1 Introduction 1
1.1 Purpose of the book 1
1.2 Some methodological issues 2
1.3 Equilibrium and causality 8
1.4 Outline of the book 10

2 Alternative models of growth and distribution 11
2.0 Introduction 11
2.1 The general framework 11
2.2 Alternative closures 15
2.3 The short-run and long-run dynamics 27
2.4 Conclusion 37

3 Alternative models and alternative approaches 38
3.0 Introduction 38
3.1 The neoclassical approach 39
3.2 The neo-Marxian approach 46
3.3 The neo-Keynesian approach 53
3.4 The Kalecki-Steindl approach 57
3.5 Conclusion 67

4 Money and inflation 68
4.0 Introduction 68
4.1 Neoclassical models 68
4.2 Neo-Marxian models 70
4.3 Neo-Keynesian models 74
4.4 Kalecki-Steindl models 80
4.5 Conclusion 86

5 Technological change 87
5.0 Introduction 87
5.1 Technological change in neoclassical models 88
5.2 Technological change in neo-Marxian models 92
5.3 Technological change in neo-Keynesian models 98
5.4 Technological change in Kalecki-Steindl models 105
5.5 Conclusion 107

6 Two-sector models 108
6.0 Introduction 108
6.1 Models of long-run equilibrium 109
6.2 Dynamics out of long-run equilibrium 121
6.3 Conclusion 133

7 Some doctrinal issues concerning two-sector models 134
7.0 Introduction 134
7.1 The Sraffa system and the neoclassical model 134
7.2 The classical dichotomy: the theory of prices with given output and distribution 138
7.3 Competition, monopoly power, and the uniform rate of profit 146
7.4 Conclusion 155

8 Alternative models of North–South trade 156
8.0 Introduction 156
8.1 The general framework 159
8.2 Alternative closures 161
8.3 Comments on uneven development 173
8.4 Capital mobility in North–South models 177
8.5 Conclusion 181

9 Endogenous preferences and uneven development 182
9.0 Introduction 182
9.1 The basic model 183
9.2 Changes in demand composition 188
9.3 Shifts in demand composition and uneven development 191
9.4 Conclusion 195

10 Technological change and uneven development 197
10.0 Introduction 197
10.1 Technological change, the terms of trade, and real wages 197
10.2 Generalized learning processes and uneven development 200
