- affect, 10, 72, 82, 191–192, 212  
 distinction from sensory content, 42–45, 63  
 intensity of, 51, 60, 61, 212  
 affective states, 10, 42, 69, 95, 139, 212  
 affordances, 102, 184  
 agency, 117, 138, 171, 181–186  
 agreeableness, 163, 165  
 amusement, 123  
 anger, 70, 95, 103, 110, 123–124  
 anticipation, 62, 75–79, 110  
 anxiety. *See* fear  
 aphantasia, 145  
 appraisal. *See* emotion: cognitive theory  
 Aristotle, 2, 152, 171, 179  
 association, 38, 84–85, 93, 98–100, 145, 190–191, 212  
 attachment style, 167  
 attention, 10, 54–57, 142, 147, 178, 182, 185, 192, 212
- Bain, David, 48, 53, 56, 64  
 Barlassina, Luca, 5, 7, 64  
 belief, 11–12, 149–151, 182, 212  
 biofeedback, 184  
 bodily feelings  
 concepts of, 10, 105–108, 119–120  
 definition of, 104–108, 213  
 extended cognition of, 199–201  
 function of, 108–111  
 intentional content of, 96, 98–104  
 as moods, 94–97  
 non-necessity of, 10, 90–94  
 reflective consciousness of, 3, 8, 97, 114  
 regulation of, 97  
 body homunculus, 102  
 Brady, Michael, 7, 49, 141–142  
 brain structure, 196–198  
 bravery, 160, 171–173  
 bystander effect, 160
- Carver, Charles and Scheier, Michael, 78–79  
 character  
 definition of, 159, 168–171, 179, 212  
 development of, 170, 176–180  
 distinction from personality, 11, 159, 161, 168–169  
 strength of, 169–171, 179  
 Clark, Andy, 82, 198  
 cognitive styles, 140–141, 162  
 collective cognition, 11, 129–131  
 collective effervescence, 134–136  
 collective emotion, 130–131  
 Colombetti, Giovanna, 86, 95, 120, 127, 132, 147, 186, 201  
 complexity, 35, 41, 188–189, 195, 202  
 concepts, 73, 105–106, 119, 212  
 concerns, 32, 83, 156, 171, 187, 212  
 confidence, 111, 213  
 confirmation bias, 95, 142, 148  
 connectionism, 161, 182–183, 191  
 conscientiousness, 163, 166  
 conscious thought  
 as concern regulating, 139  
 in emotion. *See* emotion: cognitive responses  
 as motivated, 151–152  
 consciousness, 186  
 of affect, 46  
 of emotion, 113–114, 118, 153  
 of self, 111, 114, 179  
 of situations, 92, 96  
 unreflective consciousness, 90, 97  
 control theory. *See* valent representation  
 coping potential, 108–111, 122, 193, 205, 213  
 core affect, 108  
 cross-modal processing, 119, 200  
 curiosity, 151
- Damasio, Antonio, 2, 92, 146–147  
 de se thought, 145

- de Sousa, Ronald, 6, 70, 147–148, 174  
 Deonna, Julien and Teroni, Fabrice, 5, 8, 70–72,  
 99–100, 171  
 depression, 96, 106  
 descriptive vs. directive content, 18–20, 22–23,  
 36–38, 40, 47  
 desire, 18, 22, 60, 68–69, 87, 213  
 disgust, 77–78, 123  
 dominance, 123–124, 128
