	261	
Violence and Abuse Perpetrated against Animals	266	
Research Areas for the Future	268	
Resilience in LGBTIQ People's Lives	269	
Current State of Research	269	
Relationships with Animal Companions	271	
Research Areas for the Future	275	
Concluding Thoughts	277	

13 Conclusion	279
Chapter Overview	279
Introduction: (Not) Reinventing the Wheel	279
Situating LGBTIQ Psychology	281
Sameness and Difference Debates	284
Intersectionality	285
Conclusion	287
Glossary	289
References	297
Index	358
