<i>List of Contributors</i>	<i>page viii</i>
1 An Introduction to Time and Causality	1
<i>Samantha Kleinberg</i>	
1.1 Why Time and Causality?	1
1.2 Interdisciplinary Perspectives on Time and Causality	5
1.3 What's Next?	11
2 Causality and Time: An Introductory Typology	14
<i>Bert Leuridan and Thomas Lodewyckx</i>	
2.1 Introduction	14
2.2 Time-First Accounts of Causation	15
2.3 A Causality-First Account of Time: Hans Reichenbach's Probabilistic Causality and the Direction of Time	17
2.4 Time-Independent Accounts of Causality	20
2.5 Two Further Issues: Instantaneous and Backward Causation	31
2.6 Cards on the Table	36
3 The Direction of Causation	37
<i>Phil Dowe</i>	
4 On the Causal Nature of Time	49
<i>Victor Gijssbers</i>	
4.1 Introduction: Time and Causation	49
4.2 Causal Theory of Time	52
4.3 A Kantian Approach	63
4.4 Conclusion	70

5	Causation in a Physical World: An Overview of Our Emerging Understanding	72
	<i>Jenann Ismael</i>	
5.1	Introduction	72
5.2	The Back History	73
5.3	The Formalism	75
5.4	Surface Structure and Underlying Processes	77
5.5	Temporal Asymmetry	78
5.6	Causal Concepts, Causal Learning, Causal Experience	82
5.7	Assessment	83
5.8	Conclusion	85
6	Intervening in Time	86
	<i>Neil R. Bramley, Tobias Gerstenberg, Ralf Mayrhofer, and David A. Lagnado</i>	
6.1	Introduction	86
6.2	The Causal Bayesian Network Account of Learning from Interventions	87
6.3	Incorporating Time: Event Data	96
6.4	Incorporating Time: Continuous Variables	105
6.5	General Discussion	112
6.6	Conclusions	115
7	Time–Event Relationships as Representations for Constructing Cell Mechanisms	116
	<i>Yin Chung Au</i>	
7.1	Introduction: Time–Event Relationships	116
7.2	Causality and Pathway in Cell Biology	118
7.3	Time–Event Relationships are Representations	123
7.4	Cell Biology Cases	125
7.5	Conclusion	136
8	Causation, Time Asymmetry, and Causal Mechanisms in the Social Sciences	138
	<i>Inge de Bal and Erik Weber</i>	
8.1	Introduction	138
8.2	Aspects of Causal Inference in the Biomedical and Social Sciences	140
8.3	Time-Asymmetry and the Problem of Confounders	142
8.4	Why (CD)-Type Situations are Common in the Social Sciences	145
8.5	Social Mechanisms and Mechanistic Evidence	149

Contents		vii
8.6	Mechanistic Evidence in (CD)-Type Situations	152
8.7	Conclusions	156
9	Temporalization in Causal Modeling	158
	<i>Jonathan Livengood and Karen R. Zwier</i>	
9.1	Temporal Ordering	159
9.2	Temporalization	163
9.3	Responsible Modeling	166
9.4	Concluding Remarks	184
10	Reintroducing Dynamics into Static Causal Models	187
	<i>Naftali Weinberger</i>	
10.1	Graphical Causal Models	188
10.2	Temporal Relations in Seemingly Atemporal Causal Models	194
10.3	Reintroducing Dynamics into Causal Ordering	197
10.4	Dynamic Causal Models and Econometric Time-Series Methods	206
10.5	Conclusion	211
11	Overcoming the Poverty of Mechanism in Causal Models	212
	<i>David Jensen</i>	
11.1	An Example	213
11.2	Key Ideas	213
11.3	Quantitative Methods for Causal Inference	215
11.4	Causal Mechanism	221
11.5	The Gap	226
11.6	New Directions	231
11.7	Conclusions	235
	<i>References</i>	236
	<i>Index</i>	256
